AGENDA

In accordance with the Open Meeting Law, on motion by Vice Chairman Pullman, seconded by Commissioner Martini, which motion carried on a 5-0 vote with Commissioners Ainsworth and Gustin absent, Chairman Wolf ordered that the agenda for the March 16, 2007 meeting be approved.

RESOLUTION SUBMITTED BY WASHOE COUNTY SCHOOL DISTRICT (WCSD) PROPOSING ISSUANCE OF GENERAL OBLIGATIONS

The following individuals were present to provide information: Marty Johnson, JNA Consulting Group, WCSD Financial Advisor; Jennifer Stern, Swendseid & Stern, Bond Counsel; Gary Kramer, WCSD Chief Financial Officer; and Mark Stanton, WCSD Capital Projects Administrator.

Mr. Johnson reviewed the financial information provided to the Commission, which demonstrated the ability of the School District to afford the bonds
and meet the criteria set forth by the Debt Management Commission to consider proposals to issue bonds. He highlighted page five of the information packet illustrating that the School District would be well below its required debt limit after the issuance of the proposed $165 million in bonds over a three-year period. Mr. Johnson referenced pages six through eight of the packet, showing that the existing tax rate of $0.3885 should be sufficient to repay all outstanding and proposed bonds. He discussed the table on page nine containing projections that the School District would exceed its minimum required balance in the Debt Service Fund. Mr. Johnson commented that the School District did not anticipate any necessity to increase the tax rate. He pointed out a list of approved projects to be funded from the bonds provided in Appendix B of the information packet.

Commissioner Galloway and Mr. Johnson discussed the Debt Service Fund balance requirements and projections.

Commissioner Pugh asked what would happen if revenues generated by the existing tax levy were not sufficient. Mr. Johnson stated it would depend on the circumstances. He explained the School District would be unable to issue additional bonds until it could demonstrate compliance with the coverage test, and money for any outstanding bonds would be made up from the Debt Service Fund. The School District would raise the $0.3885 tax levy in order to repay the bonds in the unlikely event that the Debt Service Fund was depleted.

Chairman Wolf asked if the southern Nevada schools were experiencing difficulty between rapid growth and the inability to generate revenues to support the infrastructure needed for growth. Mr. Johnson commented it was not currently an issue, although it had been in the past. He explained the Clark County School District was given access to some room tax money and real property transfer tax money during the 1997 Legislative session but those revenue sources were not available to the Washoe County School District.

Commissioner Galloway commented that the estimated revenue projections looked realistic. Mr. Johnson stated that the School District was using a conservative estimate of 4 percent revenue growth in future years.

On motion by Commissioner Martini, seconded by Commissioner Pullman, which motion carried on a 5-0 vote with Commissioners Ainsworth and Gustin absent, it was ordered that the following Resolution be adopted and the Chairman be authorized to execute the same:
