Administrative Permit Definition

The purpose of an Administrative Permit is to provide a method of review for a proposed use which possess characteristics that requires a thorough appraisal in order to determine if the use has the potential to adversely affect other land uses, transportation or facilities in the vicinity. The Board of Adjustment or the Hearing Examiner may require conditions of approval necessary to eliminate, mitigate, or minimize to an acceptable level any potentially adverse effects of a use, or to specify the terms under which commencement and operation of the use must comply. Prior to approving an application for an administrative permit, the Board of Adjustment must find that all of the required findings, if applicable, are true.

Outdoor entertainment events are regulated in Washoe County Code (WCC) Chapter 25, Business License Ordinance, and WCC Chapter 110, Development Code. These events require an administrative permit when total attendance on any one day of the event is between 100 and 999 people. Approval of the Administrative Permit also provides approval of the outdoor community event business license application. The actual business license will be issued by the Director of the Planning and Building Division only after all pre-event conditions have been satisfied and all required fees paid.

The Conditions of Approval for Administrative Permit Case Number WADMIN18-0007 are attached to this staff report and will be included with the Action Order, if the application is approved by the Board of Adjustment.

The subject property is designated as Public and Semi-Public Facilities (PSP). The proposed activity, an outdoor community event, is permitted in all regulatory zones subject to approval of an Administrative Permit in accordance with WCC Section 110.808.00 thru 110.808.65 and Section 110.310.20. Therefore, the applicant is seeking approval of this Administrative Permit from the Board of Adjustment.

Site Plan

Project Evaluation

Classical Tahoe is a series of outdoor concert events being held under a tent erected on the Sierra Nevada College property located in Incline Village. The tent is proposed to be set up in the area between the Primm Library and Patterson Hall. There are residential dwellings to both the east (Country Club Villas) and west (Tahoe Racquet Club) of the college property. The concert tent will be located approximately 500 feet from any of the residential structures. Washoe County has been licensing this event since 2012, and issuing Administrative Permits since 2016.

Concerts are proposed to be held on July 27, 28, 29, (Friday through Sunday) and 31 (Tuesday), August 3, 4, and 5, (Friday through Sunday) 2018.

The proposed outdoor concerts will be held between the hours of 5:00 p.m. and 8:30 p.m. on each event day. All proposed concerts will be unamplified classical music located within a portable tent erected on the College campus for the event. The only amplified sound will be that of the announcer. Primary participant and spectator parking will be within the College campus with additional off-site (overflow) parking at the Incline Village General Improvement District (IVGID) Recreation Facility, if needed. Event organizers estimate that approximately 1,300 participants and spectators will take part in the concert event during any one three-day event period, with a maximum of 500 participants and spectators on any one day of the event.

The applicant is also proposing supplemental movie nights which will be held on July 23 (Monday), August 6, 7 (Monday and Tuesday), 10, 11, 12, 13 (Saturday through Tuesday), 2018. Movie nights can accommodate approximately 360 attendees.

The applicant will be renting an amplified sound system from Statsound Audio that will amplify sound within the tent, but keep amplification from bleeding outside the tent to a minimum.

The movies proposed are the Sound of Music, Mr. Hollands Opus, and UP! The movie nights will be held between the hours of 7:30 p.m. and 10:00 p.m.

Food and beverages will be provided by a private company, and sold, before and during the concerts. The catering tent will be set up near the stairs to the parking lot closest to Country Club Drive (east of Primm Library). The area where the caterer will set up is several feet below the parking lot. This lower location will serve to screen the tent from the roadway.

There are three parking lots on the Sierra Nevada Campus which provide 238 parking spaces. The applicant cites an agreement with the Incline Village General Improvement District (IVGID) to utilize the nearby recreation center parking facility for any overflow parking, should the need occur. However, similar arrangements made in previous years for this concert series proved unnecessary. The event organizers will provide staff who will assist in directing overflow parking to the appropriate places.

The restroom facilities in the campus buildings will be open for use by the concert attendees. Sierra Nevada College security staff will be on site during the concert. Volunteer staff will be assigned to direct traffic and assist the public.

Staff Comment on Required Findings

WCC section 110.808.25 requires that all of the following findings be made to the satisfaction of the Washoe County Board of Adjustment before granting approval of the administrative permit request. Staff has completed an analysis of the application and has determined that the proposal is in compliance with the required findings as follows.

1. Consistency. That the proposed use is consistent with the action programs, policies, standards and maps of the Master Plan and the Tahoe Area Plan.

Staff Comment: The proposed outdoor community event, a series of outdoor concerts and supplemental movie nights to be conducted on the grounds of the Sierra Nevada College, is a permitted use with the approval of an administrative permit and business license. There are no programs, policies, maps, or standards in any of the relevant Washoe County Plans that are inconsistent with this use.

2. Improvements. That adequate utilities, roadway improvements, sanitation, water supply, drainage, and other necessary facilities have been provided, the proposed improvements are properly related to existing and proposed roadways, and an adequate public facilities determination has been made in accordance with Division Seven.

Staff Comment: Electric, water utilities, and sanitation are provided by public utilities and agencies and are adequate; roadways are capable of serving the event. Staff is confident that the necessary facilities are in place or will be in place as the result of a condition for the duration of the event.

3. Site Suitability. That the site is physically suitable for an outdoor community event and for the intensity of such a development.

Staff Comment: The proposed site is particularly suitable for this event. The lawn areas of Sierra Nevada College are capable of hosting the expected crowds and there is adequate room for the set-up of the necessary facilities and equipment. The successful use of this area last year, and the preceding years is an indication that the site is suitable for this event.

4. Issuance Not Detrimental. That issuance of the permit will not be significantly detrimental to the public health, safety or welfare; injurious to the property or improvements of adjacent properties; or detrimental to the character of the surrounding area.

Staff Comment: The administrative permit review process ensures that all appropriate agencies have recommended the necessary conditions necessary for mitigation of any negative impact to the public health, safety, and welfare of the area, surrounding properties will not be unduly injured nor will the character of the surrounding area be harmed. The conditions of approval impose noise controls (minimal amplification) and hours of operation to assure minimum impact on surrounding properties, and no surrounding property owners have responded to the notice sent to them objecting to the event.

5. Effect on a Military Installation. Issuance of the permit will not have a detrimental effect on the location, purpose or mission of the military installation.

Staff Comment: There is no military installation within the required noticing distance for this application; therefore, this finding is not required to be made.

Recommendation

Those agencies which reviewed the application recommended conditions in support of approval of the project. Therefore, after a thorough analysis and review, Administrative Permit Case Number WADMIN18-0007 and the outdoor community event business license application is being recommended for approval with conditions. Staff offers the following motion for the Board's consideration.

Motion

I move that, after giving reasoned consideration to the information contained in the staff report and information received during the public hearing, the Board of Adjustment approve Administrative Permit Case Number WADMIN18-0007 and the outdoor community event business license application for Classical Tahoe, with the conditions attached at Exhibit A for this matter, having made all four findings in accordance with Washoe County Code Section 110.808.25. I further move to authorize the Director of the Planning and Building Division to issue the outdoor community event business license when all pre-event conditions have been met:

1. Consistency. That the proposed use is consistent with the action programs, policies, standards and maps of the Master Plan and the Tahoe Area Plan;
2. Improvements. That adequate utilities, roadway improvements, sanitation, water supply, drainage, and other necessary facilities have been provided, the proposed improvements are properly related to existing and proposed roadways, and an adequate public facilities determination has been made in accordance with Division Seven;
3. Site Suitability. That the site is physically suitable for an outdoor community event and for the intensity of such a development;
4. Issuance Not Detrimental. That issuance of the permit will not be significantly detrimental to the public health, safety or welfare; injurious to the property or

improvements of adjacent properties; or detrimental to the character of the surrounding area;

Appeal Process

Board of Adjustment action will be effective 10 calendar days after the written decision is filed with the Secretary to the Board of Adjustment and mailed to the original applicant, unless the action is appealed to the Washoe County Board of County Commissioners, in which case the outcome of the appeal shall be determined by the Washoe County Board of County Commissioners. Any appeal must be filed in writing with the Planning and Building Division within 10 calendar days from the date the written decision is filed with the Secretary to the Board of Adjustment and mailed to the original applicant.

These Conditions of Approval may require submittal of documents, applications, fees, inspections, amendments to plans, and more. These conditions do not relieve the applicant of the obligation to obtain any other approvals and licenses from relevant authorities required under any other act or to abide by all other generally applicable Codes, and neither these conditions nor the approval by the County of this project/use override or negate any other applicable restrictions on uses or development on the property.

Unless otherwise specified, all conditions related to the approval of this Administrative Permit shall be met or financial assurance must be provided to satisfy the conditions of approval prior to issuance of a grading or building permit. The agency responsible for determining compliance with a specific condition shall determine whether the condition must be fully completed or whether the applicant shall be offered the option of providing financial assurance. Compliance with the conditions of approval related to this Administrative Permit is the responsibility of the applicant, his/her successor in interest, and all owners, assignees, and occupants of the property and their successors in interest. Failure to comply with any of the conditions imposed in the approval of the Administrative Permit may result in the initiation of revocation procedures.

Washoe County reserves the right to review and revise the conditions of approval related to this Administrative Permit should it be determined that a subsequent license or permit issued by Washoe County violates the intent of this approval.

For the purpose of conditions imposed by Washoe County, "may" is permissive and "shall" or "must" is mandatory.

Event Operation Details Classical Tahoe 2018

Security and Fire protection:

Security will be provided by the on-site college security staff of Sierra Nevada College. If it is deemed necessary to provide additional security Classical Tahoe (CT) is prepared to get private security. A temporary electronic security monitoring system will also be installed in the tent.

The staff and board of CT have had an on-site inspection and preliminary meetings with Mark Regan, Fire Chief. CT along with Stephen McCoy and Stephanie McCoy -our production managers- will be working with the Fire Department to assure that we comply with all fire regulations and requirements. CT will also have Mark Regan conduct all the fire inspections.

Water Supply and Sanitation:

CT will be using the current water and sanitation facilities of Sierra Nevada College. Signage will direct attendees to sanitation facilities.

The college campus exceeds requirements for anticipated attendees.

Medical facilities and services:

Medical facilities will not be necessary this event.

Vehicle parking spaces:

238 parking spaces are available for event use at Sierra Nevada College. It was determined that this will be sufficient for the 400 event attendees. If additional parking spaces are necessary the Recreation Center parking facilities (200 parking spots) have been identified. They have agreed with CT on providing these additional spots.

Vehicle access and parking control:

See the attached site plan where vehicle access can be seen. Traffic control will be provided by at least two volunteers during each night of the event.

Communication system:

One microphone on stage can be utilized for attendees' announcements if necessary. Event director and designated event emergency team will have both cell and radio communication. There will be no amplification of music at this event.

Illuminating the premises:

All event activity will be over by 9:00pm, which will be the beginning of dusk during this time of the year. Event parking and path lighting is already installed at Sierra Nevada College. The tent and stage lighting will be provided by Starsound Audio and Lighting.

Camping:

No camping will be allowed at this event

Clean-up and Rubbish removal:

Classical Tahoe Volunteers and Waste Management will be looking after the clean-up and rubbish removal. IVGID will be providing CT with two lockable trash containers with scheduled pick up.

Estimated cost: The total cost of Waste management for 2017 was \$103.33. We estimate the same cost for 2018.
