This was the time to consider acceptance of proposal, Notice to Proposers for receipt of sealed proposals having been published in the Reno Gazette-Journal on July 27, 1998, for internal audit services for the Manager's Office. Proof was made that due and legal Notice had been given.

Proposals, copies of which were placed on file with the Clerk, were received from the following vendors:

Kohn Colodny LLP
Kafoury-Armstrong and Company
Barnard Vogler & Co., Caporicci & Larson, Cupit Mulligan Ogden, Deloitte & Touche, Ernst & Young, LLP, and Pangborn & Co., Ltd., failed to respond to the request for proposals.
Upon recommendation of John Balentine, Purchasing and Contracts Administrator, on motion by Commissioner Camp, seconded by Commissioner Mouliot, which motion duly carried, Chairman Bond ordered that the proposal submitted by Kohn Colodny, LLP, in response to RFP No. 2096-99 for internal audit services on behalf of the Washoe County Manager's Office be accepted. 98-832 AWARD OF BID - COLLECTION, STORAGE, HANDLING AND SALE OF PERSONAL PROPERTY - BID NO. 2083-98 - DISTRICT ATTORNEY

This was the time to consider award of bid, Notice to Bidders for receipt of sealed bids having been published in the Reno Gazette-Journal on May 5, 1998, for the collection, storage, handling and sale of personal property on behalf of the Washoe County District Attorney. Proof was made that due and legal Notice had been given.

Only one bid was received from Anchor Auctions, a copy of which was placed on file with the Clerk. Lightning Auctions, Ritchie Brothers Auctioneers and TNT Auctions failed to respond to the invitation to bid.

Commissioner Mouliot expressed concerns regarding awarding this bid stating that it is a useless contract; that the County is losing money because of the storage fees; and that the 40 percent rate is absurd. Leslie Admirand, Deputy District Attorney, stated that there are no storage fees on the forfeiture items, unless they are returned to the owners, and that she believes the County is making money. Commissioner Galloway noted that the standard auction commission is 10 percent and suggested that the County should check into getting its own auctioneer.

Commissioner Mouliot stated that approximately 50 percent of the cars that are seized are returned to the owners; that the process to determine that can take months; and that the County would have to pay storage on those vehicles. He further stated that these items should be stored in secure County facilities, or in the alternative, in a commercial storage yard and then sold in the same manner the County surplus property is sold.

Following further discussion, on motion by Commissioner Shaw, seconded by Commissioner Galloway, which motion duly carried, Chairman Bond ordered that Bid No. 2083-98 on behalf of the Washoe County District Attorney be continued and that staff be directed to work with Commissioner Mouliot to fully investigate all options to determine the most cost effective method for the collection, storage, handling and sale of personal property.

Only one bidder responded, Harley-Davidson of Reno, Inc., and a copy of the bid was placed on file with the Clerk. Kawasaki of Reno failed to respond to the invitation to bid.

Upon recommendation of John Balentine, Purchasing and Contracts Administrator, on motion by Commissioner Camp, seconded by Commissioner Mouliot, which motion duly carried, Chairman Bond ordered that Bid No. 2098-99 for the purchase of seven new police motorcycles for the Sheriff's Office be awarded to Harley-Davidson of Reno in the amount of $104,860.00. It was further ordered that the Purchasing and Contracts Administrator be authorized to enter into a total cost agreement with Harley-Davidson of Reno that will allow the County to sell the motorcycles back to the dealer at the end of 3 years for the guaranteed buy-back amount of $68,025.00, which will result in a total net cost to the County of $36,785.00.

9:30 a.m. This was the time set in a Notice of Public Hearing mailed to affected property owners by certified mail on August 6, 1998, and published in the Reno Gazette-Journal on August 7, 1998, to consider the recommendation of the Washoe County Planning Commission to approve, with conditions, Abandonment Case No. AB5-6-98, a request by Mt. Brook Station Cooperative Apartment Housing to abandon utility easements traversing the center of the Mt. Brook Station apartment complex and a utility easement shown as parcel C between Lots 3 and 4 in preparation for the recordation of a final map to convert the cooperative apartments into condominiums. New utility easements shall be created as replacements. The project is situated on a total 3.356 acre parcel and is located at 872 Tanager Street and designated General Commercial within the Incline Village Commercial Community Plan and in the Tahoe Area Plan. The property is located in a portion of Section 15, T16N, R18E, MDM, Washoe County, Nevada. Proof was made that due and legal Notice had been given.

Dean Diederich, Department of Community Development, provided background information and answered questions of the Board.

Chairman Bond opened the public hearing by calling on anyone wishing to speak regarding this abandonment. There being no response, the hearing was closed.

It being the consensus of the Board that NRS 278.840 is being complied with and that the abandonment of the utility easements described in the aforesaid Notice appears to be in the best interest of the public and that no person would be materially injured thereby, on motion by Commissioner Galloway, seconded by Commissioner Camp, which motion duly carried, Chairman Bond ordered that Abandonment Case No. AB5-6-98 be approved subject to the following conditions:

1. Prior to the recordation of the Resolution and Order of Abandonment, the applicant shall submit legal descriptions to the County Engineer for review and approval. The legal descriptions shall be prepared by a registered professional and shall be for the area of abandonment.

2. Retention of all public utility easements or relocation of all public utility easements to the satisfaction of and at no expense to Washoe County or the existing public utilities which originally accepted and approved said easements as well as any other public utilities now in existence which currently utilize said easements. Said relocations shall be evidenced by the recordation of properly executed documents reflecting the grant of the new easements to said public utilities and the
relinquishment by said public utilities of their former easements.

3. The applicant shall comply with all conditions necessary to effect the Resolution and Order of Abandonment within two years from the date of the action by the Board of County Commissioners or this conditional abandonment will be null and void.

Mike Boster, Department of Community Development, provided background information and answered questions of the Board.

Chairman Bond opened the public hearing by calling on anyone wishing to speak regarding this abandonment.

George Georgeson, CSA Engineers, Inc., representing applicant, stated that they are in agreement with the proposed conditions, but requested a clarification on Condition No. 4 concerning the requirement by the Truckee Meadows Fire Protection District of a proper easement replacement on the south side of the property. Mr. Boster explained that Fire Marshal Roy Slate wants to ensure that fire apparatus has enough room to turn around in the area and stated that Mr. Slate has indicated that he is amenable to meeting with the applicant. Chairman Bond asked why that hasn't already been done.

Following further discussion, on motion by Commissioner Galloway, seconded by Commissioner Camp, which motion duly carried, Chairman Bond ordered that the public hearing concerning Abandonment Case No. AB5-7-98 be continued to the September 8, 1998, meeting in order to allow the applicant an opportunity to talk to the Truckee Meadows Fire Protection District regarding their concerns.

98-844 DISTRICT HEALTH DEPARTMENT - FY98/99 SPENDING REDUCTION PLAN

98-845 DEMOGRAPHIC PROGRAM - CENSUS 2000 - DEPARTMENT OF COMMUNITY DEVELOPMENT & REGISTRAR OF VOTERS
Katy Simon, County Manager, explained that staff is suggesting the pursuit of an agreement, which would be brought back to the Board for final approval, for consulting services and retention of a consultant as project manager to assist staff in implementing a demographic program for the County, to provide a work plan and/or project management of the redistricting efforts and for Census 2000, and to provide staff training so that in the future the County will have the in-house expertise to perform these tasks.

Commissioner Galloway asked if the funds would come out of the Contingency account. Ms. Simon stated that it has not yet been determined whether any carry-over funds might be available, but if not, contingency funds would be used.

Commissioner Galloway also expressed his desire that when selecting a consultant, staff place emphasis on the ability to teach and educate County staff as a primary qualification.

On motion by Commissioner Camp, seconded by Commissioner Galloway, which motion duly carried, Chairman Bond ordered that the Interim Community Development Director be directed to implement a demographic program for the County to support the requirements for Census 2000 and redistricting of commission districts by the Registrar of Voters; and that staff be directed to draft a consulting agreement and work plan to implement Alternative 4, Consultant as Project Manager, as outlined in the Agenda memorandum dated August 7, 1998, and placed on file with the Clerk.

98-846 AMENDMENT TO PARKS DISTRICT 4B MASTER PLAN - SKATE PARK AT INCLINE PARK - AUTHORIZATION TO USE PARK CONSTRUCTION TAX DISTRICT 4B FUNDS - PARKS

Chairman Bond noted that she has several letters and telephone messages voicing both support for and opposition to the proposed skate park in Incline Village and the use of 4B funds for same, which she then placed on file with the Clerk.

Karen Mullen, Parks and Recreation Director, provided background information and stated that, pursuant to Commissioner Shaw's request at Caucus, she did contact the Washoe County School District regarding whether they had any concerns with the skate park being located adjacent to the Incline Middle School; and that representatives from the School District are in attendance. Ms. Mullen also stated that the Park Commission has recommended approval of this request and that they do tend to look to the Incline Village General Improvement District Board and the IVGID Parks and Recreation Department for direction as to how the funding is spent in their area.

Doug Doolittle, IVGID Director of Parks and Recreation, displayed a map and explained in detail the specifics of the proposed skate park. He stated that he also contacted the Principal of the Incline Middle School; that they walked the site this morning; and that the Principal would like to see a safe environment for the skate boarders rather than having them in all the parking lots. He then answered questions of the Board regarding parking and the number of other IVGID and Parks Commission meetings that have been held concerning the skate park advising that one of the five IVGID Board members is against this particular plan. Mr. Doolittle stated that this park will be open to the public and discussed the skate board parks located in Carson City and South Lake Tahoe.

James Nakada, Chairman, Incline Village General Improvement District, stated that this project has been discussed 13 times in public forums and that it is their recommendation that the project be approved and the use of 4B funds for the project be authorized.

The following Incline area residents spoke in support of the proposed skate board park stressing the importance of providing a safe place for the children to skate rather than skating in parking lots and on the streets as they are now:

Michael Hume
Jack Cook
Ben Rice, one of the skate boarders who was present
Frank and Judy Spees
Kim Young

John and Virginia O'Connor spoke in opposition to the proposed plan, specifically the location and the cost of the project. Norman Rosensteel, representing the Point Homeowners Association at 933 Northwood Blvd., stated that their property is directly above the
Commissioner Shaw asked about the $238,000 cost of the project. Ms. Mullen advised that there are some fundraisers planned and any money that is raised would be deducted from the cost of the project. She further stated that the recommendation is to authorize the use of the 4B funds in the "not-to-exceed" amount of $238,000. In response to Commissioner Camp, Ms. Mullen stated that some of the other parks discussed were built with a lot of volunteer work and that construction costs at Incline are higher.

Commissioner Galloway noted that the primary body of jurisdiction for the project is the Incline Village General Improvement District; that body has held many public meetings; that they will still have to seek TRPA approval for their plan; and that there is always a tendency for the opponents to try to keep going to different levels or boards. He further stated that the County should be looking for something blatant in scrutinizing this project, something that would be a danger to public safety, or something totally beyond the scope of the project; and that he does not see any of that.

Having made the findings that subject amendment is an appropriate amendment to the plan and that the placement of the facilities is appropriate, on motion by Commissioner Galloway, seconded by Commissioner Camp, which motion duly carried, Chairman Bond ordered that the Parks District 4B Master Plan be amended to include a skate park at Incline Park.

On motion by Commissioner Galloway, seconded by Commissioner Camp, which motion duly carried, Chairman Bond ordered that the use of Park Construction Tax District 4B funds in the amount of $238,000 be authorized to construct the skate park.

98-847 REQUEST TO EXCLUDE PYRAMID LAKE INDIAN RESERVATION FROM ELECTRIC SERVICE FRANCHISE AREA

Madelyn Shipman, Assistant District Attorney, briefed the Board concerning the request from the Pyramid Lake Paiute Tribal Council that reservation land be excluded from Washoe County's electric service franchise area retroactive to July 1, 1998, provided copies of agreements that would require amendments if the Board approves the request, and stated that the franchise fee, which goes directly to the Washoe County School District, is approximately 2 percent, and the homes that would be affected would amount to less than $2,000 per year.

Steve Williams, Washoe County School District, advised that he does not think the reservation area is included in the funds the school district gets from this franchise fee, and if that is the case, this would have no impact on them. Ms. Shipman stated that if Sierra Pacific Power Company has made its own decision to exclude the reservation, the agreements would still need to be amended. Tom Ciesynski, Chief Accountant for the WCSD, stated that it is his understanding that both Sierra Pacific and Southwest Gas have separate arrangements with the Tribe, and that the school district will not be losing any fees as they currently do not receive funds from the reservation.

The Board concurred that more research is needed on this request and on motion by Commissioner Mouliot, seconded by Commissioner Shaw, which motion duly carried, Chairman Bond ordered that the request by the Pyramid Lake Paiute Tribal Council to exclude the Pyramid Lake Indian Reservation from Washoe County's electric service franchise fee area be continued to September 8, 1998, and that staff work with the Tribe, the school district and Sierra Pacific Power Company on this matter.

98-848 DISCUSSION - DRAFT INTERLOCAL AGREEMENTS - CITY OF RENO - REGIONAL AND NEIGHBORHOOD PARKS ANNEXATION ISSUES

Karen Mullen, Parks and Recreation Director, updated the Board concerning the status of agreements with the City of Reno regarding various County parks that will be affected by Reno's annexation program, stating that she has had an opportunity to visit with Assistant City Manager Ralph Jaeck; that, on first review, they are basically in agreement with the draft proposed for the regional parks and special use facilities; and that their only exception to that was for facilities such as Rosewood Lakes, which is owned by the City of Reno and they felt that if it is owned by Reno, Reno should govern it and maintain it. She further advised that as far as open space and trails, additional work is needed in that area to determine exactly what is out there and who owns it. Commissioner Galloway expressed his concerns about trails, or portions thereof, that have been abandoned, such as Pioneer Trail, and his desire that that doesn't happen in the future.

Katy Simon, County Manager, suggested that exhibits be prepared for each agreement that clearly identify which properties are covered by which agreement.
Ms. Mullen agreed stating that staff needs to get together with City of Reno staff and get out the map books and really look at everything.

Commissioner Galloway stated that he is having a real problem trying to figure out why the County would ever turn something like Rancho San Rafael over to the City. Chairman Bond stated that she sees this whole issue as an attempt to clarify the situation and possibly come to a resolution that will protect the County from annexations into the City.

Commissioner Mouliot stated that he will acknowledge that the City of Reno is doing much better than they were a few years ago on maintaining the parks, but he wants assurances that they will continue to do so and will not let any parks "die" because they need the funds elsewhere. Commissioner Shaw agreed citing the situation at Paradise Park. Ms. Mullen stated that they have discussed setting up some interagency standards for maintenance.

The Board directed that staff continue working with the City of Reno on these agreements.
