PRESENT:

Joanne Bond, Chairman
Mike Mouliot, Vice Chairman
Sue Camp, Commissioner
Jim Galloway, Commissioner
Jim Shaw, Commissioner
Betty J. Lewis, County Clerk
Katy Simon, County Manager
Maureen Griswold, Legal Counsel

The Board met in regular session in the Commission Chambers of the Washoe County Administration Complex, 1001 East Ninth Street, Reno, Nevada. Following the pledge of allegiance to the flag of our Country, the Clerk called the roll and the Board conducted the following business:

98-1051 AGENDA

In accordance with the Open Meeting Law, on motion by Commissioner Shaw, seconded by Commissioner Camp, which motion duly carried, Chairman Bond ordered that the agenda for the November 10, 1998, meeting be approved with the following amendments: Delete Item 8, a kennel permit appeal by Patti Hanson. It was also noted that the two agreements in Item 10A between Washoe County and the City of Reno concerning parks, open space, trails and interagency standards have been combined into one interlocal agreement.

PUBLIC COMMENTS

Bill Dickerson stated that he wanted to comment on the sales tax issue. He was advised that that is on today's agenda and it would be more appropriate to discuss it when the Board gets to that item.

MINUTES

On motion by Commissioner Camp, seconded by Commissioner Shaw, which motion duly carried, Chairman Bond ordered that the minutes of the regular meeting of October 20, 1998, be approved.

98-1052 VOTE CANVASS - 1998 GENERAL ELECTION & SCHOOL BOND RESOLUTIONS

Katy Simon, County Manager, advised that staff has been working day and night to meet the statutory deadline for the Board to canvass the election; that because of several problems with the computer processing of the manual count of votes, staff will not be able to meet the deadline; that a status report will be presented to District Court Judge Janet Berry at 5:00 p.m. today along with a request to extend the deadline; and that staff's recommendation is that after completing the business on today's agenda, the Board recess until 8:00 a.m. Wednesday, November 11, 1998, and conduct the canvass at that time, assuming that Judge Berry grants the extension.

On motion by Commissioner Camp, seconded by Commissioner Shaw, which motion duly carried, Chairman Bond ordered that the canvass of the vote of the 1998 general election and adoption of a resolution concerning the Washoe County School District Bond election be continued until staff reports back to the Board after the hearing before Judge Berry.

98-1053 AWARD OF BID - KITCHEN EQUIPMENT - BID NO. 2106-99 - SHERIFF'S OFFICE

This was the time to consider award of bid, Notice to Bidders for receipt of sealed bids having been published in the Reno
Gazette-Journal on August 24, 1998, for kitchen equipment for the Washoe County Sheriff's Office. Proof was made that due and legal Notice had been given.

Bids, copies of which were placed on file with the Clerk, were received from the following vendors:

Sysco Foods of San Francisco
U.S. Foodservice

The bid received from Nevada Restaurant Supply was disqualified due to their failure to sign their bid; Hospitality Supply submitted a "no-bid" response; and East Bay Restaurant, Hobart Corporation and Resco failed to respond to the invitation to bid.

Katy Simon, County Manager, reported that it has been determined that a larger flue will be required for this equipment at a projected cost of approximately $16,000; and stated that one option the Board could consider is approving this purchase but direct that staff not order the equipment until a funding source has been identified for purchase of the new flue.

Commissioner Galloway moved that the award of Bid No. 2106-99 for kitchen equipment for the Sheriff's Office be continued until all information is available.

The motion died for lack of a second.

Upon recommendation of John Balentine, Purchasing and Contracts Administrator, on motion by Commissioner Shaw, seconded by Commissioner Mouliot, which motion duly carried with Commissioner Galloway voting "no," Chairman Bond ordered that Bid No. 2106-99 for kitchen equipment for the Sheriff's Office be awarded to the lowest bidders meeting bid specifications as shown below. It was further ordered that staff not order the kitchen equipment until a funding source is identified to purchase the new flue.

98-1064 INTERLOCAL AGREEMENT - CITY OF RENO - ANNEXATION FOR NEIGHBORHOOD & COMMUNITY PARKS, OPEN SPACE AND TRAILS AND INTERAGENCY STANDARDS

Karen Mullen, Parks and Recreation Director, stated that she has been working very closely with the City of Reno staff concerning an agreement regarding annexation of neighborhood parks, community parks, open space and trails; that originally there were two agreements which have now been combined into one interlocal agreement; that she believes this agreement does address the issues of maintenance, design standards, interagency standards concerning the number of maintainers per acre, and future planning efforts for better distribution of parks throughout the region. She further stated that also added to the agreement are the issues of clarifying the residential construction tax and joint use of those funds, as well as long range plans by both parties for preservation of infrastructure. Ms. Mullen advised that they do have consensus at the staff level; that Reno staff is reviewing the agreement with their attorney; and that they do not expect any major changes.

Ms. Mullen further pointed out that the agreement provides that, upon consent of the County to annexation, ownership of County-owned
neighborhood/community parks, open space and trail areas acquired with residential construction tax funds should be deeded to the City of Reno and deed restricted for neighborhood or community park purposes or open space and trail purposes, including all authorized uses, and that the reason for that is to ensure that trails that are now being used for equestrian purposes will continue to be so utilized. She also stated that staff would like to add to the agreement that the transfers will occur upon a mutually agreed date and that is due to the need to look at the maintenance schedules and the City's budget.

Chairman Bond stated that she is happy to see this cooperative effort being made and that she feels this will ensure that the facilities that are in place will stay in place and maintenance will be done.

On motion by Commissioner Galloway, seconded by Commissioner Camp, which motion duly carried, it was ordered that the interlocal agreement between Washoe County and the City of Reno, concerning annexation for neighborhood/community parks, open space, and trails and interagency standards, be approved, with the additional wording requested by staff as to when the transfers shall occur, and Chairman Bond be authorized to execute.

98-1065 AGREEMENT - WASHOE HOME CONNECTION - HOMEMAKER SERVICES - SENIOR SERVICES

Upon recommendation of Karen Mabry, Washoe County Senior Services Director, on motion by Commissioner Camp, seconded by Commissioner Shaw, which motion duly carried, it was ordered that an extension of the current agreement between Washoe County and Washoe Home Connection (a Division of Washoe Health System, Inc.) for the purpose of providing Homemaker Services for clients of Washoe County Senior Services, in the amount of $54,400.00, be approved and Chairman Bond be authorized to execute.

98-1066 AGREEMENT - SIERRA FRONT WILDFIRE COOPERATORS - FIRE SERVICE ASSISTANCE - SHERIFF'S OFFICE

Upon recommendation of Sheriff Richard Kirkland, on motion by Commissioner Camp, seconded by Commissioner Shaw, which motion duly carried, it was ordered that a Participating Agreement between the County of Washoe and Sierra Front Wildfire Cooperators, concerning providing assistance to fire service agencies, be approved; that Chairman Bond and Sheriff Kirkland be authorized to execute; and that the Sheriff's Office Patrol Division Commander be designated as Washoe County's representative on the Cooperative Directors Board.

98-1067 BILL NO. 1222 - AMENDING WCC CHAPTER 50 - CONGESTED AREAS - DISCHARGE OF FIREARMS

Bill No. 1222, entitled, "AN ORDINANCE AMENDING THE WASHOE COUNTY CODE BY EXPANDING THE GREATER TRUCKEE MEADOWS AND ENVIRONS CONGESTED AREA AND EXPANDING THE SPANISH SPRINGS CONGESTED AREA TO PROHIBIT THE DISCHARGE OF FIREARMS" was introduced by Commissioner Camp, the title read to the Board and legal notice for final action of adoption directed.

98-1068 GENERAL FUND & HEALTH FUND - FINANCIAL REPORT - QUARTER ENDING SEPTEMBER 30, 1998

Kathy Garcia, Washoe County Comptroller, presented a summary of the financial activities for the General and Health Funds for the first three months of the fiscal year and a projection of cash balances through the end of the year. She reported that current projections are that cash in the General Fund will drop $4.5-million and that expenditures will exceed revenues by approximately $500,000 per month.
Upon recommendation of Kathy Garcia, Comptroller, and John Sherman, Interim Director of Budget and Finance, on motion by Commissioner Camp, seconded by Commissioner Shaw, which motion duly carried, Chairman Bond ordered that the financial report, a copy of which was placed on file with the Clerk, be accepted.

98-1069 QUARTERLY CAPITAL PROJECT IMPLEMENTATION STATUS REPORT - DEPARTMENT OF COMMUNITY DEVELOPMENT

Katy Simon, County Manager, noted that at Caucus Commissioner Galloway suggested that an item discussing the implications of the status of each capital project be included in future reports. Commissioner Galloway also requested that the items that are part of the Tahoe Regional Planning Agency Environmental Improvement Program be flagged for the Board’s attention.

Upon recommendation of Kim Carlson, CIP Coordinator, on motion by Commissioner Galloway, seconded by Commissioner Mouliot, which motion duly carried, Chairman Bond ordered that the Quarterly Capital Project Implementation Status Report, a copy of which was placed on file with the Clerk, be accepted.

98-1070 COUNTY V. DOROSTKAR - SETTLEMENT OF LAWSUIT - AUTHORIZE EXPENDITURE FROM PUBLIC WORKS FUND - INITIATE RECONVEYANCE OF CERTAIN PROPERTY - DISTRICT ATTORNEY

Upon recommendation of Madelyn Shipman, Assistant District Attorney, on motion by Commissioner Galloway, seconded by Commissioner Shaw, which motion duly carried, it was ordered that the proposed settlement of the County v. Dorostkar condemnation suit be approved; that the District Attorney be authorized to execute the settlement agreement on behalf of the Board of County Commissioners; that authorization be given to the Public Works Director to expend $42,500 for said settlement; and that the Department of Community Development be directed to bring forth a resolution initiating an abandonment of the property identified on Exhibit "B" of proposed Settlement Agreement, a copy of which was placed on file with the Clerk.

98-1071 REVIEW & APPROVE LIST OF PROPOSED PROJECTS TO BE TRANSMITTED TO REGIONAL PLANNING COMMISSION FOR RANKING & PRIORITIZATION (projects potentially funded by 1/8-cent sales tax for public safety/flood control)

Katy Simon, County Manager, pointed out that the staff report on the proposed projects to be transmitted to the Regional Planning Commission for priority ranking that may be funded by additional sales tax as authorized by NRS 377B does cover all four projects that have been studied; however, the statute does not authorize the Regional Planning Commission to rank the depressed trainway project; and that the ranking and prioritization of the public safety and flood control projects is what is required by statute on the 1/8-cent sales tax that relates to those projects. She noted that the prioritization will be done by the Regional Planning Commission at their November 16, 1998, meeting.

Chairman Bond advised that today’s action is just asking the Regional Planning Commission to prioritize the public safety and flood control projects.

Commissioner Galloway asked if the gentleman who wanted to speak under Public Comments earlier today was going to be allowed to speak now. Chairman Bond stated that since the Board is not considering the sales tax increase at this time and a public hearing on the matter is scheduled for November 17, 1998, it would be more appropriate for Mr. Dickerson to speak at that time. Commissioner Galloway expressed his
dissatisfaction with this procedure of not taking public comment at this time.

On motion by Commissioner Moulion, seconded by Commissioner Camp, which motion duly carried with Commissioner Galloway voting "no," Chairman Bond ordered that the following projects, in no particular order, be transmitted to the Regional Planning Commission for priority ranking at their November 16, 1998 meeting:

Regional Public Safety Training Complex
Regional Dispatch/Emergency Operations Center (EOC)
Truckee River Flood Control Project/Area Flood Warning System

98-1072 REGIONAL 800 MHZ TRUNKED RADIO SYSTEM - RFP NO. 2063-98 - ACCEPTANCE OF PROPOSAL - AUTHORIZATION TO BEGIN CONTRACT NEGOTIATIONS - FINANCE AND TELECOMMUNICATIONS

This was the time to consider award of bid, Notice to Bidders having been published in the Reno Gazette-Journal on February 10, 1998, for a regional 800 MHz trunked radio system in accordance with Request for Proposals (RFP) No. 2063-98.

Proof was made that due and legal notice had been given.

Proposals were received from Ericsson Inc., and Motorola.

Gary Goelitz, Senior Administrative Analyst, reported that the Washoe County School District is interested in participating in this interlocal agreement and radio system and the Board of Trustees will be considering this at their next meeting.

Katy Simon, County Manager, noted that the Board had considerable discussion on this item at the Caucus meeting and noted that Mr. Goelitz had submitted additional information concerning the reference checks performed on the vendors in response to Board members’ questions. It was noted that a committee was formed with staff from Washoe County, Truckee Meadows Fire Protection District, the Washoe County Sheriff's Office, the Washoe County School District, the City of Reno (police and fire), the City of Sparks (police and fire), and members of the public to evaluate the proposals received and to select the best proposal.

Keith Lee, representing The Motorola Company, expressed opposition to the selection of Ericsson, Inc., by the technical review committee and listed several reasons why he does not believe Motorola was treated fairly. Mr. Lee stated that he does not believe the County has any authority to award a contract conditionally and then negotiate the final price, cited a Nevada Supreme Court case to substantiate that, and stated that such a procedure is not following the competitive bid process. He further stated that he believes the committee was prejudiced against Motorola; that Motorola complied fully with all the requests for additional information; and that he believes all bids should be rejected and the process should be started over and conducted in a fair and unbiased manner.

Mr. Goelitz refuted some of the statements made by Mr. Lee and stated that the proposal by Ericsson was more responsive to the RFP.

Following further discussion, upon recommendation of the technical review committee on motion by Commissioner Camp, seconded by Commissioner Moulion, which motion duly carried, Chairman Bond ordered that:
1. The proposal offered by Ericsson Inc., under Washoe County RFP No. 2063-98 for an 800 MHz Trucked Radio System be accepted;
2. The Purchasing and Contracts Administrator be authorized to enter into negotiations with Ericsson Inc., and bring a negotiated agreement back before the Board for final approval within 90 calendar days;
3. Finance and Telecommunications staff be directed to work with the City of Reno's Assistant City Manager, the City of Sparks Information Services Manager and the Washoe County School District staff regarding opportunities and alternatives to consolidate the telecommunication shops and bring back recommendations before the Board within 90 calendar days; and
4. Finance and Telecommunications staff be directed to work with the City of Reno's Assistant City Manager, the City of Sparks Information Services Manager and the Washoe County School District staff regarding an Interlocal Agreement between the County, the two Cities, and the School District establishing the governance for the radio system and bring a negotiated agreement back before the Board for final approval within 90 calendar days.

98-1073 AWARD OF RFP NO. 2094-99 FOR SERVICE OF CIVIL PROCESSES - TRANSFER OF FUNDS AND POSITIONS TO SHERIFF - CONSTABLES' OFFICES

This was the time to consider award of contract, Notice to Bidders for receipt of sealed proposals having been published in the Reno Gazette-Journal on July 20, 1998, to provide civil process services. Proposals were received from The Advantage Group, Nevada Court Services, Reno-Carson Messenger Service and Northern Nevada Investigations.

Katy Simon, County Manager, reviewed the recommendations before the Board concerning the assumption by the Sheriff's office of the civil processes now handled by the Constables' offices and noted that in discussion at the Caucus meeting, it was determined that it would be appropriate wherever possible to arrive at temporary solutions rather than permanent at this time.

John Sherman and Gary Goelitz, Finance Division, and Washoe County Sheriff's Deputy Towery answered questions concerning fiscal impacts and stated that if revenues exceed expenditures, funds will be transferred back into Contingency or the General Fund.

Bob Burdick, Business Representative for the Washoe County Employees' Association, stated that the proposal indicates that three positions are being eliminated and six other positions are being added and asked what consideration is being given to the employees whose positions are being eliminated. Mr. Goelitz responded that Personnel has been working with those three people to find them other positions and there has never been any intent to lay off employees. Joanne Ray, Chief of Personnel, confirmed that none of the support staff from the Constables' offices are going to be without a job.

Upon recommendation of Gary Goelitz, Senior Administrative Analyst, on motion by Commissioner Galloway, seconded by Commissioner Camp, which motion duly carried, it was ordered that:
1. The proposal offered by Northern Nevada Investigations for service of civil process associated with Washoe County Request for Proposal No. 2094-99 be accepted and the Purchasing and Contracts Administrator be authorized to enter into negotiations and bring a negotiated agreement
back before the Board for final approval within 45 calendar days for the service of civil processes not required by Nevada Revised Statute to be served by the Sheriff's Office.

2. That the Washoe County Purchasing and Contracts Administrator be authorized to enter into negotiations with Sirron Software Corporation for the acquisition of a civil process information system and the Chairman be authorized to execute the contract upon receipt.

3. That the retention of two Clerk Typist II positions from the Reno Constable's office and transfer of same to the Civil Section within the Sheriff's Office be authorized, and the elimination of two Principal Clerk Typist positions and the Clerk I position within the Reno and Sparks Constables' Offices as noted within the table below be authorized. It was noted that these five positions were budgeted to be eliminated on December 31, 1998.

to be assessed upon the benefited lots, tracts and parcels of land in the District; and

WHEREAS, the Board by a resolution duly adopted on September 22, 1998, directed the County Engineer (the "Engineer") to make out a
preliminary assessment roll, and

WHEREAS, the Board together with the Engineer made out an assessment roll for said District which contains, among other things, the names
and addresses of the last-known owners of the property to be assessed, or if not known stating that the name is "unknown"; a description of
each lot, tract or parcel of land to be assessed; and the amount of the proposed assessment to be levied thereon; and said Engineer has
reported said assessment roll to the Board and filed the same with the County Clerk; and

benefited by the improvements acquired in the District, and only the property which is so specially benefited, is included on the assessment roll
heretofore filed with the County Clerk on September 22, 1998; and

WHEREAS, the Board has determined, and does hereby determine, that the notice, both mailed and published, for the hearing held on October

WHEREAS, the Board will by an ordinance (the "Assessment Ordinance") heretofore introduced levy assessments against the assessable lots, tracts, and parcels of land benefited by the Project; and

WHEREAS, the Assessment Ordinance provided that said unpaid assessments shall be payable in twenty (20) substantially equal semiannual installments of principal and interest, with interest in all cases on the unpaid and deferred installments of principal from the effective date of the Assessment Ordinance at a rate or rates which shall not exceed by more than one percent (1%) the highest rate of interest on the bonds sold for the District, but after the effective date of the Assessment Ordinance and before bonds are issued, the interest rate is to be as provided in a resolution of the Board.

98-1080 NOTICE OF INTENTION AND EXECUTION OF RESOLUTION TO AUTHORIZE MEDIUM-TERM FINANCING - SPECIAL ASSESSMENT DISTRICT NO. 25 - CALLE DE LA PLATA

5:00 p.m. This was the time set in a Notice of Public Hearing, published in the Reno Gazette-Journal on October 30, 1998, for the Board to consider execution of a resolution authorizing medium-term financing in an amount not to exceed $508,000 for the purpose of financing all or a portion of the cost of construction of Special Assessment District No. 25 (Calle De La Plata). Proof was made that due and legal Notice had been given.

Chairman Bond opened the public hearing by calling on anyone wishing to speak concerning this matter. There being no response, the public hearing was closed.

Upon recommendation of John Sherman, Interim Director, Budget and Finance Division, on motion by Commissioner Shaw, seconded by Commissioner Camp, which motion duly carried, it was ordered that the following resolution be adopted and Chairman Bond be authorized to execute on behalf of Washoe County:

RESOLUTION NO. 98-1080

A RESOLUTION AUTHORIZING MEDIUM-TERM FINANCING IN AN AMOUNT NOT TO EXCEED $508,000 FOR THE PURPOSE OF FINANCING ALL OR A PORTION OF THE COST OF CONSTRUCTION OF SPECIAL ASSESSMENT DISTRICT NO. 25 (CALLE DE LA PLATA); DIRECTING THE OFFICERS OF THE COUNTY TO FORWARD MATERIALS TO THE DEPARTMENT OF TAXATION OF THE STATE OF NEVADA; PROVIDING CERTAIN DETAILS IN CONNECTION THERewith; AND PROVIDING THE EFFECTIVE DATE HEREOF.

WHEREAS, the Board of County Commissioners of Washoe County, Nevada (the "Board", "County", and "State", respectively) proposes to incur up to $508,000 in medium-term financing of the County under Chapters 350.085 to 350.095, inclusive, of Nevada Revised Statutes (the "Project Act" and "NRS", respectively), in order to finance all or a portion of the cost of constructing Special Assessment District No. 25 (Calle de la Plata) within the County (the "Project") through the refinancing of an interfund loan; bearing interest at 6.0% per annum, which rate does not exceed by more than 3% the "Index of Twenty Bonds" most recently published in The Bond Buyer and maturing within 1 year of the date of approval thereof, in order to pay the costs of the Project; and

WHEREAS, the Board has determined that legally available funds of the County will at least equal the amount required in each year for the payment of interest and principal on such medium-term financing; and

WHEREAS, NRS 350.087 requires that a notice of intention to authorize medium-term financing be published not less than 10 days prior to the
consideration of a resolution authorizing medium-term financing; and

WHEREAS, a notice of intention to act upon the resolution authorizing such medium-term financing has been duly published in a newspaper of general circulation in the County not less than 10 days prior to the date hereof pursuant to NRS 350.087; and

WHEREAS, all comments made at the public hearing held on this date on the adoption of this resolution have been duly considered by the Board.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF WASHOE COUNTY, NEVADA:

Section 1. The Board hereby finds and determines that the public interest requires medium-term financing for the Project in a principal amount not to exceed $508,000.

Section 2. The facts upon which the finding stated in 1 above are:

(a) There is a need to construct the Project and the County has previously authorized an interfund loan in the amount of $508,000 for such construction, which interfund loan expires on November 25, 1998.

(b) It is in the best interests of the County to utilize a single issuance of special assessment district bonds to provide long term financing for multiple special assessment districts within the County in order to obtain certain economies, including sharing costs of issuance.

(c) The County anticipates issuing special assessment district bonds on or before November 25, 1999 to finance the costs of several special assessment districts within the County, including Special Assessment District No. 25 (Calle de la Plata).

(d) It is in the best interests of the County and its inhabitants, and would best serve the health and welfare thereof, if the interfund loan is refinanced prior to its expiration with a medium-term financing, thereby allowing the County to minimize costs associated with the issuance of special assessment district bonds to finance the costs of projects for special assessment districts within the County including the Project.

(e) It is not feasible to finance the Project from other funds of the County, among other reasons, because of restraints on the County's budget for the current fiscal year and other demands on and needs for existing funds of the County.

Section 3. The County proposes to refinance the interfund loan (General Fund 001) to Special Assessment District Fund (093) with a medium-term financing in an amount not to exceed $508,000 at an annual interest rate of 6%, to be repaid within a period of not more than 1 year. Interest shall accrue on the medium-term financing commencing on November 25, 1997 until the date such medium-term financing is repaid to the General Fund (001).

Section 4. The medium-term financing shall not be paid in whole or in part from a levy of a special tax exempt from the limitations on the levy of ad valorem tax, but shall be paid from other legally available funds of the County, including the general fund and the proceeds of special assessment district bonds, if any, designated therefor.
Section 5. The officers of the County are hereby authorized to take all action necessary or appropriate to effectuate the provisions of this resolution, including without limitation, (a) forwarding all necessary documents to the Executive Director, Department of Taxation, Carson City, Nevada; (b) assembling of financial and other information concerning the County and the Project, and the medium-term financing; and (c) upon receipt of the written approval of the Department of Taxation, record such approval in the minutes of the Board and proceed with the incurring of the medium-term financing.

Section 6. Sections 1 through 4 of this Resolution shall become effective upon the approval hereof by the Executive Director of the Department of Taxation of the State of Nevada as provided in NRS  350.089. Section 5 of this Resolution shall be effective upon passage and approval.

98-1081 STOP SIGNS ON CALLAHAN ROAD

David Roundtree, Public Works Director, advised that staff attempts whenever possible to comply with the Manual on Uniform Traffic Control Devices relative to installing all signage and street markings; that in some instances stop signs are installed that do not necessarily meet the warrants provided in the Manual; and that the Board has an adopted policy that speaks specifically to the installation of unwarranted stop signs. He advised that criteria considered relative to installing stop signs include (1) whether the roadway is a primary emergency access route, and (2) whether all other routine approaches to speed control at intersections have been exhausted. He stated that Callahan Road is a primary emergency response route, but does not believe this fact is significant enough to dissuade stop signs as he thinks that staff could work with both the Fire District and the Sheriff’s Office to address emergency response concerns; that staff has proposed “round-a-bouts,” or traffic circles, for the intersections on Callahan Road that are being considered for stop signs; that “round-a-bouts” have been accepted in other areas and are becoming more common in the control of traffic, and it would be valuable for the County to have their own experience with these devices; and that he believes that these traffic calming devices would have the same effect as putting the stop signs in without creating the liability of the installation of an unwarranted stop sign. Mr. Roundtree then responded to questions of the Board regarding the timeframe, configuration, costs, liability and other information associated with the “round-a-bouts”.

Tom Bird, Callahan Road resident, advised that he was speaking on behalf of the majority of his neighbors and stated that stop signs are the most desirable because they are the least intrusive and least expensive speed control devices; that they do not significantly slow down emergency response time; and that they believe the “round-a-bouts” would cause more accidents. He then reviewed background information relative to their attempts at having the speeding problems on Callahan Road mitigated, advising that requests by neighbors to address the traffic problems began in 1983; that several traffic surveys have been done, but progress has been very slow and they have been told that stop signs could not be justified; that there have been incidents of road rage, potential collisions, and speeding drivers at higher frequencies; that they believe they meet or exceed several of the requirements to fall under non-standard uses of stop signs; and that they are requesting a three-way stop at the intersection of Cedarwood and Callahan and a four-way stop at the intersection of Wildwood and Callahan, as well as yellow early warning signs indicating stop signs at these intersections.

Barclay Trehal, advised that he lives at the intersection of Callahan and Wildwood Road; and that there is a significant problem out there, and
the neighborhood group is appealing to the Board to offer some relief for a situation that should not continue.

Commissioner Camp stated that she agrees that something needs to be done to mitigate the speeding problems on Callahan Road; that she does have a fear with the "round-a-bouts", noting that they are also more expensive than stop signs; that she believes the solution would be to give the residents a variance to allow the stop signs to go in; and that the liability would be the same no matter which device is installed.

Chairman Bond commented that she is concerned with placing "round-a-bouts" on Callahan Road because it is a narrow roadway. Commissioner Shaw stated that the residents have waited a long time for a solution and he would not want to prolong the situation. He suggested that possibly the best place to test the "round-a-bout" devices would be in a new subdivision where the residents would be aware of them early in the development process.

On motion by Commissioner Camp, seconded by Commissioner Mouliot, which motion duly carried, Chairman Bond ordered that, based on the unique circumstances of the Callahan Road area, staff be directed to install stop signs along Callahan Road.

98-1082 UPDATE ON VOTE CANVASS - 1998 GENERAL ELECTION

Katy Simon, County Manager, advised that Madelyn Shipman, Assistant District Attorney, has reported that the Court has granted an extension until noon on Thursday to canvass the election results; and that the Board of County Commissioners must set a hearing time no later than 9:00 a.m. on Thursday morning. Commissioner Shaw advised that he would be going out of town at noon tomorrow and Ms. Simon noted that Commissioner Mouliot would also be out of town beginning this evening. A discussion commenced and Katy Simon, County Manager, suggested that a status report be given at 8:00 a.m. tomorrow and that the Board schedule a meeting sometime after that. Legal Counsel Griswold advised that three members of the Board could conduct the canvass of the vote as that would represent a quorum. She suggested that the Board consider having the status report presented to the public at 8:00 a.m. tomorrow morning, as suggested by the County Manager; and that based on the status report, convene at either 11:00 a.m. on Wednesday, or 9:00 a.m. on Thursday.

COMMISSIONERS'/MANAGER'S COMMENTS

Chairman Bond noted that the School District has been contacted by a developer that has property adjacent to the regional park in Stead that is being looked at as an alternative site to the Golden Valley high school site; and that she would request that workshop or agenda item be scheduled relative to this issue in the near future.

6:00 p.m. On motion by Commissioner Galloway, seconded by Commissioner Shaw, which motion duly carried, Chairman Bond ordered that staff be directed to present a status report on the ballot recount at 8:00 a.m. tomorrow, Wednesday, November 11, 1998. It was further ordered that the Board recess until 11:00 a.m. on November 11, 1998 or 9:00 a.m. on Thursday, November 12, 1998, which time is to be determined after the status report is presented relative to when the canvass of the vote can be conducted.

[NOTE: The Board did not meet at any time on November 11, 1998, the ballot recount not having been completed.]
Katy Simon, County Manager, emphasized that the work will continue around the clock until the ballot recount is finished; and that staff will keep the Board apprised of the status of the situation.
