The Washoe County Debt Management Commission (DMC) met at 3:04 p.m. in the Washoe County Caucus Room, Administration Complex, 1001 East Ninth Street, Reno, Nevada, in full conformity with the law, with Chairman Gustin presiding. Following the Pledge of Allegiance to the flag of our Country, the Clerk called the roll and the Board conducted the following business:

10-007DMC AGENDA ITEM 4

Agenda Subject: “Public Comments”

There was no one present for public comment.

10-008DMC AGENDA ITEM 5

Agenda Subject: “Approval of the minutes of the February 5, 2010 meeting”

On motion by Commissioner Martini, seconded by Commissioner Hunting, which motion duly carried with Commissioner Salazar abstaining and Commissioners Breternitz and Hollinger absent, it was ordered that Agenda Item #5 be approved.
AGENDA ITEM 6

Agenda Subject: “Consideration and possible approval of a resolution approving the proposal of the City of Reno to issue an installment purchase agreement in one or more series to finance a building project, including energy conservation and renewable energy projects.”

Amy Harvey, Washoe County Clerk, read the title of the Resolution into the record.

Chairman Gustin introduced Jason Geddes, Environmental Services Administrator, and Mary Ann Parrot, City of Reno Finance Director. He explained it was imperative the City of Reno get started as soon as possible on their energy projects. He explained the cost savings would pay for the projects over the time period and they met all of the regulated criteria.

Commissioner Hunting inquired what the approximate pay back period was on the energy projects. Mr. Geddes responded the entire pro forma they put together was for 15 years, which was the maximum as regulated by NRS 332. He explained they chose the projects that would allow them to maximize that particular time frame. He reported the Energy Conservation and Recovery Zone Bonds to be used had a 15 to 18 year payment time. In response to Commissioner Hunting’s question regarding positive net present value, Mr. Geddes stated they required a positive cash flow for every year of the 15 years per State law and they had the pro forma that APS Energy put together. He said they also had their third party consultant validate that positive cash flow for every year of the 15 years.

Ms. Parrot stated Mr. Geddes included measurement and verification services to report on an annual basis and precisely determined the energy savings on a project-by-project basis. She said that was not within the bond financing, but within the scope of the project. Mr. Geddes stated there was a guaranteed performance clause in the contract that counsel approved if the systems were not living up to expectations on contractor’s side of it. If it was an issue on the City’s side, which was a risk as part of the system they were putting in, their staff would be monitoring it daily, weekly and monthly to track those things through the entire 15 year process.

On motion by Commissioner Martini, seconded by Commissioner Salazar, which duly carried with Commissioners Breternitz and Hollinger absent, it was ordered Agenda Item #6 be approved. A copy of the Resolution is attached hereto and made a part hereof.

AGENDA ITEM 7

Agenda Subject: “Consideration and possible approval of a resolution approving the proposal of the City of Reno to issue general obligation sewer refunding bonds additionally secured by pledged revenues.”
Amy Harvey, Washoe County Clerk, read the title of the Resolution into the record.

Chairman Gustin stated this was in the amount of $22 million for their sewer reconstruction project. He explained the bonds covered not only the principle but also the interest.

Commissioner Hunting inquired of Jennifer Stern, Swenseid and Stern, if this used pledged revenues. Ms. Stern responded these bonds were being issued and were payable from pledged revenues of the sewer fund. The City of Reno will covenant in the Bond Ordinance authorization that these bonds keep rates and charges at a sufficient level to be able to pay these bonds plus the outstanding bonds that had a lien on the same pledged revenues. It was within the City’s debt limit to issue the bonds and all parts of the Nevada Revised Statutes had been met.

Commissioner Fuller inquired what percentage of the bonds was new and what percentage was being refinanced. Ms. Stern replied it was refunding of a 2008 medium-term note that would have matured in 10 years, but now it was being refinanced over a longer period of time (2018 to 2041).

On motion by Commissioner Martini, seconded by Commissioner Salazar, which duly carried with Commissioners Breternitz and Hollinger absent, it was ordered Agenda Item #7 be approved. A copy of the Resolution is attached hereto and made a part hereof.

**10-011DMC AGENDA ITEM 8**

Jennifer Stern, Swenseid and Stern, explained these documents were being filed with the Debt Management Commission due to a provision in the Nevada Revised Statutes that required a filing every time there was a negotiated transaction. She stated the Certificate of either the Superintendent, Chief Administrative Officer or the Chief Financial Officer, together with the report of the Financial Advisor, had to be filed indicating why they did a negotiated transaction rather than a competitively bid transaction. She explained the School District was doing a negotiated transaction because it was easier to market the taxable bonds with a federal interest rate subsidy of 45 percent, which was a great deal for the School District.

**10-012DMC AGENDA ITEM 9**

**Agenda Subject:** “Member comments.”
There were no member comments.

10-013DMC AGENDA ITEM 10

3:19 P.M. On motion by Commissioner Martini, seconded by Commissioner Fuller, which motion duly carried with Commissioners Breternitz and Hollinger absent, it was ordered that the meeting be adjourned.
