Time Limits. Public comments are welcomed during the Public Comment periods for all matters, whether listed on the agenda or not, and are limited to two minutes per person. Persons are invited to submit comments in writing on the agenda items and/or attend and make comment on that item at the Safety Committee meeting. Persons may not allocate unused time to other speakers.

Forum Restrictions and Orderly Conduct of Business. The Safety Committee conducts the business of Washoe County and its citizens during its meetings. The presiding officer may order the removal of any person whose statement or other conduct disrupts the orderly, efficient or safe conduct of the meeting. Warnings against disruptive comments or behavior may or may not be given prior to removal. During the public comment period, speakers may address matters listed or not listed on the published agenda. The Open Meeting Law does not expressly prohibit responses to public comments by the Safety Committee. However, responses from the Safety Committee to unlisted public comment topics could become deliberation on a matter without notice to the public. On the advice of legal counsel and to ensure the public has notice of all matters the Safety Committee will consider, the Safety Committee may choose not to respond to public comments, except to correct factual inaccuracies, ask for County staff action or to ask that a matter be listed on a future agenda. The Safety Committee may do this either during the public comment item or during the following item: "Topics for Future Agendas".

Open Issues

4. Review and Discussion of Industrial Injury Summary Reports

Celeste Wallick instructed the Committee that the reports began on page 5 of the packet ending on page 9. Ms. Wallick canvassed the committee for comments and recommendations. Cathy Hill asked for additional information on denied claims. Celeste Wallick explained to the committee if the third party

administrator, CCMSI, does not have all the information needed at the 30 day timeframe they will deny the claim pending an investigation. Once the information is received they will offer a final determination based upon the information received. Cathy Hill also inquired about the injuries associated with the “Libraries”.

Christine Vuletich appreciates the four month information that has been added to the reports. Lt. Marc Bello asked if outside investigations occurred for the review of some claims such as questioning the validity of a claim; Ms. Wallick informed the committee that outside investigations are performed on a case by case basis. This information is kept in the Risk Division. Employees can inform the County at any time should there be additional information regarding the validity of a claim. Celeste also informed the committee that CCMSI will reach out to the State’s database to search the claims history of an individual.

There was no further review or comment.

5. Discussion regarding the status on the update of County Code 65

Mary Kandaras met with the Manager’s office completing the changes in Chapter 65; the changes will be scheduled to go the Board. Cathy Hill asked if information will be brought to the Safety Committee for their input. Mary stated that the suggestions that had previously been discussed by the Committee were placed into Code; a possible additional change was that Celeste Wallick and Cathy Hill would not be voting members of the Committee. Another change was that an additional member will be required for the Committee with the member being a representative of the Community Services Department. The meetings can also be held quarterly versus every other month.

6. Discussion on requesting a review of safety issues/accidents during employee evaluations

Cathy Hill asked if an employee has frequent claims should a retraining be offered to the employee specifically related to their specific job or environment or discussed during an employee’s annual evaluation. Celeste currently informs an employee’s supervisor if there are concerns regarding an employee’s claims/incident activity. Discussion ensued regarding the authority of the Safety Committee meeting and the authorizations stated in County Code to pursue questions regarding a submitted claim. The Committee can request additional information as needed and may make recommendations as warranted.

7. Discussion about offering fire extinguisher classes to Washoe County employees

A course was held on November 13, 2017, with approximately 20 participants. Celeste explained that this will be offered quarterly and is taught by CERT.

8. Discussion on offering courses on blood training

Celeste explained to the Committee that REMSA hosts bleeding control classes for the public. This is for events such as the Las Vegas incident, where immediate care is needed. This course teaches care for life threatening blood loss through tourniquet application, wound packing and basic strategies to open and maintain airways associated with an urgent traumatic incident. REMSA would be willing to offer onsite at a cost of \$30 per person with a maximum of 30 people per class. Cathy offered to use safety

budget funds to pay for this class. Training supplies will need to be supplied for the course. This will need to be added to the agenda for the next meeting for an action item. Celeste to bring to the Committee the costs for the supplies and how to push out to the departments the information about offering the course.

9. Discussion and possible action on safety award nominations

One nomination was received for a safety award from Celeste Wallick – Jeremy Wilson is being nominated as he has experience in teaching defensive driving courses and is nationally certified and has offered to Celeste to perform the courses. In addition to this offering, he performs defensive driving training to all Human Services Agency employees as well as each employee located at 350 S. Center. He is also willing to design a test for those who have taken the course. A motion was made by Christine Vuletich to give the award and certificate to Jeremy Wilson, Anne Stoll-Thompson seconded the motion; no opposition, the award to Jeremy Wilson was unanimously approved. The Committee decided to place Jeremy Wilson on the employee spotlight. Certificate to be presented at a BCC meeting with Lt. Bello being present to also present the safety award pin. The next BCC meeting will be January 16, 2018.
