She stated she was one of eight employees within that department whose positions would be eliminated on June 30, 2008. She said the budget proposal presented by Cooperative Extension Director Frank Flavin on March 17, 2008 was followed by several Commissioners’ questions regarding the budget, source of uncut funding, and the $1 million surplus, but there was no direct mention in regard to the abolishment of eight County positions. She explained as of July 1, 2008 there would no longer be any County employee positions at Cooperative Extension. Ms. Smullen commented on April 2, 2008 staff attended a mandatory meeting and were told that eight County positions were being terminated as of June 30, 2008 if they did not transfer to State classified positions. She said they had not been offered transfer or buffering rights. Ms. Smullen remarked County employees were being targeted for lay-offs rather than State employees who had buffering rights and indicated County employees would also lose County medical and retirement benefits. She asked why the change could not be accomplished over the next 3-4 years allowing County employees the ability to transfer or promote to other County positions.

Tom Noblett discussed a property in Sun Valley that had numerous County Code violations and requested the Board review the situation and possibly direct the appropriate department to follow-up on the complaint.

08-307 AGENDA ITEM 8 – FINANCE DEPARTMENT

Agenda Subject: “Update on Fiscal Year 2007/08 and 2008/09 Budgets and possible direction to staff.”

John Sherman, Finance Director, and Melanie Purcell, Budget Manager, conducted a PowerPoint presentation explaining the County’s Department Reduction Plans for fiscal year 2008/09 and consolidated taxes, which was placed in file with the Clerk. Ms. Purcell stated the next steps would be on April 22, 2008 a presentation of options to close the FY 2008/09 initial shortfall; May 19, 2008, a public hearing to consider FY 2008/09 proposed budget; and June 10, a presentation of options to address FY 2007/08 budget revenue challenges.

Commissioner Galloway asked if the schedule distributed represented additional reductions or were they combined with the previous reductions. Ms. Purcell explained the original budget was taken for FY 2007/08 and then a 2.5 percent reduction was applied.

In response to Commissioner Galloway, Katy Singlaub, County Manager, clarified staff was not requesting the Board to take action on these recommendations; however, was just presenting the Board the “first pass.” She noted the final budget
hearing was scheduled for May 19, 2008. She explained staff did not want reductions to create increases and expenditures elsewhere.

Commissioner Jung requested a section on the Department Reduction Plan that noted what department heads chose to reinstate or forego.

In response to Commissioner Humke, Ms. Purcell replied the Cooperative Extension did not receive General Fund monies, but was a dedicated revenue source. Commissioner Humke asked if the Law Library and the Library could be consolidated. Ms. Singlaub stated that had been previously discussed and could be a direction of the Board to pursue that option. Commissioner Humke suggested the County Manager pursue all opportunities, and he requested a list of funds that were not part of the General Fund.

Commissioner Galloway said the total recommended reductions were $17.5 million, but the County could be facing a shortfall of an additional $6 million. He agreed with the consideration of combining the Law Library and the Library.

The Board discussed and reviewed the Department Reduction Plan including FY08 adopted budget, targeted percentages, targeted reduction amounts, department submissions, reduction descriptions and consequences, recommended budget reductions and additional notes and suggestions.

In response to Chairman Larkin, Richard Gammick, District Attorney, explained at the current time Early Case Resolution (ECR) was not being practiced and they would wait upon the Supreme Court to see if ECR would be reinstated. Mr. Gammick said there were several options presented in the District Attorney’s budget presentation and noted staff was reviewing the possibility of returning all or part of the Family Support Division to the State.

Howard Conyers, District Court Administrator, responded to questions from Chairman Larkin. He said many of the items the Court submitted were revenue enhancements principally in the area of revenue collection and had estimated $167,000 in increased collections might be realized by better cooperation with the County Collections Department. Chairman Larkin said the target reduction amount the Board had requested of District Court was $827,000; however, their budget submission was $297,000 with budget staff recommending $490,000. He asked how the Court was going to reach those additional reductions. Mr. Conyers replied during the District Court budget presentation some alternatives were presented that came to that figure. Chairman Larkin stated he saw the presentation and again asked how the Court was going to achieve $827,000 in reductions. Mr. Conyers directed the Chairman back to the budget presentation. Chairman Larkin indicated the District Court would be placing the Board of County Commissioners in a position of meeting that $827,000 target without the Court’s skill and knowledge in achieving that amount. Mr. Conyers explained he was continuing to work daily with fiscal staff on attempting to improve the collections and identifying additional savings. Chairman Larkin stated he expected during the April budget review that the
Commissioner Humke said operationally some of the suggested budget cuts for the Court would not work and agreed that on-going discussions between the District Court and fiscal staff was encouraging. Ms. Purcell confirmed fiscal staff met daily with the District Court.

Chairman Larkin summarized that during the April 15, 2008 Commission meeting the District Court would present an update on achieving their budget reductions and an Equipment Services audit update would be submitted. Chairman Larkin requested a report on the fund balance and the cash flow implications be placed on the April 22, 2008 agenda.

In response to the call for public comment, Gary Schmidt stated his opinion on the current budget situation.

There was no action taken on this item.

4:17 p.m. The Board recessed.

AGENDA ITEM 11 – DISTRICT ATTORNEY’S OFFICE

Agenda Subject: “Recommendation to approve Resolution reorganizing Sierra Fire Protection District from a district receiving Federal Aid formed under Chapter 473 of the Nevada Revised Statutes into a County Fire Protection District formed under Sections 474.460 to 474.540 of the Nevada Revised Statutes through the dissolution of the Chapter 473 Fire District and the establishment of a new Chapter 474 Fire District and assenting to termination of Cooperative Agreement for provision of fire services between Washoe County, Sierra Fire Protection District, the State of Nevada Department of Conservation and Natural Resources, and the Nevada Division of Forestry, effective June 30, 2008; and if approved, authorize the Chairman of the Board of County Commissioners to sign the Resolution."

Melanie Foster, Assistant District Attorney, explained this was the first formal step in the process to reorganize the Sierra Fire Protection District (SFPD) from an NRS Chapter 473 District to an NRS Chapter 474 District. She said a letter from the Department of Taxation was complete and awaiting final signatures then would be sent to the County. She said SFPD Chief Michael Greene acknowledged that this reorganization qualified as a creation of a new government and would be confirmed in that letter. Ms. Foster indicated there were still some open issues about the application of the tax cap statutes, the abatement rules and how much revenue would be realized, but through discussions with other agencies and governments it appeared those were being calculated differently throughout the State. She said the essential point was that the Department of
Taxation felt this qualified as a new government. Ms. Foster distributed an amended Resolution and stated the last line was amended to read “this was the establishment of a new county fire protection district created by the board of county commissioners incorporating the same territory included in the chapters 473 district pursuant to the Cooperative Agreement under the terms expressed therein.” She explained this preserved the status quo in accordance with the terms of the existing cooperative agreement.

Commissioner Galloway asked if this kept the door open in negotiating territory exchanges with any party. Ms. Foster said that was correct. She explained the schedule of events was listed in the staff report and indicated the final step of reorganization would be an adoption of an ordinance for creation.

There was no response to the call for public comment.

On motion by Commissioner Galloway, seconded by Commissioner Humke, which motion duly carried, it was ordered that Agenda Item 11 be adopted as amended, approved, authorized and executed.

Minutes Prepared by
Stacy Gonzales, Deputy County Clerk

ROBERT M. LARKIN, Chairman
Washoe County Commission

WHEREAS, the Sierra Fire Protection District was properly organized pursuant to chapter 473 of the Nevada Revised Statutes; and

WHEREAS, newly enacted sections of chapter 474 of the Nevada Revised Statutes allow the reorganization of a chapter 473 fire district into new chapter 474 county fire protection district, following a finding of feasibility by the State Forester Firewarden; and

WHEREAS, the dissolution of the chapter 473 fire district is necessary because a county fire district organized pursuant to chapter 474 may only include territory not included in any other fire district; and

WHEREAS, the reorganization through dissolution of Sierra Fire Protection District as a chapter 473 fire district and establishment of a new chapter 474 county fire protection district will provide for the clear delineation of service providers; and

WHEREAS, Washoe County, the Sierra Fire Protection District, the State of Nevada Department of Conservation and Natural Resources and the Nevada Division of Forestry, both agencies of the State of Nevada, entered into a Cooperative Agreement as of July 1, 2006 whereby the operations of the chapter 473 fire district was transferred to local control excluding State lands commonly known as Little Valley and the Lake Tahoe State Park; and

WHEREAS, the dissolution of the chapter 473 fire district and creation of a new chapter 474 county fire protection district will provide for the permanent transfer of the chapter 473 fire district to local control for increased efficiency and effectiveness and greater accountability to the Sierra Fire Protection District taxpayers.

NOW, THEREFORE, BE IT RESOLVED that because it is in the best interests of Washoe County and Sierra Fire Protection District, the Sierra Fire Protection District shall be reorganized from a chapter 473 fire district receiving federal aid into a chapter 474 county fire protection district through the dissolution of the chapter 473 district and establishment of a new county fire protection district created by the board of county commissioners, see N.R.S. 474.460-474.540, incorporating the same territory included in
the chapter 473 district pursuant to the Cooperative Agreement under the terms expressed therein;

BE IT FURTHER RESOLVED that staff is directed to immediately submit this Resolution to the State Forester Firewarden, along with a notice that the reorganization of Sierra Fire Protection District has been determined to be in the best interests of Washoe County and Sierra Fire Protection District and a request that he determine whether the reorganization is feasible; and

BE IT FURTHER RESOLVED that by the execution of this Resolution, Washoe County assents to the termination of the Cooperative Agreement between Washoe County, the Sierra Fire Protection District, the State of Nevada Department of Conservation and Natural Resources and the Nevada Division of Forestry, both agencies of the State of Nevada, effective June 30, 2008.

ADOPTED the 8th day of April, 2008.
