95-970 CITY OF RENO - PARADISE PARK MASTER PLAN - PARKS

Karen Mullen, Assistant Parks Director, reviewed Reno City Council minutes dated July 11, 1995 concerning adoption of the Paradise Park Master Plan explaining that the Master Plan had been adopted with the exclusion of a funding mechanism.

In response to Commissioner Sims inquiry concerning the status of meetings between the three entities regarding the consolidation of parks and recreational facilities, Ms. Mullen explained that meetings concerning this issue had tapered off, and Gary Goelitz, Finance Division, advised that a report will be presented to the Board concerning this issue in December.

Following discussion, on motion by Commissioner Bond, seconded by Commissioner Bradhurst, which motion duly carried, Chairman Shaw ordered that the City of Reno's Paradise Park Master Plan, be approved.
It was noted that the City of Reno is not requesting financial support from the County; that the estimated cost of construction is $5,000,000; that they have received a $300,000 Community Block Grant for the project; and that they are working with local service clubs and foundations to obtain donations.

95-971 OVERVIEW AND UPDATE - TAHOE COMMUNITY PLANS AND ADOPTION PROCESS - BUILDING SAFETY

Romany Woodbeck, Department of Comprehensive Planning, reviewed background material contained in a staff report dated October 13, 1995 concerning this item and answered questions of the Board. She explained that the four Tahoe Community Plan Areas include North Stateline, Incline Village Commercial, Incline Village Tourist, and Ponderosa Ranch; that the plans are a joint effort between the County, the Tahoe Regional Planning Agency (TRPA), and the Incline Village/Crystal Bay Community Plan Team (Plan Team); that these areas are generally neighborhoods predominantly consisting of commercial land uses; and that the community plans define existing conditions, policies, action programs and methods for implementation.

Following discussion, on motion by Commissioner Bradhurst, seconded by Commissioner Bond, which motion duly carried, Chairman Shaw ordered that an Overview and Update of the Tahoe Community Plans and Adoption Process be accepted, as outlined by staff.

95-972 STATUS REPORT - BUILDING PERMIT PROCESS - DAN TONNEMACHER - BUILDING SAFETY

Jess Traver, Building Safety Division, reviewed Washoe County Building and Safety Division Goals and Action Plan (1995/96). Mr. Traver explained that previous concerns expressed by Dan Tonnemacher, an architect and builder residing in Incline Village, had been addressed and incorporated in the plan.

Commissioner Sims commended Mr. Traver for his efforts in formulating the Action Plan and working with members of the building industry in an attempt to improve customer service, and Commissioner Bradhurst requested that copies of the Plan be provided to Citizens Advisory Boards.

Following discussion, on motion by Commissioner Bond, seconded by Commissioner Bradhurst, which motion duly carried, Chairman Shaw ordered that the Status Report concerning the building permit process be accepted as recommended by staff.

95-973 MEMORANDUM OF UNDERSTANDING - TAHOE REGIONAL PLANNING AGENCY - STREAMLINING BUILDING PERMIT PLAN CHECK PROCESS, APPROVAL OF NEW PLANS EXAMINER AND RELATED EQUIPMENT CONTINGENCY TRANSFER - FINANCE

Gary Goelitz, Finance Division, reviewed information contained in a staff report and answered questions of the Board concerning a proposed Memorandum of Understanding (MOU) between Washoe County and the Tahoe Regional Planning Agency (TRPA) for the purpose of streamlining the building permit plan check process, the approval of a new Plans Examiner position, related equipment, a contingency transfer and revisions reflecting editorial changes in the MOU requested by Jerry Wells, Deputy Director for the Tahoe Regional Planning Agency. Mr. Goelitz advised that the Building and Safety Division as well as the Finance Division view the document as an initial step, not a final step in the overall process; and that issues relating to site assessment, transfer of coverage and Bailey Land Classification Verification still need to be addressed with the Tahoe Regional Planning Agency.
Mr. Goelitz further explained that TRPA has requested that the County adopt the Memorandum of Understanding as proposed; that TRPA would encourage that staff demonstrate credibility in terms of being able to deliver reliable, competent service; that if this is demonstrated, they would be more likely to cooperate with the County in resolving issues concerning site assessments, transfer of coverage and Bailey Land Classification. He advised that the issue is not solely regarding assumption responsibility from TRPA; and that although this is an important goal, completion of the plan checking of single family and multiple family dwelling building permit plans at the Incline Village office, in lieu of bringing them to Reno, is equally important. Mr. Goelitz advised that they are currently recruiting for the Plans Examiner position and would like the position filled by December 1, 1995, noting that the individual will work out of the Building Safety Division at Incline.

Gene Oman, Administrative Building Inspector, Incline Village office, clarified for Commissioner Sims that Qualified Exempt Activities are activities which occur within the footprint of the building and do not enlarge the outside dimensions of building in height, length or width and pertains primarily to interior remodels.

Following discussion, on motion by Commissioner Bradhurst, seconded by Commissioner Bond, which motion duly carried, it was ordered that a Memorandum of Understanding between Washoe County and the Tahoe Regional Planning Agency, concerning streamlining the building permit plan check process, be approved and Chairman Shaw authorized to execute, when presented; that a Plans Examiner position and related equipment be approved; that staff evaluate alternative funding mechanisms; and that the following account transactions be authorized:

<table>

<tr>

</tr>
<tr>
<td>001-1545-7820</td>

</tr>
</tbody>
</table>

It was noted that this action is contingent upon the Tahoe Regional Planning Agency’s approval of the Memorandum of Understanding and Washoe County and the Tahoe Regional Planning Agency executing a Side Letter Agreement holding Washoe County harmless for TRPA Code interpretations.

It was further noted that the addition of the Plans Examiner position will reduce the contingency fund by $33,000 from $768,983 to $735,983.

95-974 INTERLOCAL COOPERATIVE AGREEMENT - STATE OF NEVADA, DEPARTMENT OF TRANSPORTATION INCLINE VILLAGE GENERAL IMPROVEMENT DISTRICT - DESIGN, CONSTRUCTION MAINTENANCE OF BICYCLE/PEDESTRIAN PATH - STATE ROUTE 28 - PUBLIC WORKS

Mr. McConnell then reviewed a memorandum dated October 23, 1995 addressed to Commissioner Bradhurst, in response to his inquiry concerning the use of Tahoe Regional Planning Agency (TRPA) funds for project
landscaping, advising that it is his understanding that the TRPA is not opposed to using their funds for this purpose; and that he should have a formal response concerning this issue following the TRPA meeting scheduled for October 25, 1995.

Following discussion, on motion by Commissioner Bond, seconded by Commissioner Bradhurst, which motion duly carried, it was ordered that an Interlocal Agreement between Washoe County, the State of Nevada Department of Transportation, and the Incline Village General Improvement District, concerning design, construction and maintenance of bicycle-pedestrian paths along State Route 28 within Incline Village, be approved and Chairman Shaw be authorized to execute.
