## Inspection

A routine NNPH inspection notes a violation for a permitted facility and issues a Notice of Violation (NOV).

Within 10 days of receiving a NOV, a facility can request a formal hearing with NNPH's Environmental Health Services (EHS) to appeal a NOV.

Did the informal meeting resolve the NOV.

Yes

The NOV is resolved.  
The appeal is complete.

## Complaint

A complaint submitted by a person or business about another person or business violating sections of the code. If a complaint is validated, the NNPH will issue a Notice of Violation (NOV).

A formal hearing allows a facility to provide their point of view and input. EHS and the facility will discuss specific items and general topics to establish common ground, additional information and education.

No

Within 10 days of the hearing, the facility can appeal to the District Board of Health (DBOH) by filing a petition or written appeal to the NNPH.

The appeal will be presented to the DBOH at the next meeting.  
The facility will receive notice of the meeting date and time.  
The NNPH will provide a status report of the appeal to the DBOH.

The DBOH will consider the appeal and issue a final decision.  
The appeal is complete.
