Items for Possible Action. All numbered or lettered items on this agenda are hereby designated for possible action as if the words "for possible action" were written next to each item (NRS 241.020), except for items marked with an asterisk (*). Those items marked with an asterisk (*) may be discussed but action will not be taken on them.

Possible Changes to Agenda Order and Timing. Discussion may be delayed on any item on this agenda, and items on this agenda may be taken out of order, combined with other items and discussed or voted on as a block, removed from the agenda, moved to the agenda of another later meeting, moved to or from the consent section. Items designated for a specified time will not be heard before that time but may be delayed beyond the specified time.

Public Comment. Public comment, whether on action items or general public comment, is limited to three (3) minutes per person. No action may be taken on a matter raised under general public comment until the matter is included on an agenda as an item on which action may be taken.

As required by the Governor's Declaration of Emergency Directive 006 Section 2, members of the public may submit public comment by logging into the ZOOM webinar by accessing the following link: <https://us02web.zoom.us/j/85437613829>. NOTE: This option will require a computer with audio and video capabilities. Additionally, public comment can be submitted via email to washoe311@washoecounty.us or by leaving a voice message at: (775) 954-4664. Voice messages received will either be broadcast into the Commission Chamber during the meeting or transcribed for entry into the record. The County will make reasonable efforts to include all comments received for public comment by email and voicemail into the record. Please try to provide comments by 11:00 a.m. on November 16, 2020.

During the “General Public Comment” items listed below, anyone may speak pertaining to any matter either on or off the agenda, to include items to be heard on consent. For the remainder of the agenda, public comment will only be heard during public hearing and planning items that are *not* marked with an asterisk (*). If an item is continued, then public comment will not be heard for that item until the date of the continued hearing. Any public comment for hearing and planning items will be heard before action is taken on the item and must be about the specific item being considered by the Commission. Public comment and presentations for individual agenda items are limited as follows: fifteen minutes each for staff and applicant presentations and three minutes for individual speakers unless extended by questions from the Commission or by action of the Chair. Comments are to be directed to the Commission as a whole and not to one individual. Emails will be included in the record but will only be read aloud during the meeting subject to the chair’s discretion and if time permits.

Public Participation. At least one copy of items displayed and at least ten copies of any written or graphic material for the Commission’s consideration should be provided to the Recording Secretary.

Forum Restrictions and Orderly Conduct of Business. The Planning Commission conducts the business of Washoe County and its citizens during its meetings. The Chair may order the removal of any person or group of persons whose statement or other conduct disrupts the orderly, efficient or safe conduct of the meeting to the extent that its orderly conduct is made impractical. Warnings against disruptive comments or behavior may or may not be given prior to removal. The viewpoint of a speaker will not be restricted, but reasonable restrictions may be imposed upon the time, place and manner of speech. Irrelevant and unduly repetitious statements and personal attacks which antagonize or incite are examples of speech that may be reasonably limited.

**A. Amendment of Conditions Case Number WAC20-0002 (Dodge Flat Solar, Major Grading) for Special Use Permit Case Number WSUP17-0021** – For possible action, hearing, and discussion to approve an amendment of Special Use Permit WSUP17-0021, which permitted a 200 megawatt (MW) solar energy center with associated grading. The project site consists of four parcels totaling ±1,616-acres and is classified as a Renewable Energy Production industrial use type. The applicant now seeks an amendment to increase the amount of grading both in volume and in area. The original approval allowed for 310,284 cubic yards of cut material and 308,909 yards of fill material for a total of 619,203 cubic yards of grading. The applicant now seeks approval of approximately 774,295 cubic yards of cut material and approximately 672,645 yards of fill material for a total of approximately 1,446,940 cubic yards of grading. The original approval allowed a change in contour in the land over an area of approximately 155 acres. The applicant now seeks to change the contour of the land over an area of approximately 671 acres. Additional area and volume of grading may be required for construction of storm-water mitigation.
