B. Request from Washoe County Public Works for CAB Input for Potential Pedestrian and Bike Projects – Sarah Chvilicek introduced this item for discussion and possible recommendations. Washoe County is soliciting input from the CABs to develop a list of potential pedestrian and bicycle projects to be located within public right-of-way of County maintained public streets. Washoe County has the opportunity to apply for Transportation Equity Act (TEA) enhancement funds later this year. Projects for this funding source are transportation related and not recreational. As TEA enhancement project funding is limited to $650,000 per project, a relatively small amount for construction, it is recommended that projects be segmented in sections of ½ mile (2640 feet). In the past, Washoe County has been granted one project on a 2-year funding cycle. Although County staff will not be at the CAB meeting, questions can be directed to Clara Lawson, P.E., P.T.O.E., with Washoe County Public Works.
Works, by emailing her at Clawson@washoecounty.us or calling her at 775.328.3603. Currently, the NVCAB has previously recommended pedestrian and bike path projects on: along Cold Springs Drive; extend existing pedestrian and bike path along Lemmon Drive; path along Red Rock Road and extend existing pedestrian and bike path from White Lake Parkway to Village Parkway. During the July CAB meeting, the CAB may discuss other possible areas for future pedestrian and bike paths. During the September CAB meeting, the CAB will have an action agenda item on this topic to either recommend: (A) the top three community ranked priority pedestrian and bike path projects or (B) forward all suggested projects for consideration. This item will be brought back on the September agenda for final comments and recommendations.
