LETTER OF COMMENDATION

TO: BAILIFF AGUSTIN MEDINA

FROM: CHIEF BAILIFF MICHAEL SEXTON

DATE: APRIL 23, 2015

Re: Incident on April 10, 2015

In the afternoon of April 10, 2015, at approximately 1345 hours, a male suspect entered the Mills B. Lane Justice Center holding a six inch knife to an apparent victim's throat. The victim stated several times in a loud voice that the suspect needed help.

Upon hearing radio communication from Court Security regarding the need for immediate armed assistance, you responded expeditiously and solely confronted the suspect. Your exemplary response contained the situation until back-up arrived.

After reviewing security tapes and conducting a complete investigation, including high-level meetings, it was determined that your quick response, professional demeanor and proper handling of the situation controlled the life threatening event and the incident ended with the suspect being taken into custody without injury to him, the hostage, public or other responding law enforcement officers.

It is important for you to know that your excellent work has not gone unnoticed. The judges, administration and employees of this Court want to thank you for your handling of this situation and the physical protection you provide on a daily basis.
