The Board met in regular session in the Commission Chambers of the Washoe County Administration Complex, 1001 East Ninth Street, Reno, Nevada. Following the Pledge of Allegiance to the flag of our Country, the Clerk called the roll and the Board conducted the following business:

06-142 AGENDA

Sam Dehne, local resident, objected to the two-minute time limit and the camera angles used for certain individuals who spoke during public comment.

Gary Schmidt, Washoe County resident, stated the agenda items should be taken in the order they appear on the agenda. He suggested additional "time certain" items be placed on the agenda.

In accordance with the Open Meeting Law, on motion by Commissioner Humke, seconded by Commissioner Galloway, which motion duly carried with Commissioner Weber absent, Chairman Larkin ordered that the agenda for the February 14, 2006 meeting be approved with the following change: **Delete** Item 8D, Acceptance of a 2006 Emergency Management Performance Grant from the State of Nevada, Division of Emergency Management.

06-143 RECOGNITION – 2005 NEW YEARS' EVE FLOOD EVENT

County Manager Katy Singlaub commented on the number of Washoe County employees who were a part of the community's response to the 2005 New Years' Eve Flood event. Chairman Larkin read a statement describing the incident and the
efforts of the employees. Many Washoe County employees came forward to be acknowledged by the Board members.

Sam Dehne, local resident, offered suggestions on how to keep the community safe during a flood incident.

Gary Schmidt, Washoe County resident, described the impact on his neighborhood during the flood event and voiced his appreciation of those that responded to the emergency.

The Board members commented on the flood event and recognized the work of Washoe County employees and the local governmental entities.

06-144 RESOLUTION – WITHDRAW TROOPS FROM IRAQ

The following citizens spoke in support of the resolution concerning the withdrawal of troops from Iraq: Mark Hebert, Deb Guy, Nathaniel Jacobson, Patricia Axelrod, Earl Ammerman IV, Roger Best, Ann Reynolds, Russ Patrick, Robert McHaney, Sam Dehne, Juanita Cox, Susan Seidl, Mary Anne Galperin, Mark Prichard, Katherine Snedigar, Trish Swain, John Huer, Gary Schmidt, Gary Leason, Hans Frischeisen, and Steve Kralu.

The following citizens spoke against the resolution concerning the withdrawal of troops from Iraq: Arthur Hawn, Frank Patten, Bob Inscho, Jeff Pearson, Gary Nielsen, Norris Mellon, and Jeff Church.

Willis Beasley, area resident, was present at the meeting, but he left before he could speak. He submitted a letter in opposition to the resolution.

The Board members acknowledged the correspondence received from citizens in support of and opposition to the resolution.

Commissioner Sferrazza stated why he was in favor of the resolution, and he explained why he did not support the American invasion of Iraq. He listed the costs of the war in lives and injuries to soldiers, direct costs, and Veterans’ health care and disabilities. He requested the resolution be introduced and read. He said a precedent had been set to take a position on an issue that was outside the jurisdiction of the Board.

Commissioner Galloway confirmed he did not support the Board taking a stand on foreign policy issues. He said the Commissioners were elected to address community issues, and he stated not all citizens in Washoe County were behind the resolution. He remarked it was appropriate for citizens who disagreed with foreign policy to take that to Washington, D.C.

Commissioner Humke declared the duties of the Commission and the resolution were not compatible.
Commissioner Sferrazza thanked the Board for allowing him to place the item on the agenda. He believed the resolution had a tangible impact on Washoe County.

Commissioner Sferrazza moved that the resolution be introduced as amended. There was no second to the motion, and the motion died.

**06-145 PUBLIC COMMENT**

County Manager Katy Singlaub noted the time limit would be two minutes for all speakers. She stated the Open Meeting Law did not require a public body to tolerate comments that were willfully disruptive of the meeting by being irrelevant, repetitious, slanderous, offensive, inflammatory, irrational, or amounting to personal attacks. Ms. Singlaub noted Section 8.05 of the Nevada Open Meeting Law manual stated, “The Chair of a public body may, without the vote of the public body, declare a recess to remove a person who is disrupting the meeting.”

Patricia Axelrod, area resident, spoke against Chairman Larkin and explained how he had violated the Open Meeting Law during the meeting. She declared the Washoe County Library System censored "Reno talks war and peace" and the films that were to be presented.

Earl Ammerman IV, local resident, commented on the environment and the importance of recycling.

**3:43 p.m.** Commissioner Galloway temporarily left the meeting.

Ann Reynolds, Reno resident, commented the population of homeless had doubled because there was no money at the State and County levels for social services. She said public budgets had been looted by the immoral profits being reaped by the war. She declared the reason for the war was to demoralize the American public and set them against each other.

Sam Dehne, local resident, said a new draft should be instituted. He stated it made no sense to say that Washoe County was not associated with the federal government.

Juanita Cox, Sparks resident, declared the people created all levels of the government. She affirmed citizens had the right to redress their government through public comment.

Katherine Snedigar, area resident, addressed zoning and Truckee Meadows Service Area (TMSA) issues that impacted her neighborhood.

**3:52 p.m.** Commissioner Galloway returned to the meeting.
Larry Martin, Airport Authority Trustee, gave a brief update on the Reno-Tahoe International Airport.

Larry Cooper, local resident, presented a handout concerning transmission towers and their proximity to his property. He spoke about the impact the power poles and lines had on his land.

Carrie Cooper, area resident, commented on the handout presented by Mr. Cooper and asked the Board to correct the injustice they had created. She asked for an immediate halt to the placing of the poles and to reconsider undergrounding the lines. She invited the Board members to come to their home and see the impact on their property.

Robbin Palmer, local resident, remarked about the inequity of the business license fees and the impact on her business. She submitted a letter concerning the business license fee structure.

Bill Schley, Business Enterprise of Nevada (BEN) blind vendor, explained he was commissioned to take over the concessionary rights at the Mills B. Lane Justice Facility. He said the County requested he open a full espresso coffee bar; and, upon touring the building, he was informed by Public Works that no floor drain or plumbing would be put in. Mr. Schley said the Washoe County Health District stated it would be impossible for a full espresso coffee bar to be instituted in that building without a floor drain and a sink with plumbing. He asked for Commissioner Humke's assistance on this issue.

Mary Anne Galperin, Reno resident, thanked the Commissioners for the time given for the resolution. She explained how the war in Iraq would trickle down to impact Washoe County.

Gary Schmidt, Washoe County resident, commented on the prejudicial act of unequal treatment by the Chairman concerning time given to citizens for their public comments. He expressed his opposition to the two-minute time limit and pointed out Washoe County was the only governmental body in the community that did not allow three minutes for public comment.

COMMISSIONERS'/MANAGER'S ANNOUNCEMENTS

Chairman Larkin requested an agenda item for an appearance by the Airport Authority Board. He asked for a staff report concerning the power lines discussed by the Coopers during public comment. He noted there would be a groundbreaking of the Regional Transportation Commission (RTC) Centennial Plaza on February 23, 2006, and he encouraged the Commissioners to participate. Chairman Larkin commented on a court case, Schmidt versus Washoe County, concerning Open Meeting Law violations by the Commission. He said it was ruled by Judge Jerry Polaha that the Commission did not violate County or State law regarding the placement of items
Commissioner Sferrazza asked staff to report on the power lines addressed by the Coopers during public comment. He requested a report on the fees Robbin Palmer was paying for her business license. He reported on his attendance at a recent open house for the Family Peace Center, and he described the services the facility provided to Washoe County. He said the organization would be coming forward to ask for County support, and he requested that be placed on a future agenda.

Commissioner Galloway commented on the unintended consequences that followed recent code changes. He asked staff to report on the feasibility of a code revision in a situation impacting the School District. He requested the legal division consider if there could be a delayed effectiveness of the ordinance that would be amending Chapter 60 of the Washoe County Code by adopting the 2003 edition of the International Fire Code. He noted there would be a first reading of this ordinance later in the meeting. Commissioner Galloway remarked he was disappointed that the Airport Authority stopped televising its meetings. He asked for that issue to be covered in the future presentation. He commented on the Fourth Street Transit Oriented Development (TOD) and asked for advice from staff on the topic.

Commissioner Humke thanked the Airport Authority Trustees for being in attendance. He said he received the letter from Bill Schley, as referenced during public comment; and he asked for an agenda item if staff could not solve the issues. He requested an agenda item prior to a certificate of occupancy being issued. He asked for a tentative agenda item or staff report regarding the business license fee for Ms. Palmer. Commissioner Humke confirmed his attendance at a recent SCR 26 meeting and not the Reno Sparks Convention and Visitors Authority (RSCVA) meeting, as was stated by the news media. He commented he was working with the Citizen Advisory Boards (CAB's) on the development of a purpose statement regarding the South Valleys Area Plan. Commissioner Humke announced he and Commissioner Weber were present at a meeting of the Volunteer Firefighters, and he thanked the Reno Fire Command staff for being there and participating in the meeting. **06-164 STAFFING INCREASE - SHERIFF**

Katy Singlaub, County Manager, explained an extensive lead-time was required to recruit and train the staff needed for the opening of the Mills B. Lane Justice Center and the jail expansion. She said the fiscal impact, as noted in the staff report dated January 15, 2006, gave the Sheriff’s Office and Human Resources the authority to begin recruiting.

Upon recommendation of Todd Vinger, Commander, through Dennis Balaam, Sheriff, on motion by Commissioner Humke, seconded by Commissioner Sferrazza, which motion duly carried with Commissioner Weber absent, Chairman Larkin ordered that the increase of staffing for the Sheriff’s Office by 24 additional Deputies, 3 additional Sergeants, 3 additional Sheriff Support Specialists, 3 additional Court Security Officers (CSO’s), and 2 additional Part-Time CSO’s be approved. It was further ordered that the Finance Department be directed to make the necessary budget adjustments and Human Resources be directed to make the necessary staffing adjustments. It was noted the Sheriff’s Office may start the hiring process in order to have Deputies available to attend the May 2006 Academy.

**06-165 STAFFING INCREASE - CRITICAL CRIME LABORATORY POSITIONS - SHERIFF**

Katy Singlaub, County Manager, said an analysis concerning the extensive training required to have adequate professional services in the Crime Lab was provided in the staff report dated January 25, 2006. She remarked over-hiring occurred in law enforcement due to specialized training periods.

Mike Haley, Undersheriff, indicated the training time for DNA specialists, Criminalist, and Latent Print Examiners was between three to five years. He added the margin of error for Latent Print Examiners was zero.

Don Means, Commander, said the General Criminalist needed to be proficient in examinations that included arson, explosives, foot and tire prints, glass, and
hair and fiber. He explained extensive training was needed because, if a wrong identification was made, the Criminalist would lose their certification.

Upon recommendation of Commander Means, through Dennis Balaam, Sheriff, on motion by Commissioner Sferrazza, seconded by Commissioner Humke, which motion duly carried with Commissioner Weber absent, Chairman Larkin ordered that the overhire for one year (from date of hire) of Critical Crime Laboratory positions by one General Criminalist and one Latent Print Examiner be approved. It was further ordered that the Finance Department be directed to make the necessary budget adjustments and Human Resources be directed to make the necessary staffing adjustments.

Matt Beckstedt, Information Technology (IT) Director, stated this product went through an extensive selection process through the Purchasing Department. Sanborn Mapping Company, Inc.
VARGIS
Horizons, Inc.
Mapcon Mapping, Inc.
Vertical Mapping Resources, Inc.
Stewart Geo Technologie, Inc.
Digital Mapping, Inc.

Commissioner Sferrazza asked why the lowest bid was not accepted. Matt Beckstedt, Information Technology (IT) Director, replied the Base Map Committee looked for high quality. He said the Committee evaluated this product against the others and found proven quality. He noted this was the first time the County would use an all digital product.

Commissioner Sferrazza disclosed Ron Maxwell, Base Map Committee Chairman, City of Sparks, was related to his wife; and he would abstain from voting.

Upon recommendation of Mike Sullens, Senior Buyer, through John Balentine, Purchasing and Contracts Administrator, Mr. Beckstedt, and Thomas Lo, IT Manager, on motion by Commissioner Humke, seconded by Commissioner Galloway, which motion duly carried with Commissioner Sferrazza abstaining and Commissioner Weber absent, Chairman Larkin ordered that the proposal submitted by Mapcon Mapping Company, Inc., in response to RFP No. 2507-06 for Ortho-Photography, 2-foot Contour Mapping Products and Building Footprint Products on behalf of Washoe County and the Joinder Agencies (the Cities of Sparks and Reno, Sierra Pacific Power Company, Carson City and Douglas County), in the estimated amount of $591,209 (FY 06), $500,000 (FY 07), and $500,000 (FY 08) be accepted. 06-170  REJECTION OF BIDS - HIDDEN VALLEY NEIGHBORHOOD PARK - PWP-WA-2006-66 - PUBLIC WORKS

Katy Singlaub, County Manager, said the bid had been redesigned; and the low bid still came in over budget. She stated the region was experiencing these problems due to accelerated construction costs. Ms. Singlaub added staff recommended rejecting the bids and redesigning the scope of work.

Commissioner Humke asked if the problem was with the source of funds. Ms. Singlaub replied the budget would need to be augmented.

Tom Gadd, Public Works Director, said this project was funded through the Parks Construction Tax Fund. He said, the first time this went to bid, the lone bidder came in well over budget. Mr. Gadd explained, when it went out the second time, several bidders responded, but the low bid was still $90,000 over budget. He said, if the Board chose to receive funding from another source, it would need to be done quickly since the bids were close to expiring.

In response to Ms. Singlaub, Roger Van Alyne, Public Works Deputy Director, replied staff may be able to return to the bidder and extend the life of the bid; however, staff would have to be judicious since the County was not allowed to have discussions with the contractor prior to awarding the bid.

Gregg Finkler, Parks Operations Superintendent, commented new construction within that park district continues. He said, if this project was delayed, staff
would see dollars contributed into the Park Construction Tax Fund due to new construction in the area.

Commissioner Galloway asked if the Board was allowed to continue the item. Ms. Singlaub suggested continuing the item but allowing the possibility for action on February 28, 2006.

On motion by Commissioner Humke, seconded by Commissioner Galloway, which motion duly carried with Commissioner Weber absent, Chairman Larkin ordered that this item be continued to the meeting scheduled for February 28, 2006.

Chairman Larkin noted this amendment was clean-up language for several related issues; however, staff was still undergoing a complete review of the County Code. Mike Harper, Planning Manager, explained there were changes to NRS at the 2005 Legislative session that needed to come forward.

Susan Seidl, local resident, commented on the complaint process. She suggested something be included to require the person complaining to have a nexus to the property they complained about.

Juanita Cox, Sparks resident, commented on several of the Articles listed within the Ordinance.

Katherine Snedigar, local resident, voiced her opinion of her private property for personal use.

06-174 BILL NO. 1467 – AMENDING WCC CHAPTER 60 – 2003 EDITION OF THE INTERNATIONAL FIRE CODE WITH AMENDMENTS

Juanita Cox, Sparks resident, stated she felt the public may be harmed by some of the language in this Ordinance.

In response to Commissioner Humke, Captain David Mills, Reno Fire Department, explained it was standard procedure when the Code came out to wait one year before adoption because of technical issues and the time line.

Bill No. 1467 entitled, “AN ORDINANCE AMENDING CHAPTER 60 OF THE WASHOE COUNTY CODE BY ADOPTING THE 2003 EDITION OF THE INTERNATIONAL FIRE CODE WITH AMENDMENTS,” was introduced by Commissioner Galloway, the title read to the Board and legal notice for final action of adoption directed.
John Slaughter, Management Services Director, updated the Board on Bill Draft Requests (BDR’s). He anticipated the preliminary list would be before the Board in April. Mr. Slaughter said the SCR 26 subcommittee met on February 13, 2006 where a discussion ensued between the Southern Nevada Water Authority (SNWA) and various Washoe County water agencies. He said there appeared to be overall agreement that a single regional water authority was something the County would continue to examine. Mr. Slaughter said it was discussed that the stakeholders would meet to confer where they agreed and disagreed. He said Senator Mark Amodei requested Legislative staff provide a report on items related to the various water agencies in Washoe County, the make up of the Governing Board of those agencies, and the Legislative history of the subcommittee.

Chairman Larkin proposed March 10, 2006 for a joint meeting with the Sun Valley General Improvement District (SVGID), the South Truckee Meadows General Improvement District (STMGID), the Truckee Meadows Water Authority (TMWA), and the Board. He suggested one staff report be presented for the joint meeting.

Commissioner Galloway said the staff report should contain resolved issues and clearly indicate where there was not an agreement.

Commissioner Humke was intrigued by the Legislative analysis of the Interim Committee. He suggested a consolidated format of reports.

Commissioner Sferrazza said he was receptive to all proposed resolutions. He supported any governance model that provided representation of Washoe County and ensured that SVGID and STMGID would be given representation.

Commissioner Humke said the County process used to take on additional partners was an important issue to him. He disclosed he had inadvertently met with Commissioner Goodman from Lyon County, and water was discussed.

Steve Cohen, STMGID Chairman, believed this was important and should happen sooner than later and suggested a March 3, 2006 joint meeting.

Upon further discussion, Chairman Larkin stated that March 10, 2006 would be an acceptable date for the joint meeting.

**REPORTS AND UPDATES FROM COUNTY COMMISSIONERS**

Commissioner Galloway requested an agenda item concerning governance be heard before the joint meeting with the South Truckee Meadows General Improvement District, Sun Valley General Improvement District, and Truckee Meadows Water Authority. He commented on discussions pertaining to the Transit Oriented
Development (TOD) at a recent Citizen Advisory Board meeting that could affect all Districts.

Chairman Larkin said he would be attending an Influenza Pandemic meeting in Las Vegas, Nevada. He indicated there would be a mediation for homeowners regarding livestock in the Warm Springs Basin on February 16, 2006.
