Changes for the General Election

- LED Warning Light
- Larger Privacy Shields (coming soon)
- Poll Worker Processes and Training
- Updates to system from Vendor
SAMPLE BALLOTS

- Mailed in Two Parts
  - Informational portion with ballot facsimile
  - 2018 Ballot Questions

- Two Reasons
  - Size of the sample ballot is large with the length of ballot questions
  - Cost savings to mail two pieces separately
    - Savings on cost of labor on manual insertions of an additional piece and postage savings
ELECTION MAILERS

What Voters Should Know:

- Can come from Political Parties, Nonpartisan Organizations, or other Third Party Groups
- These groups and these type of mailings are not coordinated by or affiliated with our office or the office of the Secretary of State
- Their mailing lists are also not coordinated with our office and can come from mail house lists or other sources
- By law, they must identify who the sender is and they cannot have any logo/seal of a State or local government agency or official election mail insignia
VOTER REGISTRATION AND ADDRESS CORRECTIONS

- Voter registration and address updates and corrections are a continuous part of what we do.
- We perform several voter list maintenance projects each year along with notifications from the USPS or other sources; however, not everyone gets caught in these nets.
- What to do if you receive election related mail at your address for someone who is not a resident of your address.
- Voters can register without having a physical address assigned to you where you reside.
SECURITY UPDATE

- Working with Department of Homeland Security (DHS) and the Secretary of States Office
  - Albert sensor installed to monitor traffic and reports questionable activity across the network
  - Participated in the National Table Top Exercise at the State Emergency Operations Center in conjunction with DHS in August in preparation for the General Election
- EI-ISAC (Elections Infrastructure Information Sharing & Analysis Center)
- MS-ISAC (Multi-State Information Sharing & Analysis Center)
  - As a member we have access to election-specific threat intelligence products, cybersecurity awareness and training products and webinars, security best practices, and cybersecurity alerts and advisories.
