CERTIFICATION

This is to certify that I have reviewed the cost allocation plan submitted herewith and to the best of my knowledge and belief:

All costs included in this proposal dated 06/30/2017 to establish cost allocation or billings for 7/01/17 to 6/30/18 are allowable in accordance with the requirements of OMB guidance, "Uniform Guidelines for Grants and Cooperative Agreements" and the Federal award(s) to which they apply. Unallowable costs have been adjusted for in allocating costs as indicated in the cost allocation plan.

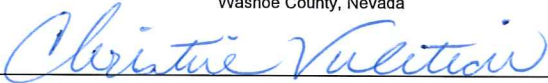

All costs included in this proposal are properly allocable to Federal awards on the basis of a beneficial or causal relationship between the expenses incurred and the awards to which they are allocated in accordance with applicable requirements. Further, those costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently.

I declare that the foregoing is true and correct.

The County will be direct charging these costs in FY17 and therefore there is an adjusting entry in the Summary of the Schedule of Allocated Costs removing the actual FY16 costs and expense for these items for the FY18 year.**

101-1 COUNTY MANAGER

DESCRIPTION OF SERVICES AND IDENTIFICATION OF COSTS ALLOCATED

The County Manager's office provides administrative oversight over all County operations, including overall responsibility for fiscal strategies, personnel and labor relations, interdepartmental coordination, grant development and administration, and other chief executive officer functions. The responsibility of this office is implementation of County policies governing the activities of all units within County government. The costs of the County Manager are not allocated, since the position is the Chief Executive Officer and not allowable. All other staff are allocated based upon structured assignments percentage to general County Administration or support of the County Commission. Only that time and costs associated to County Administration is allocated.

Services provided by other central service units are often allocated to the Manager's Office for both the staff in Cost Center 101-1, plus the other units directly reporting to the Manager: Communication & Engagement, Management Services, County Commission Support, Emergency Management, and Internal Audit. The plan includes a reallocation of such costs to these units, based on their FTEs, as "Allocated within Office."

101-6 COMMUNICATION AND ENGAGEMENT

DESCRIPTION OF SERVICES AND IDENTIFICATION OF COSTS ALLOCATED

The Communications and Engagement unit of the County Manager's office supports all County Departments in communications with the public and news media. Their primary mission is to inform the public of programs and activities administered by Washoe County. This includes promoting various federally financed health and human service programs, community development, public safety, and the entire range of county services. This active promotion encourages participation by County residents in many of the social service and health programs, and promotes the County's ability to meet service level targets for its federally financed programs. Costs are allocated to Departments based on FTEs during FY 2016.

Reprographics costs from Cost Center 162600 and Mail Room costs are identified under the Communications and Engagement in FY2016. The Division provides copying, reprographic services for all Departments of the County. Costs are distributed based upon actual use statistics for FY2016. Additional revenue costs for printing/reprographics are netted out against general reprographic expenses. Mailroom costs, mostly mail services and meter rental costs are allocated based upon actual use statistics for FY2016.

103-3 COMPTROLLER

DESCRIPTION OF SERVICES AND IDENTIFICATION OF COSTS ALLOCATED

The Office of the Comptroller provides accounting support to all County Departments. Services include maintenance and operation of the county-wide accounting and financial reporting system, including periodic budget reporting and detailed financial reports provided to County Departments in support of their financial management needs. The Comptroller also operates the County payroll system, issuing payroll payments and related financial reports for all departments. Costs of accounting services are allocated based on the number of accounting transactions processed in FY 2016 for each Department/Cost Center. Costs for accounts payable processing and disbursements are allocated based on the number of accounts payable transactions processed for each Department/budget unit. Costs of payroll services are allocated based on FY 2016 FTE within each Sub-Unit unit.

The Comptroller's Office receives a direct reimbursement for Fund 340 and the OPEB Trust. The reimbursement for Fund 340 is specifically for the Special Assessment District (SAD) and is deducted from the Comptroller charge to the SAD in the Accts Payable total. This amount is \$11,448 for FY16. The reimbursement for 182020 is for OPEB Accounting Support and is \$34,640 in FY16.

The Collections Unit of the Comptroller's Office is responsible for providing revenue collection services for several County Departments and for other jurisdictions also. Their activity includes handling accounts receivable items and court ordered payments. One half of the costs of this unit are allocated to customer Departments based on the amount of collection accounts referred on June 30, 2016 and one half of the costs are allocated based on thousands of dollars collected for each Department.

DESCRIPTION OF SERVICES AND IDENTIFICATION OF COSTS ALLOCATED

The Purchasing Department supports County operations with procurement of goods and services. Their efforts ensure that County Departments are able to take advantage of quantity purchase pricing by establishing County wide procurement arrangements. They assist Departments in preparing formal bids when appropriate. These services are provided to and benefit all County operations. Costs are allocated on an average percentage of total purchase order line items and total purchase dollars processed by Purchasing. Each Department's percentage of total purchase order line items and percentage of total purchased dollars are calculated, added together, then divided by two to establish the final allocation percentage.

105-1 & 105-6 COMMUNITY SERVICES ADMIN

DESCRIPTION OF SERVICES AND IDENTIFICATION OF COSTS ALLOCATED

The Community Services Department is responsible for Building and Safety, Water Resources, Regional Parks, Public Works, and Community Development. The Administrative Budgets for Community Services includes Cost Center 105-1, CSD Administration and 105-6, Finance and Administration. These costs are allocated to the programs it oversees based upon salaries of each respective Cost Center. Certain County Department Lease costs are paid from the CSD Administrative Cost Center. These costs are specifically identified to the benefitting Department and direct charged to that Department.

As noted in the Schedule of Allocated Costs Section, the County will begin direct costing Lease costs in FY2017. The costs identified in FY2016 will be reconciled against the FY14 Lease costs that were used in the FY16 period. This amount will be used in the roll-forward adjustment for FY16. The actual FY16 Lease costs will then be adjusted out of the Final allocated amount to be used in the FY18 period to not duplicate costs.

105-311 FACILITY OPERATIONS

DESCRIPTION OF SERVICES AND IDENTIFICATION OF COSTS ALLOCATED

The Facility Operations Division of the Community Services Department provides building maintenance, building repair, minor remodeling, office modification, custodial, painting, cleaning, and other related activities to occupants of County owned and leased facilities. Facility Operations maintains cost and data on each building using the "Facility Dude" Report. The system tracks direct cost by location and customer agency. The system accumulates costs incurred in three budget accounts: carpentry; physical plant maintenance and operations; and painting. Costs for these three units are combined and allocated based on the Facility Dude direct cost by user and building during FY 2016. Janitorial/Security/Contract Service costs are now located under the Central Service Contracts Cost Center and are allocated to those agencies receiving the services based on the square footage or direct contracts for each benefiting Department during FY 2016. Operations Administrative costs, Cost Center 105300, benefit all Facility Operations and are added to the allocation of the Facility Operations.

The County operates two centralized complexes shared by multiple departments. The first is the administrative complex, which houses most of the main offices for many County departments. This plan accumulates costs related to these two complexes, including their share of building maintenance, carpentry, physical plant and painting costs and distributes the total operating cost for these three primary complexes based on the square footage for occupant departments during FY 2016. The second is the Mills Lane complex which houses the District Attorney's Offices and Reno Justice Courts. Some costs and reimbursement for Mills Lane are also directly associated to the City of Reno and therefore nets out any balance of or allocation for direct costs associated to the Mills Lane Building. County Depreciation Costs associated to the Mills Lane building are allocated based upon the square footage of each respective Department in the facility.

The Community Services Facility Operations supports the Regional Emergency Operations Center and the Regional Emergency Operations Preservation Program. The costs for these two programs are mostly supported by revenues charged to the community agencies that use the facilities. Any additional costs not supported by these agencies are identified and not further allocated within the County Plan.

The 105-31 Facility Operations allocation excludes Cost Center 105304, Physical Plant Infrastructure, and adds the Central Service Contracts 105306.

DESCRIPTION OF SERVICES AND IDENTIFICATION OF COSTS ALLOCATED

Washoe County provides this Cost Center within the Community Services Department to support major preventative maintenance activities at various county facilities, based on need. While a portion of the expenditures from this account result in additions to value or life of facilities, and are capitalized, the balance is expensed as a non-capitalized cost. Facility Operations tracks and identifies the specific building or Department that improvements were completed on. Any costs not specifically identified were placed into the "Other" operating category.

DESCRIPTION OF SERVICES AND IDENTIFICATION OF COSTS ALLOCATED

Washoe County uses a single account to pay all County utility bills. These costs are now recorded in Cost Center 105305 under the Community Services Department in FY 2016. This facilitates tracking County-wide costs for utilities. B3405 These costs are a necessary component of space and operating costs for all County operations. Costs are allocated based on utility utilization reports prepared by the Facilities Management unit, which do not agree exactly with amounts paid due to difference in timing of billings and payments. Costs for Departments that share the County Administrative Complex and other shared locations are distributed based upon their respective square footage utilization of the facility.

As noted in the Schedule of Allocated Costs Section, the County will begin direct costing Utility costs in FY2017. The costs identified in FY2016 will be reconciled against the FY14 Utility costs that were used in the FY16 period. This amount will be used in the roll-forward adjustment for FY16. The actual FY16 Utility costs will then be adjusted out of the Final allocated amount to be used in the FY18 period to not duplicate costs.

DESCRIPTION OF SERVICES AND IDENTIFICATION OF COSTS ALLOCATED

The Civil Division of the Office of the District Attorney (DA) provides legal services to County Departments, including contractual review and analysis, litigation, child support enforcement actions, child protective service actions, and other legal processes required in the conduct of County business. Costs for legal staff supporting child support enforcement are in a separate budget account and not included herein. Costs for attorneys and legal secretaries engaged in child protective services are included within this budget account only, based on positive time reporting, so the costs of these attorneys arising from this cost center, 106710, are not allocated across all Departments. Costs for legal services are allocated to each based on the FY 2016 hours worked for each based upon the time reporting system for the DA Civil Division. Transfer of revenue from Child Protective Services and Indigent Services of \$860,567.80 are not included based upon the direct charging at Social Services . These revenues are not reflected as payments on the Child Protective Service's Cost Center.

DESCRIPTION OF SERVICES AND IDENTIFICATION OF COSTS ALLOCATED

Washoe County Telecommunications Unit within the Information Technology Department provides telephone services to all County Departments. The unit has one Cost Center 108301 which provides for staffing and operating costs (e.g. new phone units, central switch maintenance, etc). Departments are direct billed for some of the activity in Cost Center 108301, including line charges, tolls, cellular charges, and other third party billings. Not all costs for budget 108301 are recovered through these direct billings. The Plan allocates the staffing and maintenance costs related to telephones based on the number of lines at each Department in FY 2016.

**108500 IT ENTERPRISE INFRASTRUCTURE**

**DESCRIPTION OF SERVICES AND IDENTIFICATION OF COSTS ALLOCATED**

The Enterprise Infrastructure Division of the Department of Information Technology provides end user support for personal computers and other equipment used by County Departments. In addition, the Enterprise Infrastructure completes installation of all PC upgrades or replacements funded by budget 108830, plus all new Department-acquired PCs and mobile devices. Costs for desktop support are allocated to Departments based on the number of existing user identification names at each Department, excluding those that are not end user related.

The Records Management Unit of the Department of Information Technology provides records retention and disposal services for County Departments. The unit assists County Departments by ensuring that the County's records are maintained and destroyed in accordance with the requirements of applicable state and federal laws and regulations. Fifty percent of the operating costs of the unit are allocated as the cost of records storage, based on cubic feet of Department records in storage at June 30, 2016. The remaining costs of the unit are allocated based on the cubic feet of records disposed of by the unit for each Department during FY 2016.

The Division of Micrographics is part of the Department of Information Technology. The Division is responsible for imaging and maintaining historical documentation for all Departments of the County. Costs are allocated based upon current year actual work effort (images made) by Departments for FY2016.

DESCRIPTION OF SERVICES AND IDENTIFICATION OF COSTS ALLOCATED

Washoe County has a standing policy of providing regular refreshes and technical enhancements to its technology infrastructure. The costs for this program are included within the Department of Information Technology budget, and support all County Departments regardless of funding. Costs for the Data Network Infrastructure that are not capitalized are allocated based upon number of User IDs for the County. Costs for replacement PCs and upgrades to existing PCs are included in Cost Center 108830. Costs were not capitalized due to the low price obtained by the County, and costs are allocated to the Departments receiving refreshes during FY 2016 based on the number of replaced/refreshed PCs provided to each. In FY16 IT did not purchase system/enterprise-wide file servers or firewall upgrade equipment.

109-0 HUMAN RESOURCES

DESCRIPTION OF SERVICES AND IDENTIFICATION OF COSTS ALLOCATED

The Human Resources office is responsible for typical personnel services associated with government operations. Services include establishing job content and grades, maintaining employee records, ensuring compliance with county personnel regulations, processing disciplinary actions, supporting Department recruitment efforts, and other related services. These services are necessary and beneficial to the operations of all County Departments, including those federally financed. Costs are allocated based on the Full Time Equivalents (FTE) in each Department in FY 2016 as identified in the County Budget FTE Report. The Human Resource Department provides no services to the District Courts, and a reduced level of service to the Justice Courts which is reflected by applying a factor of .5 to Justice Court FTE total. In addition, Human Resources supports the hiring of Truckee Meadows Fire Protection District staff. An additional 124.0 FTE are added for TMFPD.

The Labor Relations Unit is responsible for negotiating with employee groups to establish terms for compensation, employee benefits, working conditions, paid time off, and other elements of collective bargaining contracts. The policies established are necessary and beneficial to the operations of all County Departments, including those federally financed. Costs for the Labor Relations unit are allocated to Departments based upon Full Time Equivalents as identified in the County Budget FTE Report during FY2016.

113-0 TREASURER

DESCRIPTION OF SERVICES AND IDENTIFICATION OF COSTS ALLOCATED

The Washoe County Treasurer is responsible for signing all County disbursement checks and for banking transactions. The Treasurer's office maintains the County's banking records. Fees for banking services are not paid through an appropriation, but instead are offset per contractual terms against County interest earnings. The fees are presented on monthly banking statements and accumulated for allocation. Banking services support all County Departments, and related costs are allocated based on the number of accounts payable transactions processed for each Department. Other activities of this office include tax collection and tax proceeds distribution, and costs related to these activities are not allowable and are not allocated.

The Treasurer's Office receives a direct reimbursement for Fund 340 SAD. The reimbursement for Fund 340 is specifically for the Special Assessment District (SAD) and is deducted from the Treasurer's charge to the SAD in the Accts Payable total. This amount is \$10,276.65 for FY16.

DESCRIPTION OF SERVICES AND IDENTIFICATION OF COSTS ALLOCATED

Washoe County accounts for its retiree health insurance obligation through the Other Post Employment Benefit (OPEB) Trust fund. The Trust was created to fund and account for the costs of retiree healthcare benefits pursuant to Nevada Revised Statutes (NRS) 287.017. The Trust is funded by a transfer from the General Fund in Fund Center 182-0, Cost Center 182020. The amount of annual contribution to the Trust is called the Annual Required Contribution (ARC) and is based upon an actuarial valuation of post employment benefit liability. Monies in the Trust are transferred annually to the Health Benefits Fund to cover the cost of retirees' medical/dental/vision insurance claims cost. The FY2016 transfer is allocated to Departments based upon the number of retirees and current employees per Department.

As noted in the Schedule of Allocated Costs Section, the County will begin direct costing OPEB costs in FY2017. The costs identified in FY2016 will be reconciled against the FY14 OPEB costs that were used in the FY16 period. This amount will be used in the roll-forward adjustment for FY16. The actual FY16 OPEB costs will then be adjusted out of the Final allocated amount to be used in the FY18 period to not duplicate costs.
