GIS Mapping Supervisor

Roll Change Request 2018-2019  
RCR 4-1 through 4-5  
Correction to Valuation 361.345

We request that the Washoe County Board of Equalization approve the following changes in valuation for those properties presented on the attached spreadsheet. Please see RCR 4-1 through 4-5 for a thorough summary of the requested change in value.

For the 2018/2019 tax year, land values for certain fire affected parcels in the IGWW were increased based on applicable and comparable land sales. However, after an additional review of land values, it was found that certain values were inequitable when compared directly to similarly situated properties within adjacent and surrounding neighborhood(s).

To avoid inequities that currently exist, the Washoe County Assessors Department asks that the subject land values be reduced as presented on the attached spreadsheet. Approval will be applicable to the 2018/2019 fiscal year and will address the equalization concern that currently exists.
