Executive Summary of FY2016-17 Final Budget

Attached is the Fiscal Year 2016-2017 Washoe County Final Budget. The budget, summarized in Schedule A, is comprised of 21 Governmental Funds and six Proprietary Funds. The combined appropriations of Governmental Funds total \$542,065,740 and operating and other expenses in the Proprietary Funds total \$92,303,792. This Executive Summary provides a summary of broad economic and operating assumptions and trends used in the development of the County's budget.

Economic Conditions

Washoe County continues to show signs of a robust recovery since the Great Recession. If anything, the recovery has the potential to accelerate slightly compared to the last several years, although a general slowdown in the US and global economy in the future always has the potential to quash or decelerate growth in the region. Some of the economic measures pointing to the strength of the economy in Washoe County include:

- Washoe County's annual unemployment rate for 2015, 6.3%, was exactly half that of 2011 (12.6%). Total employment in the County has increased nearly 10% over that time and initial jobless claims are now down more than 9% since last year.
- Median household effective buying income in Washoe County in 2016, \$48,459, exceeds the national average of \$46,738 and the State average of \$46,230.
- As a result of these income trends and overall economic activity in the region, taxable sales as of January 2016 were 7.35% higher year-over-year.
- The housing market in the area also continues to rebound. The median price of homes sold in January 2016 was more than 15% higher than last January.
- New construction, particularly of single family homes, has begun to take hold, although it is not approaching the boom period of the early 2000's. Through November 2015, total building permits issued were 13,690 compared to 8,354 in 2010. The value of that construction has nearly tripled since that time.

The County is mindful that certainly some of the growth experienced in 2014 and 2015 likely reflects a temporary shift up in business expenditures and overall spending due to the development of major industrial plants in the area and associated residential construction to fill the current housing gap in the area. This growth, termed by many as the "Tesla effect", will eventually come to an end and growth will normalize in the region, but we do not expect that to occur in Fiscal Year 2016-17.

Despite the continued improvement of Washoe County's economy and rising home values, the County's main General Fund source of revenues and single greatest source of revenue overall, property taxes, will not track this growth. At the same time, the increased population in Washoe County and new development carries with it a demand for services, which will place a strain on county services due to the lack of commensurate revenue growth.

Revenues and Other Sources:

Approximately 80% of the County's General Fund revenues derive from two sources: the ad valorem property tax and Consolidated Tax ("C-Tax"). For the first time since the current property tax system was established by law in 2005, the residential property tax cap, which sets how much a property owner's bill can increase in a year, has fallen below the statutorily established 3%. The cap is based on the general cap which is the maximum of either: (a) two times the increase in the Consumer Price Index (CPI) for the preceding calendar year or (b) the average of the percent change in assessed valuation for the coming year and the percentage change of the preceding nine years. The maximum property tax cap for residential properties is 3%. Based on the State's calculation that the average percent change in assessed valuation in Washoe County is negative, the formula is set this year as two times CPI, which in 2015 was only 0.1%. The resulting property tax cap of 0.2% generates an immaterial amount of increased revenues to fund costs to provide services to the existing population.

Fortunately, new development is estimated to generate an additional 2% to property tax revenues. As a result, General Fund property taxes are projected by the State Department of Taxation to increase to \$151.9 million. This includes the net amount of AB 104 property tax revenues to be received by the County.

After increasing 9.4% in Fiscal Year 2014-15, the Consolidated Tax is projected by County staff to increase 8.0% in each of Fiscal Year 2015-16 and 2016-17. Total receipts of this tax, of which approximately 80% consists of sales taxes, are estimated to increase to \$95,509,745 in Fiscal Year 2015-16 and \$103,150,525 in Fiscal Year 2016-17. C-Tax is much less of a lagging revenue than many governmental revenues; therefore, revenues from this source reflect to some extent the "Tesla effect".

Overall, General Fund revenues are budgeted to increase 4.9% in Fiscal Year 2016-17 from \$301.46 million to \$316.34 million.

Expenditures and Other Uses:

The General Fund is the primary operating fund of the County and encompasses operations such as public safety; judicial functions such as District Court, the four justice courts in Washoe County, the District Attorney and public defense; general government and finance functions; library services; parks and recreation; social services; and many other functions.

Total budgeted expenditures for Fiscal Year 2016-17 are \$275,029,092, which is a decrease from budgeted expenses in Fiscal Year 2015-16 of \$288,299,533. A large part of the decrease is related to the County's contributions for Other Post Employment Benefits (OPEB), which are health insurance benefits provided to eligible retirees. Previously, the County's annual payment to the OPEB Trust for eligible retirees' health benefits was processed out of a central account in the General Fund. Other funds' and departments' share of this annual cost was determined in the County's indirect cost allocation plan, prepared by a consultant. The General Fund was then reimbursed by other county funds for their allocated portion of the OPEB payment. In consultation with the County's indirect cost plan consultant and Comptroller's Office, it was agreed that beginning with the Fiscal Year 2016-17 budget, the County

will directly allocate each department's and fund's allocated share of the annual OPEB payment to these departments' and funds' operating budgets. In this way, the full cost of benefits associated with each department will be shown in that department's budget, thus increasing transparency to our residents of this cost. A consequence of this change is that the total OPEB payment budgeted in the General Fund will decline from the full County payment of \$17,680,000 in Fiscal Year 2015-16 to just the General Fund's portion of the OPEB payment of \$15,718,601. Overall, however, the County's total OPEB contributions will increase from \$17,680,000 in Fiscal Year 2015-16 to \$20,946,000 in Fiscal Year 2016-17.

Another significant budgeting change adopted for the Fiscal Year 2016-17 budget concerns building leases and gas/electric utilities for county facilities, which were also previously charged to departments and funds through the indirect cost allocation plan. These costs are now directly budgeted in departments' budgets beginning in Fiscal Year 2016-17. The impact of this change is a reduction in the General Fund's budget for these costs but also an offsetting reduction in overhead charges received by the General Fund.

Lastly, the Fiscal Year 2016-17 budget includes a significant change in the budgeting of indigent services. These costs previously were split, with some costs budgeted in the Indigent Tax Levy Fund (Fund 221), and the General Fund's share of indigent service costs being budgeted in General Fund Cost Center 179-4. However, in order to show all indigent costs in one fund, 100% of indigent services costs are now shown in the Indigent Tax Levy Fund in Fiscal Year 2016-17. The Indigent Tax Levy Fund will receive a transfer from the General Fund totaling \$16,948,493, which represents the General Fund's share of these costs. As a result, transfers from the General Fund to other county funds are budgeted to increase from \$25.48 million to \$41.87 million in Fiscal Year 2016-17.

Other budget highlights or significant issues included in the Fiscal Year 2016-17 General Fund budget are:

- For Fiscal Year 2016-17, a total of \$3 million in requested budget enhancements from County departments are budgeted. This is considered a minimum number necessary to keep pace with the demands of the increased population and business community.
- Of the \$3 million in approved budget enhancements, the following new positions are recommended:
 - A new countywide security initiative will be implemented mid-year in Fiscal Year 2016-17 to increase and enhance security at the Second Judicial District Court, Reno and Sparks Justice Court, and major county facilities. This initiative will involve the replacement of contracted security personnel with full-time county security officers as well as increasing deputy sheriff staff to patrol county and court buildings.
 - A third full-time judge for Sparks Justice Court will be elected in November 2016 and take office in January 2017. New support staff for the third judge, including a bailiff and court clerk, is budgeted.

- Specialty courts at Second Judicial District Court and Reno and Sparks Justice Courts continue to grow in number. These courts include DUI courts, mental health courts, family court, and youth offender court. While these programs are considered extremely cost-effective versus traditional sentencing, additional legal and alternative sentencing officer staff is needed to support the increase in these programs.
- General Fund support for the Capital Improvement Program (CIP) is maintained at \$5 million.

Fund Balance Policy

On May 17, 2016, the Board of County Commissioners will formally consider increasing the target for the unassigned General Fund balance to 10 to 17 percent, with the recognition that it will take at least several fiscal years to reach the ultimate target of 17 percent. The Final Fiscal Year 2016-17 Budget includes an ending fund balance of \$43,034,587. After factoring in a \$3 million stabilization fund reserve and \$750,000 guarantee for baseball stadium debt, the budgeted unassigned (or available) General Fund balance as of June 30, 2017, is \$39,284,587, or 12.36%.

Special Revenue Funds

These funds account for specific revenue sources which are legally restricted for specified purposes. Major functions that are budgeted within special revenue funds include the County Health District, regional animal services, the Roads Fund, and human services (senior services, child protective services and indigent services). Budgeted expenditures and transfers out of Special Revenue Funds total \$170.6 million. This is an increase of \$20.6 million.

Within the Special Revenue Fund group, the greatest increase relates to the Welfare function. Appropriations for this function are budgeted to increase from \$67.4 million in Fiscal Year 2015-16 to \$90.7 million in Fiscal Year 2016-17. The reasons for this increase include:

- As noted previously, OPEB costs are now budgeted at the departmental level rather than being budgeted in a central General Fund account. This accounts for \$2.4 million.
- Payments to Other Agencies have increased \$3 million. Most of this is related to the budgeting of Hospital Unmet Free Care monies, which is a pass-through to the State.
- As noted previously, the County's indigent services function was previously split between activities funded in the General Fund and the Indigent Tax Levy Fund, a special revenue fund. The decision was made to budget for all indigent services in one budget unit – the Indigent Tax Levy Fund -- to increase transparency. The General Fund's portion of costs totaling \$16.9 million is now shown as a Transfer In to this fund.

Budgeted expenditures within the Health and Sanitation Fund have also increased \$2.3 million in Fiscal Year 2016-17. This is primarily the result of increased program costs for the Washoe County Health District.

Proprietary Funds

Proprietary funds for Washoe County consist of three enterprise funds (Building and Safety, Golf Course and the Utilities Fund) and three internal service funds (Equipment Services, Health Benefits and Risk Management). Overall, budgeted operating and non-operating expenses of these funds total \$92,303,792. This is an increase of 7.5% over estimated expenses in Fiscal Year 2015-16 of \$85,725,152. Significant changes to proprietary funds' budgets in Fiscal Year 2016-17 include:

- An increase of seven positions in the Building and Safety Fund to respond to greater development in unincorporated areas. These positions will be fully covered by anticipated revenues.
- Health insurance costs and other services and supplies budgeted in the Health Benefits Fund are budgeted to increase \$3.4 million in Fiscal Year 2016-17 to \$55,338,028.
- Operating expenses for the Utilities Fund are projected to increase \$1.87 million due to an increase in sewer and stormwater projects.

Conclusion

The table below provides a summary of appropriations for governmental funds, which include the General Fund, special revenue funds, capital project funds and debt service funds, and expenses of the County's six proprietary funds in the Final FY 2016-17 budget.

General Fund appropriations have increased from \$315.3 million in Fiscal Year 2015-16 to \$318.4 million in Fiscal Year 2016-17, an increase of only 1.0%. Total budgeted appropriations for all governmental funds have increased 6.3%, from \$509.7 million to \$542.1 million. Approximately \$3 million of this increase is attributable to increased capital expenditures. The remainder is primarily attributable to increased costs in the Welfare function. The reasons for this cost increase were discussed in the "Special Revenue Funds" section.

Washoe County's Fiscal Year 2016-17 budget reflects a continuation of the efforts of the Board of County Commissioners and management to consider new budgeting approaches, fund new positions through the reallocation of resources versus using new resources whenever possible, and prepare for future needs by increasing General Fund reserves. Through these efforts, the General Fund budget – after excluding \$1.5 million in the Contingency account – is now nearly structurally balanced despite the 0.2% cap on property tax revenues in Fiscal Year 2016-17, all while adding 45.89 full-time equivalent positions. At the same time, the County has budgeted an increase of the available General Fund ending balance from 8.3% in Fiscal Year 2015-16 to 12.4% in Fiscal Year 2016-17.

Just as importantly, Washoe County continues to be committed to providing quality customer service for its residents while responding to and facilitating new development in the region. The County has not increased taxes once again this year and shares the highest bond rating, AA/Aa/AA, in northern Nevada. While faced with a historically low property tax cap that suppresses property tax revenues this year, the County's Final Fiscal Year 2016-17 budget thus reflects a reasonable but conservative approach to balance future needs while continuing to be fiscally responsible.

Respectfully submitted,

Al Rogers
Director of Management Services
