96-212 KENNEL PERMIT APPEAL - CLAUDIA WHITELEY - RECONSIDERATION

Katie Stevens, Animal Control Officer, reviewed background information concerning a request by Claudia Whiteley to reconsider the denial of her kennel permit [Item No. 96-35] considered on January 16, 1996. She advised that Ms. Whiteley had been given thirty days to reduce the number of dogs at her residence from seven to three; that she has complied with this request; that notification had been sent to eighteen neighbors concerning the request for reconsideration; and that two objections had been received.

Claudia Whiteley, applicant, stated that she is requesting a permit for five dogs; that a German Shepard previously residing with her and belonging to a friend, is no longer at her house; that her property is currently flooded; that due to these circumstances strong odors are being emitted from her yard; that her dogs do not run loose; that they are very well behaved; and that she is willing to construct a privacy fence if the Board desires. In conclusion, Ms. Whiteley stated that she has affidavits from neighbors supporting the kennel permit; that she owns three breeding female dogs; and that they produce approximately three litters per year.

Bobbie Prather, residing on Albert Way, stated that Ms. Whiteley's terrier has been running loose since she purchased the dog; that she resides 12 feet from the property line; that they cannot open their front door due to the extreme odors being emitted from Ms. Whiteley's yard; and that she would encourage the Board to uphold the denial of the kennel permit.

Commissioner Bond stated that there has not been any new testimony presented today that would change the circumstances.
Following discussion, on motion by Commissioner Shaw, seconded by Commissioner Mouliot, which motion duly carried, Chairman Bradhurst ordered that the request for reconsideration for a kennel permit by Claudia Whiteley be denied.

96-213 KENNEL PERMIT APPEAL - BETH REMER

Katie Stevens, Animal Control Officer, reviewed background information and answered questions of the Board concerning a request by Beth Remer to house 5 dogs at 5455 Pearl Drive, Sun Valley, Nevada. Ms. Stevens stated that complaints had been received relating to barking dogs; that 34 neighbors had been notified; and that one letter of objection had been received.

Beth Remer, applicant, stated that she had affidavits in support of the kennel permit application from several of her neighbors and referred to a handout containing results of a noise level study that she had conducted in the neighborhood.

Troy Butler residing across the street from Ms. Remer, stated that he has never experienced any problems with Ms. Remer's dogs.

Commissioner Bond advised Ms. Remer that if the Board should grant the kennel permit and other complaints are received, that she would run the risk of having the permit revoked, and Ms. Remer stated that she understood this to be the case.

In conclusion, Ms. Remer stated that her dogs are not barkers; and that automobiles traveling in the immediate area create more noise than her dogs generate.

Following discussion, on motion by Commissioner Bond, seconded by Commissioner Mouliot, which motion duly carried, Chairman Bradhurst ordered that the kennel permit for Beth Remer to house 5 dogs at 5455 Pearl Drive, Sun Valley, Nevada be granted, subject to the kennel being constructed to County standards and applicant's awareness that the permit will be revoked if any further complaints are received.

96-214 PROPERTY EXCHANGE - NORTH HILLS BOULEVARD - PUBLIC WORKS

John MacIntyre, County Manager, reviewed information contained in a staff report from James Gale, Sr. Property Agent, concerning a proposed exchange of property located on North Hills Boulevard between Washoe County and Flemming Carstensen. He explained that the property was appraised by the Assessor's Office in November, 1995 for a total of $395,000; that the property was part of the North Hills Assessment District; and that upon default of payments, the County then acquired the property through a tax lien process.

Chairman Bradhurst advised that it is important for the Board to determine the use of the proposed land prior to action being taken; and that the Board is not at that point today.

Lawrence Scheller, partial owner of properties located on North Hills Boulevard, discussed the proposed land exchange and distributed plat maps of the area.

He advised that all of the parcels are located within the sphere of influence for the City of Reno; and that he has been informed by Sierra Pacific Power Company that water and sewer are available in the area. Mr. Scheller then answered questions of the Board concerning the proposed exchange.

Following discussion, on motion by Commissioner Bond, seconded by Commissioner Shaw, which motion duly carried, Chairman Bradhurst ordered that staff report back to the Board as soon as possible concerning the feasibility of utilizing the land proposed to be exchanged for a Juvenile Detention Center or other usage's; that the Board visit the area proposed to be exchanged; and that a cost comparison be prepared with other County owned properties.

96-216 COMMUNITY SERVICE CENTER PLAN - PLANNING

Romany Woodbeck, Department of Comprehensive Planning gave a progress report and answered questions of the Board concerning a community service center plan contained in recommendation #22 of the Strategic Plan. She explained that the work program, which is proposed to commence in March, 1996, includes the creation of a working committee to assist with preparation of the community service center plan, research efforts of other Counties to address the concept of community service centers, identifying communities and centers within Washoe County, defining a community service center for Washoe County, assessing services to be included in the community service centers, and research funding sources for construction and for operation and maintenance of community service centers, a Working Committee and a public opinion survey.

Chairman Bradhurst expressed concern about going out to various geographic areas and giving citizens a sense that there will be a decentralization of County services and facilities without any consideration of cost; and that it is important that they understand that this is merely a concept at this point in time.

Commissioner Sims stated that he is concerned with the expenditure of funds for a public opinion survey versus the use of funds to address more serious problems such as keeping pace with basic services and Ms. Woodbeck stated that they may be able to pursue federal funds for this purpose.

Commissioner Sims further stated that in the process of looking at the development of a community service plan, this concept should be compared to one that is not decentralized and that additional funds utilized for decentralization could be rolled into improving the quality of service at a central location.

Following discussion, on motion by Commissioner Bond, seconded by Commissioner Shaw, which motion duly carried, Chairman Bradhurst ordered that the progress report on the community service center plan, be acknowledged.

Chairman Bradhurst referred to previous action taken on this item on November 14, 1995 [Item No. 95-990] in which a tax refund was granted to Caughlin Ranch Homeowners Association and advised that the current request for a refund for Fiscal Year 1994/95 has been recommended for denial by the District Attorney's Office; that it would appear that the circumstances remain the same; and that he would request further clarification as to why the District Attorney's Office has recommended denial of the request.

Assistant District Attorney, Madelyn Shipman, advised that the District Attorney's Office had previously recommended denial of the refund on November 14, 1995; that they are recommending denial of the current request based upon precedent; that the request is for a tax year preceding the enactment of a AB607; that the law had not been changed for the tax year for which this particular application is made; that the Attorney General's Office has been requested by the Department of Taxation to investigate Washoe County and Clark County's practice of utilizing the refund process through the Commission as they feel the current refund process goes beyond or around the laws requiring appeal to the Board of Equalization on valuation; and that they are specifically looking into the Caughlin Ranch refund. Ms. Shipman further advised that when the Board issues a refund, they are issuing a refund of County monies to other entities as they are refunding taxes that have already been distributed to the State and to other taxing districts by general formula; and that she does not know whether the funds are redistributed back into the County.

Chairman Bradhurst stated that he feels a refund would be equitable; that this was the focus of their discussion on November 14, 1995; that Village Green Park is a facility clearly open to the public for use as a park; and that City of Reno park dedication funds were utilized and legislation enacted during the last session that stated that when situations like this occur, even though the property is owned by the private sector, in this case Caughlin Ranch Homeowners Association; they should not be taxed because they cannot sell the property as it dedicated as a park that is open to the public.

Following discussion, on motion by Commissioner Sims, seconded by Commissioner Mouliot, which motion duly carried, it was ordered that the request for tax refund for Fiscal Year 1994-95 by Caughlin Ranch Homeowners Association be granted due to consistency with previous action, fairness and equity; that the following resolution be adopted and Chairman Bradhurst be authorized to execute on behalf of Washoe County:

RESOLUTION -- Directing the County Treasurer to Refund Taxes

WHEREAS, The Board of Commissioners of Washoe County, pursuant to NRS 354.240, has the authority to direct the County Treasurer to refund to an applicant the amount of money paid into the County Treasury in excess of the amount legally payable; and

WHEREAS, Caughlin Ranch Homeowners Association (Taxpayer), made application for the refund of the 1994-1995 real property taxes because Taxpayer maintains that the improvements to its property, APN 041-262-01, which is a neighborhood park, should receive a token value; and

WHEREAS, Caughlin Ranch Homeowners Association has overpaid taxes for fiscal year 1994-1995 in the amount of $682.47; and

WHEREAS, it is the opinion of the Board of Commissioners of Washoe County that the applicant for a refund has just cause for making such application and that the granting of such refund would be equitable.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF WASHOE COUNTY as follows:

1. That the Treasurer of Washoe County be and hereby is authorized and directed to refund to Caughlin Ranch Homeowners Association a total of $682.47, that amount being the taxes overpaid by Caughlin Ranch Homeowners Association for the tax year 1994-1995 on APN 041-262-01.

2. The Treasurer of Washoe County is further directed to debit the account of each governmental entity which has shared in the excess of the taxes collected in error for its pro rata share of the refund.
Upon recommendation of James Barnes, Deputy District Attorney, as stated in D.A. Opinion No. 6311, on motion by Commissioner Sims, seconded by Commissioner Bond, which motion duly carried, it was ordered that the request for tax refund for Fiscal Year 1994-95 by Reno Orthopaedic Clinic be granted; that the following resolution be adopted; and that Chairman Bradhurst be authorized to execute on behalf of Washoe County:

RESOLUTION -- Directing the County Treasurer to Refund Taxes

WHEREAS, The Board of Commissioners of Washoe County, pursuant to NRS 354.240, has the authority to direct the County Treasurer to refund to an applicant the amount of money paid into the County Treasury in excess of the amount legally payable; and

WHEREAS, Reno Orthopaedic Clinic (Taxpayer), made application for the refund of the 1994-1995 personal property taxes because the Assessor's Office double-taxed certain personal property, I.D. #2/169-048, and improperly taxed Reno Orthopaedic Clinic for this property; and

WHEREAS, Reno Orthopaedic Clinic has overpaid taxes for fiscal year 1994-1995 in the amount of $1,482.48; and

WHEREAS, it is the opinion of the Board of Commissioners of Washoe County that the applicant for a refund has just cause for making such application and that the granting of such refund would be equitable.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF WASHOE COUNTY as follows:

1. That the Treasurer of Washoe County be and hereby is authorized and directed to refund to Reno Orthopaedic Clinic a total of $1,482.48 that amount being the taxes overpaid by Reno Orthopaedic Clinic for the tax year 1994-1995 on I.D. #2/169-048.

2. The Treasurer of Washoe County is further directed to debit the account of each governmental entity which has shared in the excess of the taxes collected in error for its pro rata share of the refund.

Based on District Attorney's Opinion No. 6310, on motion by Commissioner Bond, seconded by Commissioner Sims, which motion duly carried, Chairman Bradhurst ordered that the request by Sears, Roebuck & Co., for refund of taxes paid on Personal Property ID# 2/222-001 for the 1994-95 tax year be denied for the reasons stated in the Decision placed on file with the Clerk.

Deputy District Attorney Madelyn Shipman discussed background information concerning a request for a refund of personal property taxes concerning an aircraft owned by George Seifert, M.D. She explained that in the case of personal property, that the State allows the Assessor to prorate taxes based upon when the personal property is brought into the State; and that nothing exists in State law providing for proration after the property has been brought into the State.

Chairman Bradhurst explained that Dr. Seifert sold his aircraft on November 1, 1995; that he is being billed for fiscal year 1995/96; and that he is appealing under the contention that he is only obligated to pay taxes from July through October.

Chairman Bradhurst expressed concern that a situation like this could be endless; that once property is brought into the State, it could be assumed that an individual might always own specific personal property; that they may pay taxes on it until someone is made aware that the property has been sold; that if it were sold it in the middle of a fiscal year, that they are taxed for the entire fiscal year because the personal property is considered migratory property; and that this does not seem equitable to him.

Following discussion, on motion by Commissioner Mouliot, seconded by Commissioner Bond, which motion duly carried, Chairman
Bradhurst ordered that this item be continued to April 9, 1996.

Upon recommendation of James Barnes, Deputy District Attorney, as stated in D.A. Opinion No. 6312, on motion by Commissioner Sims, seconded by Commissioner Mouliot, which motion duly carried, it was ordered that the request for tax refund for Fiscal Year 1994-95 by The Southland Corporation be granted; that the following resolution be adopted and that Chairman Bradhurst be authorized to execute on behalf of Washoe County:

RESOLUTION -- Directing the County Treasurer to Refund Taxes

WHEREAS, The Board of Commissioners of Washoe County, pursuant to NRS 354.240, has the authority to direct the County Treasurer to refund to an applicant the amount of money paid into the County Treasury in excess of the amount legally payable; and

WHEREAS, The Southland Corporation (Taxpayer), made application for the refund of the 1994-1995 personal property taxes because, as a result of a reporting error by Taxpayer, the Assessor's Office over-assessed the Taxpayer's property, I.D. 96-248 AMENDMENT NO. 1 - AGREEMENT - CITIES OF RENO AND SPARKS - CAROLLO ENGINEERS - REGIONAL WASTEWATER FACILITY MASTER PLAN

David Roundtree, Regional Water Manager, reviewed a staff report concerning Amendment No. 1 to an Agreement between Washoe County, the City of Reno, the City of Sparks and Carollo Engineers regarding the Regional Wastewater Facilities Master Plan. He explained that the Agreement calls for the parties to jointly engage a qualified financial consultant to evaluate financial implications of various facility alternatives and to determine user rate impacts of their recommendations; and that the Reno-Sparks Sewer Coordinating Committee has recommended that Carollo Engineers perform the scope of work for this financial analysis.

Commissioner Mouliot stated that he is opposed to the amendment as he feels the engineering services could be performed in-house.

Following discussion, on motion by Commissioner Shaw, seconded by Commissioner Sims, which motion duly carried, with Commissioner Mouliot voting "no," it was ordered that Amendment No. 1 to the Agreement between Washoe County, the City of Reno, the City of Sparks, and Carollo Engineers regarding Regional Wastewater Facilities Master Plan, be approved and Chairman Bradhurst be authorized to execute.

It was noted that the cost of the proposed financial analysis is $97,255; and that Washoe County's one-third share is $32,419.
