(a) Application. The applicant must file a Director’s Modification of Standards application, accompanied by the appropriate fee, with the Planning and Building Division, and must clearly describe the extenuating circumstances or unique physical conditions on the project site to justify the need for the requested deviation. The Director may grant or deny the application, or may determine that the application exceeds the 10% threshold and require submission of a Variance application pursuant to this Article. The findings specified in section 804.25 of this Code are not required for minor deviations but the Director must find that the requested minor deviation does not result in a substantial detriment to the public good and does not impair the purpose of the zoning district or any regulations adopted by Washoe County. The Director’s decision may be appealed following the provisions of section 804.40 of this Code.
