Summary - An ordinance creating Washoe County, Nevada, Special Assessment District No. 17 (North Hills Boulevard), ratifying action taken by County officers toward the creation of such District and providing other matters related thereto.

**BILL NO. 987**  
**ORDINANCE NO. 812**  
**(of Washoe County, Nevada)**

**AN ORDINANCE CREATING WASHOE COUNTY, NEVADA, SPECIAL ASSESSMENT DISTRICT NO. 17 (NORTH HILLS BOULEVARD); ORDERING A STREET AND SANITARY SEWER PROJECT WITHIN WASHOE COUNTY, NEVADA; PROVIDING FOR THE LEVY AND COLLECTION OF SPECIAL ASSESSMENTS THEREFOR; RATIFYING, APPROVING AND CONFIRMING ALL ACTION PREVIOUSLY TAKEN DIRECTED TOWARD THE ACQUISITION AND CONSTRUCTION OF STREET AND SANITARY SEWER IMPROVEMENTS IN SPECIAL ASSESSMENT DISTRICT NO. 17 (NORTH HILLS BOULEVARD); AND PRESCRIBING DETAILS IN CONNECTION THEREWITH AND OTHER MATTERS RELATING THERETO.**

**WHEREAS**, the Board of County Commissioners of the County of Washoe in the State of Nevada (the "Board," "County" and "State", respectively), deems it necessary to create Washoe County, Nevada, Special Assessment District No. 17 (North Hills Boulevard) (the "District"), for the purpose of acquiring and constructing a street and sanitary project (the "Project" or "Street and Sanitary Sewer Project"), and to defray the entire cost and

expense of such improvements by special assessments, according to benefits, against the benefited lots and premises in said District; and

**WHEREAS**, by a resolution passed and approved November 23, 1990 (the "provisional order resolution"), the Board declared its determination to create the District for the purpose of acquiring and constructing the Project, stating therein the improvements, that the entire expense thereof shall be paid by special assessment, and that the assessment is to be made according to benefits, by apt description designating the District, including the lands to be so assessed and definitely locating the improvements to be made; and

**WHEREAS**, pursuant to the provisional order resolution, the Board gave notice (in the manner specified by NRS 271.305) of the filing of the preliminary plans, assessment plat, typical section of the contemplated improvements, preliminary estimate of cost, and estimate of maximum benefits, and of the time and place of hearing thereon; and

**WHEREAS**, the manner of giving such notice by mail, publication and posting was reasonably calculated to inform the parties of the proceedings concerning the District which might directly and adversely affect their legally protected interests; and

**WHEREAS**, all owners of property to be assessed and interested persons so desiring were permitted to file a written protest or objection or to appear before said Board on Tuesday, December 18, 1990, and be heard as to the propriety and advisability of acquiring the Project provisionally ordered, as to the cost thereof, and manner of payment therefor, and as to the amount thereof to be assessed against said property; and

**WHEREAS**, all written and oral objections and protests received were duly considered, and the Board has determined that it is in the best interests of said District, the County, and the inhabitants thereof to create the District as theretofore proposed; and

**WHEREAS**, the owners of lots, tracts or parcels of land in said District representing less than half of the area to be assessed of all lots, tracts or parcels of land in said District filed written or oral objections thereto; and

**WHEREAS**, every written protest and other objection was found to be without sufficient merit and was overruled by said Board by a resolution passed and approved on December 18, 1990; and

**WHEREAS**, any person filing a written complaint, protest or objection shall have the right, within 30 days after the Board has finally passed on such complaint, protest or objection to commence an action or suit in any court of competent jurisdiction to correct or set aside such determination; and

**WHEREAS**, the Board and officers of said County have done all things necessary and preliminary to the creation of the District, including but not necessarily limited to the filing with the County Clerk on December 18, 1990 of an estimate of cost, full and detailed and revised (to the extent necessary) and final plans and specifications, revised (to the extent necessary) assessment plat, and revised (to the extent necessary) and final map by the County Engineer (herein "Engineer") and the said Board desires now to authorize such Project by this Ordinance.

**NOW, THEREFORE, THE BOARD OF COUNTY COMMISSIONERS OF THE COUNTY OF WASHOE, DO ORDAIN:**

Section 1. This Ordinance shall be known as, and may be cited by, the short title "Special Assessment District No. 17 (North Hills Boulevard) Creation Ordinance" (herein the "Ordinance").

Section 2. The Board has heretofore determined and does hereby determine that each and every protest and objection made in connection with the District is without sufficient merit and the same be, and the same heretofore has been by a resolution adopted and approved on December 18, 1990, overruled, and finally passed on by said Board.

Section 3. There shall be, and hereby is, created in the County an improvement district designated the "Washoe County, Nevada, Special Assessment District No. 17 (North Hills Boulevard)" (the "District") for the purpose of acquiring the Project as more particularly described below.

Section 4. The Project, which is hereby ordered to be constructed and acquired, shall be as shown on the final plans and specifications for the District filed with the County Clerk on December 18, 1990. The kind and location of the Project (without mentioning minor details) is as follows:

The Project is for the acquisition, construction and improvement of a street and certain sanitary sewer improvements in the below described location and all appurtenances and incidentals necessary, useful or desirable, including real and other property therefor.

The improvements will consist of the acquisition, construction and improvement of Buck Drive and North Hills Boulevard within Washoe County and the City of Reno, including all the appurtenances and incidentals necessary, useful, or desirable, including real and other property therefore, to wit:

Unit 1 Improvements:

Street and storm drainage improvements for Buck Drive and North Hills Boulevard within a new 50' right-of-way (and 6' wide roadway easements on each side for an ultimate 62' wide establishment width) in Washoe County beginning at the present terminus of Buck Drive northeast of Warehouse Market. Buck Drive will be improved for approximately 412'± eastward, at which point North Hills Boulevard begins and continues southward 2653'± to the Reno city limits (36 foot roadway including 3" asphaltic concrete paving on base; asphalt curbs; miscellaneous drainage improvements, including one 24" and one 36" pipe culvert crossing, and one 6' x 6' box culvert crossing with headwalls and wingwalls together with drainage easements required to accommodate the structures as designed).

Unit 2 Improvements:

Street, sewer and storm drain improvements for North Hills Boulevard within the existing 62' wide City of Reno right-of-way beginning at the Reno city limits at the end of the above described improvements in the unincorporated portion of Washoe

County and continuing southward 1046'± to match existing North Hills Boulevard southwest of Raley's Market (51' roadway width at back at curbs including 47' of 4" asphaltic concrete paving and 2' concrete curb and gutters on each side on base; a 5' temporary asphaltic concrete sidewalk on one side; 926'± LF of 8" sanitary sewer with manholes in the street right-of-way beginning at the southern limits of the District, eight stubs to the property lines, and 34'± LF of 8" sanitary sewer off-site outfall into modified existing sewer manhole; 8" sleeves at three locations across the pavement for future utility crossings; two catch basins, storm drain laterals and rip-rap to carry roadway drainage into an existing channel within an established storm drain easement).

Except as shown in the plans, the character of the street, sewer and storm drain improvements shall be as follows:

- A. Grading and paving of Buck Drive and North Hills Boulevard, including incidental drainage ditches, concrete curb and gutter, asphalt curbs, signing, striping and surveying improvements; such pavement to be in the above designated widths and to consist of asphaltic concrete plantmix in the thickness designated above; such signing, striping and survey monumentation to be in accordance with the Standard Details for Public Works Construction; and all such grading, paving and incidental drainage, signing, striping and surveying improvements to include all necessary excavation, filling, grading and appurtenances incidental thereto.
- B. The acquisition and installation of sanitary sewer line and manholes in the locations and with the diameters specified above, such lines to consist of polyvinyl chloride pipe and

the acquisition and installation of eight 6" stubs from the main to the lot lines in Unit 2 of the district, such service taps to be polyvinyl chloride or other material as listed in the bid of the lowest responsible bidder for construction, and all such sewer improvements to include all necessary excavation, filling, and grading and appurtenances incidental thereto.

- C. The acquisition and installation of storm drainage improvements in the locations and with the sizes specified above, such pipes, box culverts and catch basins to be reinforced concrete, and the acquisition and installation of the storm drain laterals from the catch basins to its outfall in the drainage channel at the locations shown on the plans, such storm drain laterals to be corrugated metal pipe or reinforced concrete pipe, whichever is listed in the bid of the lowest responsible bidder for construction, and all of such necessary drainage improvements to include excavation, filling, grading and appurtenances incidental thereto.

Section 5. The total cost of the Project is estimated to be \$696,069. All of such costs will be paid by the levy of special assessments against property in the District as further described below.

Section 6. The amount to be assessed for the Project will be levied upon all tracts in each Unit, i.e., upon each piece, lot, tract or parcel in the District, in proportion to the special benefits derived on a front foot basis (i.e., costs of improvements in each Unit shall be apportioned to each such parcel in that Unit in the proportion that the frontage of property in such Unit along the street being constructed bears to the total frontage of all assessed parcels in that Unit), provided that an equitable adjustment will be made for assessments levied against any tract or parcel of land not specially benefited so that the

assessments according to the benefits are equal and uniform. The portion of the costs to be assessed against, and the maximum amount of benefits estimated to be conferred upon, each piece or parcel of property in the District is stated in the assessment plat and preliminary assessment roll.

Section 7. The extent of the District, i.e., a description of the land comprising the District including the parcels to be assessed is: all of the property in Assessment Units 1 and 2 in the District including the property on which the improvements are located. The boundary of these two Units are as follows:

Unit 1: All that certain tract, piece or parcel of land situate, lying and being in Sections 9 and 10, Township 20N., Range 19E., M.D.B.&M., and being more particularly described as follows, to wit:

All of the land comprising Assessor Parcel Numbers 88-020-12, 88-020-35, 88-020-37, 88-020-40, and 88-020-41, as contained in the official records of the Washoe County Assessors Office on the date hereof.

Unit 2: All that certain tract, piece or parcel of land situate, lying and being in Section 15, Township 20N., Range 19E., M.D.M., and being more particularly described as follows, to wit:

All of the land comprising Assessor Parcel Numbers 88-201-14 and 88-201-37 as contained in the official records of the Washoe County Assessors Office on the date hereof.

Section 8. The District shall have one construction contract.

Section 9. The Engineer is hereby authorized on behalf of the County to advertise for the doing of the work and making the improvements on behalf of the County once a week for three consecutive weeks by three weekly insertions in the Reno Gazette-Journal, a daily newspaper published in the City of Reno, in the County, and of general circulation in the County. The first insertion in such newspaper shall be at least 15 days prior to the time set for acceptance of bids, and at least 14 days shall intervene between the time of the first and last publications, in such newspaper. The notice shall be in substantially the form provided by the plans and specifications. The Board will authorize the construction contract for the District.

Section 10. After the award of the contract to the lowest bidder, the Board shall determine the total cost of such work, including incidentals, and assessments shall be levied in accordance with the laws of the State, and the Board shall provide that the assessments may be payable without interest or demand during a specific cash payment period, or at the election of the owner, or in twenty (20) substantially equal semi-annual installments of principal. The Board shall provide the time and terms of payment of such assessments and shall fix penalties to be collected upon delinquent payments. The Board shall also provide the rate of interest on unpaid installments of assessments which will not exceed the lesser of 14% per annum or the then effective statutory maximum interest rate. The currently effective statute provides that the interest rate on unpaid installments may not exceed by more than 1% the highest rate of interest on the assessment bonds for the District, if Bonds are issued. The effective interest rate on the assessment bonds of the District will not exceed the then effective statutory limit, if any, for interest on assessment bonds. Such limit currently states that the interest rate may not exceed by more than 3% the Index of Twenty Bonds which shall have been most recently published in The Bond Buyer before bids for the bonds are received, or before a negotiated offer for the sale of such bonds is accepted. If bonds are not issued the Board shall establish, by resolution, the rate of interest on unpaid installments of assessments not exceeding 14% per annum.

Section 11. All action, proceedings, matters and things heretofore taken, had and done by the County, and the officers thereof (not inconsistent with the provisions of this

Ordinance), concerning the District, including, but not limited to, the performing of all prerequisites to the creation of said District, the acquisition of the street and sanitary sewer improvements, the advertising and award of a construction contract therefor, and the levy of assessments against the specific benefited property therein for that purpose be, and the same hereby are, ratified, approved and confirmed.

Section 12. The officers of the County be, and they hereby are, authorized and directed to take all action necessary or appropriate to effectuate the provisions of this Ordinance, including without limiting the generality of the foregoing, the preparation of all necessary documents, legal proceedings, construction contracts and other items necessary or desirable for the completion of the levying of the assessments for the District and the issuance of the bonds therefor.

Section 13. All ordinances or resolutions, or parts thereof, in conflict with the provisions of this Ordinance, are hereby repealed to the extent only of such inconsistency. This repealer shall not be construed to revive any ordinance or resolution, or part thereof, heretofore repealed.

Section 14. In accordance with NRS 244.100, this Ordinance when first proposed is to be read by title to the Board, immediately after which several copies of the proposed Ordinance are to be filed with the office of the County Clerk for public examination; thereafter, the County Clerk is authorized and directed to give notice of the filing together with the title of the Ordinance and an adequate summary of the Ordinance, and the date upon which a public hearing will be held on such ordinance by publication at least once in the Reno Gazette-Journal, i.e., a newspaper published and having general circulation in the County, at least ten (10) working days before the date set for such hearing, i.e., at least ten (10) working days before the 8th day of January, 1991, such publication to be in substantially in the following form:
