RESOLUTION – POWER OF EMINENT DOMAIN – RUNNING BEAR DRIVE – PUBLIC WORKS

Ms. Singlaub said the task force that was appointed to make the recommendations supported this project; it was brought forward to the County Commission; and the County Commission took action to adopt that as a project.

Mr. Gadd stated the project description sheet that was prepared in September of 2000 was brought forward by the Golden Valley/Panther Valley Citizen Advisory Board (CAB) members, and there are records from the County Commission that the CAB endorsed and approved the project. He stated the Panther Valley representatives wanted their $250,000 immediately, and he did not know how their funds were used. Mr. Griffith said Golden Valley worked together to determine how the community wanted to utilize the $250,000. It was brought before the Homeowner's Association, the community was asked to offers suggestions, and it was agreed that part of the funds should be spent on this project. He noted the Homeowner's Association and the committee agreed and supported this project.

ASSESSOR'S PARCEL NO. 552-040-20.

WHEREAS, negotiations with the current owners of the Owners' Parcel for the acquisition through purchase of the portion of the Owners' Parcel necessary for the Project (the "Necessary Parcel") have not succeeded;

WHEREAS, an appraisal of the Necessary Parcel was made by Johnson-Perkins & Associates, Inc., Real Estate Appraisers & Consultants, on June 24, 2003, which determined that the just compensation for the acquisition of the Necessary Parcel, as defined below, is Four Hundred Fifty Five Dollars ($455.00),

NOW, THEREFORE BE IT RESOLVED, BY THE BOARD OF COUNTY COMMISSIONERS OF THE COUNTY OF WASHOE COUNTY, IN THE STATE OF NEVADA ("the Board"):

1. The majority of property owners within the boundary of SAD 31 being in support of the Project, the approval of the Project by the Board of County Commissioners, the professional opinions of county officials and experts hired by the county, and the information and testimony presented to the Board of County Commissioners at the public hearing held on the day of the adoption of this resolution demonstrate that the public interest and necessity require the acquisition of a fee simple absolute interest in the Necessary Parcel for public use for the purpose of constructing, operating and maintaining certain portions of the Project;

2. The parcel shown on the shaded portion of Exhibit 1 and described by the legal description attached as Exhibit A (to the original resolution) is the Necessary Parcel, and is presently a portion of the Owners' Parcel. The Board of County Commissioners finds it necessary that the county acquire fee simple title to the Necessary Parcel.

3. The Project is to be located and is planned in a manner which is most compatible with the greatest public good and the least private injury and not harmful to historic landmarks or features.
4. The Necessary Parcel as specified above will be used for a public purpose as a roadway and is necessary for the roadway use.

5. The Board directs that the power of eminent domain be exercised against any and all necessary parties to acquire the fee simple title to the Necessary Parcel and the board finds that the acquisition is for the purpose of construction, repair and maintenance of certain portions of the Project.

6. The Board approves the taking of necessary action to accomplish the acquisition of the Necessary Parcel as stated above including, without limitation, obtaining any additional property appraisals or updates to existing appraisals, the hiring of experts to assist in the preparation and trial of the suit, the filing of a lawsuit in the proper court, the filing of a stipulation permitting the county to take possession of the Necessary Parcel, obtaining the right of entry which may be necessary for construction of the Project, and the deposit with the court of a sum of money equal to the just compensation for the acquisition of the Necessary Parcel as determined by Johnson-Perkins & Associates, Inc., Real Estate Appraisers & Consultants, on June 24, 2003, namely Four Hundred Fifty Five Dollars ($455.00).

7. The exhibits to this resolution consist of the following: Exhibit A (Legal description) and Exhibit B (Map to Support Legal Description), which were placed on file with the Clerk.

04-1119 ORDINANCE NO. 1252 – BILL NO. 1433 – GENERAL OBLIGATION BONDS – 350 S. CENTER

Sam Dehne, local resident, questioned the $12-million cost to purchase the building, commenting on the location and size of the building.

John Sherman, Finance Director, explained staff completed a due diligence process concerning the building. He said an appraisal was completed on the building and the parking garage and they were appraised at $9.7-million. He noted the balance of the debt would be used to rehabilitate the building. He confirmed the County would save money by owning the building.

Commissioner Galloway asked for a comparison in size and condition to the City of Reno's building at One First East Street. Mr. Sherman said staff had not completed a comparative analysis of cost per square foot to the City of Reno's building.

Commissioner Sferrazza confirmed in the past he did not support the purchase of this building due to excessive cost; however, in the long term he believes it would save the County money to own the building.
On motion by Commissioner Humke, seconded by Commissioner Weber, which motion duly carried, Chairman Shaw ordered that Ordinance No. 1252, Bill No. 1433, entitled, "AN ORDINANCE AUTHORIZING THE ISSUANCE BY THE COUNTY OF ITS NEGOTIABLE "WASHOE COUNTY, NEVADA, GENERAL OBLIGATION (LIMITED TAX) BUILDING BONDS (ADDITIONALLY SECURED BY PLEDGED REVENUES), SERIES 2004," IN THE AGGREGATE PRINCIPAL AMOUNT OF $11,900,000 FOR THE PURPOSE OF ACQUIRING, CONSTRUCTING, IMPROVING AND EQUIPPING BUILDING PROJECTS WITHIN THE COUNTY (350 S. CENTER STREET); PROVIDING THE FORM, TERMS AND CONDITIONS OF THE BONDS AND OTHER DETAILS IN CONNECTION THEREWITH; PROVIDING FOR THE LEVY AND COLLECTION OF ANNUAL GENERAL (AD VALOREM) TAXES FOR THE PAYMENT THEREOF; ADDITIONALLY SECURING THEIR PAYMENT BY A PLEDGE OF CERTAIN REVENUES; RATIFYING ACTION PREVIOUSLY TAKEN TOWARD ISSUING THE PROPOSED BONDS AND EFFECTING THE PURPOSE OF THEIR ISSUANCE; PROVIDING OTHER MATTERS RELATING THERETO; ADOPTING IT AS IF AN EMERGENCY EXISTS; AND PROVIDING THE EFFECTIVE DATE HEREOF, be approved, adopted as if an emergency exists and published in accordance with NRS 244.100.

Mike Specchio, Public Defender, referenced the agenda memorandum dated October 13, 2004 referring to the projected request for proposals (RFP) for a personal services contract for Public Defender conflict cases.

Commissioner Sferrazza inquired how the County cost for the RFP could exceed $2-million. Mr. Specchio explained the number and types of cases to be handled and the costs involved. He stated if the contract were presently put out to bid, no one would be able to match the cost of the current contract. Mr. Specchio pointed out the contract cannot be awarded solely on dollar amounts, as competency also has to be considered.

Commissioner Sferrazza requested outside counsel review the RFP before Board approval, as the District Attorney's Office in their memorandum indicated they have a potential conflict of interest in this matter. He said he had difficulties with the memorandum and the RFP.

Melanie Foster, Legal Counsel, stated the conflict of interest would be based upon litigation, which would include some of the discussion from past meetings. She said outside counsel would be welcomed.

Discussion ensued between Commissioner Galloway and Mr. Specchio concerning the RFP and the information to be included if it were put out to bid.

Commissioner Humke voiced his support of the staff recommendation, and he made a motion to direct staff to use the proposed RFP in a future process to solicit proposals upon the conclusion of the existing contract with Jack Alian. Commissioner Weber seconded the motion.

Chairman Shaw stated the contract for Mr. Alian was approved on May 11, 2004, and he said the RFP should be considered at a future time.

Commissioner Sferrazza said he could support the staff recommendation, but he requested the contract be put out to RFP at present to determine if there was a desire in the community to fulfill the contract.

Ms. Singlaub explained it would be difficult for any business owner to make a commitment through an RFP process three years into the future. She said it would be better to direct staff to return with an RFP process no later than a date that would allow for the process to take place by June 30, 2007. She stated such Board direction would be specific and binding on staff.

Commissioner Weber suggested the RFP process could wait until January 2007 because it would be disingenuous to the person who is presently fulfilling the
Gary Schmidt, Washoe County resident, advised the Board to seek outside counsel on this matter, and he voiced his support for a new District Attorney.

Commissioner Galloway stated he would like to see open bidding for the contract, as that has not taken place in years.

Commissioner Sferrazza made a motion to amend the motion on the floor to delete the timeframe from the original motion and leave the timeframe up to a future Board. Commissioner Galloway seconded the amendment.

In response to Ms. Singlaub, Commissioner Sferrazza clarified his amendment to the motion was to direct staff to use the proposed RFP in a future process to solicit proposals one year prior to the conclusion of the existing contract with Mr. Alian.

Mr. Specchio said if an RFP was issued July 1, 2006, which would be the start of the final year of the contract, the County would not be in violation of the Alian contract or be subject to any liability. Commissioner Sferrazza stated he did not want a specific date, only to specify one year prior to termination. Commissioner Galloway commented that if a future Board wanted to terminate the contract, Commissioner Sferrazza's motion would require that they could not do that until they have an RFP in place one year ahead of time.

Commissioner Humke acknowledged that Mr. Alian was a competent attorney for the contract and he currently had no intention to terminate the contract early.

Chairman Shaw called for a vote on Commissioner Sferrazza's motion to amend the motion. The motion carried with Chairman Shaw voting "no."

Chairman Shaw called for a vote on Commissioner Humke's original motion with the amendment. The motion carried unanimously.

**RESOLUTION – PURCHASE OF EAST STEELE RANCH – WATER RESOURCES**

Commissioner Galloway requested that each time the County completes an acquisition, staff pursue the possibility of keeping the property on the tax roll.

In response to Commissioner Sferrazza, Paul Urban, Flood Control Manager, explained this was an important first step of construction and implementation of the flood project. He said after the purchase of this property, it would remain open space; and it would become part of the flood project to be used for flood conveyance.
Upon recommendation of Mr. Urban, and Jeanne Ruefer, Water Resources Planning Division Manager, through Steve Bradhurst, Water Resources Director, on motion by Commissioner Sferrazza, seconded by Commissioner Humke, which motion duly carried, it was ordered that the following Resolution be adopted and Chairman Shaw be authorized to execute the same:
