Secretary Webb stated the Board of County Commissioners (BCC) did not adopt Rules, Policies and Procedures; they adopted rules that were not really appropriate for this commission. He discussed the background behind how the Commission’s Rules, Policies and Procedures became effective and how similar rules were adopted by the Board of Adjustment. He noted those were streamlined and the idea was for staff to use those Rules, Policies and Procedures from the Board of Adjustment as a model for the Commission’s Rules, Policies and Procedures.

DDA Edwards stated the changes that were made to the Board of Adjustment rules were adopted under the philosophy that less was more. His thought was to get rid of a lot of unnecessary rules and streamline them down to what actually happened at the meetings. He noted that was done after the Planning Commission rules had already been approved. He wanted to clear up any notion that it was not like the Board of Adjustment was taking the lead and everyone else in the County should follow. He explained the reasoning behind the agenda item and how the Chair had been put on the spot at a previous meeting with several individuals vying for five minutes of public comment as a representative of a group. Chair Chvilicek having common rules across the board would help the community.

Chair Chvilicek opened public comment. Hearing no response, she closed public comment.
