SUN VALLEY AREA PLAN MAPS
Sun Valley - Character Management Area

The Sun Valley Area Plan Identifies the subject parcel to be within the Suburban Character Management Area (SCMA)
Sun Valley - Development Suitability

- The Sun Valley Area Plan identifies a 100 year flood plain to exist at the NE corner of the subject parcel.
- This area was left undeveloped in the previous MHP layout and will remain undeveloped with appropriate, necessary improvement as will be conditioned by Washoe County with the Tentative Map review.
Sun Valley - Street and Highway System Plan

- The Sun Valley Area Plan Identifies E. Fourth Avenue to be a Collector status road, which is planned for and would support higher volumes of traffic than a local street.
- E. 4th Avenue accesses Sun Valley Blvd. Boulevard through an existing traffic signal (Controlled Access)

Neighborhood and CAB Meetings

Two neighborhood meetings were conducted for this project
- February 1, 2018 at Sun Valley Baptist Church
- February 5, 2018 at Sun Valley CAB Meeting

Comments relative to the previously approved RZA and Common Open Space Tentative Map were provided by area residents
Neighborhood and CAB Comments

• Flooding – Addressed with addition of Detention Area
• Traffic & Public Safety – Curb and sidewalk will be provided along with a bus pad that the WCSD could use as a more protected bus stop location for school children.
• Lighting – Conditioned to minimize the use of street lighting to meet “dark sky” standards.
• Overcrowding – Space exists at the schools currently serving. New middle and high school are planned, which will make
• More development – The region is not currently keeping up with demand, especially with respect to affordable housing.
• Water running onto property from Eastern properties – an easement or drainage buffer has been agreed with staff to address this.
Legal Findings

The applicant and Washoe County staff agree that all of the legal findings can be met for approval of the request.

Valle Vista is targeted to present an affordable housing project, which is definitely needed in the region.

There are a few master plan policies, which are very specific to this goal.
Master Plan
Housing Element Goals and Policies

Goal One: Remove Regulatory Barriers to increase the availability of affordable and workforce housing for all.

The approval of the Zone Change and this follow-up Common Open Space Tentative Map help to address this goal.

Policy 1.2: Evaluate the role of manufactured and mobile homes as an affordable housing option in the unincorporated County.

The project consists of Manufactured Homes.
Master Plan
Housing Element Goals and Policies

Policy 1.5 – **Encourage Development at higher densities** where appropriate.

The zone change generally accomplished this.

Program 3.5: The County will **promote residential development in areas where services and infrastructure already exist or are planned**. The County will foster the development of vacant and underutilized parcels by giving priority to applicants who are developing housing affordable to low- and moderate-income households.

*Infrastructure exists adjacent to the property and the site is considered to be an in-fill site with existing development on all four sides.*
Policy 7.4: Promote home ownership as a community asset.

This is the primary goal of the development and why the applicant went through the Regulatory Zone Amendment and Common Open Space Tentative Map application processes.

Findings Review
Legal Findings
1. Consistency with Master Plan

(1) Consistency with Master Plan.

The requested regulatory zone amendment is consistent with the Washoe County Master Plan. The subject property is contained within the Sun Valley Area Plan Suburban Character Management Area. The proposed zoning designation of HDS is consistent with the Washoe County Master Plan and policies. Some of the specific policies noting consistency are identified below:

SUN.1.3, The following Regulatory Zones are permitted within the Sun Valley Suburban Character Management Area:

a. High Density Rural (HDR – One unit per 2.5 acres).
b. Low Density Suburban (LDS – One unit per acre).
c. Medium Density Suburban (MDS – Three units per acre).
d. High Density Suburban (HDS – Seven units per acre).
e. Medium Density Urban (MDU – Twenty-one units per acre).
f. Neighborhood Commercial/Office (NC).
g. General Commercial (GC).
h. Industrial (I).
i. Public/Semi-Public Facilities (PSP).
j. Parks and Recreation (PR).
k. General Rural (GR).
l. Open Space (OS).
Legal Findings
1. Consistency with Master Plan (cont.)

SUN.2.7 Sidewalks or paved paths along both sides of Sun Valley Boulevard and main streets such as: 4th, 5th, 6th and 7th Avenues when the safety of pedestrians and children walking to and from schools requires such facilities.

A sidewalk is shown and conditioned via Traffic and Roadway condition j along the project frontage on E. Fourth Avenue. (a direct concern of area residents was lack of sidewalk, curb and gutter)

Planning and building condition p requires a bus stop location at the NW Corner of the site (This is a direct response to a neighborhood concern that was issued at the neighborhood meetings).

SUN.10.1 & 12.1 Whenever applicable, all development within the Sun Valley SCMA and the Downtown Character Management Area will connect to a community water service.

The project has been reviewed by SVGID and has an intent to serve letter for sewer and water service.

LUT.3.1 Require timely, orderly, and fiscally responsible growth that is directed to existing SCMA’s as well as to growth areas delineated within the TMSA.

The subject property is an infill site within the SCMA of Sun Valley. Access is served by a Washoe County identified collector street (E. 4th Avenue) and utilities are adjacent to and available to the site.

Additional Goals and Policies are identified in legal finding #3.
Legal Findings
1. Consistency with Master Plan (cont.)

**LUT.3.3** Single family detached residential development shall be limited to a maximum of five (5) dwelling units per acre.

The Valle Vista Community is proposed for development at 4.9 dwelling units per acre for the residential lots. This conforms with LUT 3.3.

**Housing Element Goals and Policies**

Goal One: Remove Regulatory Barriers to increase the availability of affordable and workforce housing for all.

Policy 1.2: Evaluate the role of manufactured and mobile homes as an affordable housing option in the unincorporated County.

Policy 1.5 – Encourage Development at higher densities where appropriate.

Program 3.5: The County will promote residential development in areas where services and infrastructure already exist or are planned. The County will foster the development of vacant and underutilized parcels by giving priority to applicants who are developing housing affordable to low- and moderate-income households.

Policy 7.4: Promote home ownership as a community asset.

3. Type of Development

Finding Language - That the site is physically suited for the type of development proposed.

*The areas of the subject property identified for development are categorized to be within the area “most suitable” for development per the Development Suitability Map within the Sun Valley Area Plan. This categorization is additionally supported by the slope analysis map that was prepared with this project tentative map application.*

4. Availability of Services

Finding Language - That the subdivision will meet the requirements of Article 702, Adequate Public Facilities Management System.

*The Sun Valley General Improvement District will provide water and sewer service. The Truckee Meadows Fire Protection District has indicated that they can adequately provide emergency services. There are adequate services available to serve the proposed development.*
Legal Findings (Cont.)
5. Fish or Wildlife

Finding Language - That neither the design of the subdivision nor any proposed improvements is likely to cause substantial environmental damage, or substantial and avoidable injury to any endangered plant, wildlife or their habitat.

The proposed improvements will not cause substantial environmental damage or harm to endangered plants, wildlife or their habitat.

6. Public Health

Finding Language - That the subdivision will meet the requirements of Article 702, Adequate Public Facilities Management System.

The Sun Valley General Improvement District will provide water and sewer service. The Truckee Meadows Fire Protection District has indicated that they can adequately provide emergency services. There are adequate services available to serve the proposed development.
Legal Findings (Cont.)

7. Easements

Finding Language - That the design of the subdivision or the type of improvements will not conflict with easements acquired by the public at large for access through, or use of property within, the proposed subdivision.

All easements identified within the property title report have been are located and taken into consideration with the development design. The design of the Valle Vista Community will not conflict with the easements in regards to utility purposes or public access, etc.

8. Access

Finding Language - That the design of the subdivision provides any necessary access to surrounding, adjacent lands and provides appropriate secondary access for emergency vehicles.

The design of the subdivision provides access to surrounding adjacent lands and provides appropriate secondary access for emergency vehicles. Primary access is provided on E. Fourth Avenue, a collector status street as defined within the Sun Valley Area Plan Streets and Highways System Plan.
Legal Findings (Cont.)

9. Dedications

Finding Language - That any land or improvements to be dedicated to the County is consistent with the Master Plan.

Any public improvements are required to be constructed to Washoe County standards.

10. Energy

Finding Language - That the design of the subdivision provides, to the extent feasible, for future passive or natural heating or cooling opportunities in the subdivision.

To the extent feasible, the development will include building materials to allow for passive or natural heating and cooling opportunities. Additionally, the homes will be oriented in such a way to take advantage of passive/natural heating and cooling opportunities.
Goal 1.3 of the 2012 Truckee Meadows Regional Plan limits Single Family detached developments in Unincorporated areas of Washoe County to a Maximum of 5 DU/Ac.
