Abandonment Definition

The purpose of an abandonment is to allow for the vacation or abandonment of easements or streets. If the Planning Commission grants an approval of the Abandonment, that approval is subject to Conditions of Approval. Conditions of Approval are requirements that need to be completed prior to the recordation of the Resolution and Order of Abandonment.

The Resolution and Order of Abandonment is the legal record, prepared by the Engineering and Capital Projects Division which is recorded to complete the abandonment process. The Engineering and Capital Projects Division completes a technical review of the legal description, exhibit maps and any new easements, submitted by the applicants surveyor, that are required by the Conditions of Approval. When the Engineering and Capital Projects Division is satisfied that all conditions of approval have been met, then the Engineering and Capital Projects Division will record the Resolution and Order of Abandonment with the County Recorder. The abandonment is complete upon the recordation of the Resolution and Order of Abandonment with the County Recorder.

The Conditions of Approval for Abandonment Case Number WAB18-0003 is attached to this staff report and will be included with the Action Order if granted approval.

- All conditions of approval are required to be completed before the abandonment can be recorded and finalized.
- The abandonment will be effective after the approval of a Resolution and Order of Abandonment by the Engineering and Capital Projects Division and after the recordation of the Resolution and Order of Abandonment by the County Recorder.

The subject property consists of two lots that have been consolidated. The property has a regulatory zone of Low Density Suburban and General Rural. The applicant states they wish to build a residence on the property. Residential use is permitted in both regulatory zones. The abandonment of the easements will increase the options for locating a residence on the property. The approval of the abandonment is not an approval of a use on the property.
Vicinity Map

Site Plan
Project Evaluation

The subject property consists of two lots (lots 85 and 86) that have been merged into one parcel. When the lots were created each lot had a 33-foot wide patent easement running along all four sides of the property lines. The merging of the lots did not remove the recorded easement. Because access easements more than 20-feet wide are considered property fronts, the 30-foot front yard setback is measured from the edge of the easement. Because the two 33-foot easements still bisects the 5 acre parcel, and a 30-foot setback is required from the all access easements, approximately 3 acres of the 5 acre parcel cannot be built on.

The properties abutting the north, west and south sides of the subject parcel are owned by United States of America, and are not available for development. The property to the east of the subject property is developed with a single family residence.

White’s Creek is located approximately 85-feet east of the subject property. A small portion of Lot 85 is within the Whites Creeks sensitive stream zone, and this area has a regulatory zone of GR (± 0.1 acre). If the abandonment is approved, the east side would have a 50 foot side yard. Most of the sensitive stream zone would be located within the side yard setback. Crossing Whites Creek to access the subject property is potentially detrimental to the critical stream zone, therefore staff recommends that the easement on the east side of the property be abandon to discourage any development of access from that direction.

Washoe County Code (WCC) Section 110.806.70, states, in part, “The abandonment or vacation of a government patent easement … addresses only the County's interest in the subject easement and cannot be relied upon for purposes of clearing title to the property.” To the extent other property owners nearby or other entities might have any ownership interests in these easements, the County’s action to abandon or not abandon would not affect those interests. In turn, the property owners applying for the abandonment would be responsible for utilizing whatever legal mechanisms are necessary to address those interests on their own.

NRS 278.480 allows for the Planning Commission to consider abandoning government patent easements if they are no longer required for a public purpose. In general, a government patent access easements are presumed to serve a public purpose when they either: (1) function as a point of access; or (2) are adjacent to undeveloped land that does not have developed means of ingress/egress.

There are two principal questions for the County to consider in a patent easement abandonment application: first, whether the easement is no longer required for a public purpose; and, second, whether the proposed abandonment would cause a material injury to the public.

The properties surrounding the subject parcel have developed access, or are publicly owned properties that are not available for development, therefore the access easements subject to this abandonment are no longer required.

Notice to Utilities and Video Service Providers

NRS 278.480(6) requires that notice be given to utility and video service providers in the area to determine if they wish an easement to be reserved for their benefit. Comments from entities to which this applies are noted below under the Reviewing Agencies section. Any entities that desire the reservation of an easement must notify the county in writing once they are made aware of the pending abandonment/vacation request.
**Reviewing Agencies**

The following agencies received a copy of the project application for review and evaluation.

- Washoe County Community Services Department
  - Planning and Building Division
  - Engineering and Capital Projects Division
  - Regional Parks and Open Spaces
  - Water Management Planner
- Truckee Meadows Fire Protection District
- Regional Transportation Commission
- Washoe-Storey Conservation District
- NV Energy
- AT&T
- Truckee Meadows Water Authority

Two out of the ten above listed agencies/departments provided comments and/or recommended conditions of approval in response to their evaluation of the project application. A summary of each agency’s comments and/or recommended conditions of approval and their contact information is provided. The Conditions of Approval document is attached to this staff report and will be included with the Action Order if the Planning Commission approves the requested abandonment.

Washoe County Planning and Building Division provided conditions regarding recordation of the Resolution and Order of Abandonment.

**Staff Comment on Required Findings**

WCC Section 110.806.20 requires that all of the following findings be made to the satisfaction of the Washoe County Planning Commission before granting approval of the abandonment request. Staff has completed an analysis of the application and has determined that the proposal is in compliance with the required findings as follows.

1. **Master Plan.** The abandonment or vacation is consistent with the policies, action programs, standards and maps of the Master Plan and the Area Plan.

   **Staff Comments:** Abandonment of the easements does not affect any policies, action programs, standards of map of either the Master Plan or the Southwest Truckee Meadows Area Plan.

2. **No Detriment.** The abandonment or vacation does not result in a material injury to the public.

   **Staff Comments:** The surrounding properties either have developed access or they are public lands and are not available for development.

3. **Existing Easements.** Existing public utility easements in the area to be abandoned or vacated can be reasonably relocated to provide similar or enhanced service.
**Staff Comments**: As a condition of approval, utility easements shall be retained or relocated to the satisfaction of, and at no expense to, Washoe County or any existing public utility.

4. No longer required for a public purpose (NRS 278.480(3)). The government patent easement is no longer required for a public purpose.

**Staff Comments**: The easements are unimproved and are not necessary for access to any of the surrounding parcels. Therefore, the easements are no longer required for a public purpose.

**Recommendation**

Those agencies which reviewed the application recommended conditions in support of approval of the project or provided no comment. Therefore, after a thorough analysis and review, Abandonment Case Number WAB18-0003 is being recommended for approval with conditions. Staff offers the following motion for the Commission’s consideration.

**Motion**

I move that, after giving reasoned consideration to the information contained in the staff report and information received during the public hearing, the Washoe County Planning Commission approve Abandonment Case Number WAB18-0003 for Kristian and Regina Sievert, with the conditions included in Exhibit A to this matter, having made all three findings in accordance with Washoe County Code Section 110.806.20, and a fourth finding in accordance with Nevada Revised Statutes 278.480(3):

1. **Master Plan.** The abandonment or vacation is consistent with the policies, action programs, standards and maps of the Master Plan and the Southwest Truckee Meadows Area Plan; and

2. **No Detriment.** The abandonment or vacation does not result in a material injury to the public; and

3. **Existing Easements.** Existing public utility easements in the area to be abandoned or vacated can be reasonably relocated to provide similar or enhanced service.

4. **No longer required for a public purpose (NRS 278.480(3)).** The government patent easement is no longer required for a public purpose.

**Appeal Process**

Planning Commission action will be effective 10 calendar days after the written decision is filed with the Secretary to the Planning Commission and mailed to the applicant(s), unless the action is appealed to the Washoe County Board of County Commissioners, in which case the outcome of the appeal shall be determined by the Washoe County Board of County Commissioners. Any appeal must be filed in writing with the Planning and Building Division within 10 calendar days from the date the written decision is filed with the Secretary to the Planning Commission and mailed to the applicant(s).

Conditions of Approval
Abandonment Case Number WAB18-0003

The project approved under Abandonment Case Number WAB18-0003 shall be carried out in accordance with the Conditions of Approval granted by the Planning Commission on July 3, 2018. Conditions of Approval are requirements placed on a permit or development by each reviewing agency. These Conditions of Approval may require submittal of documents, applications, fees, inspections, amendments to plans, and more. These conditions do not relieve the applicant of the obligation to obtain any other approvals and licenses from relevant authorities required under any other act or to abide by all other generally applicable Codes, and neither these conditions nor the approval by the County of this project/use override or negate any other applicable restrictions on uses or development on the property. Furthermore, to the extent that Washoe County does not own the easements in question, it cannot abandon them. Therefore, this request is in effect a “quitclaim” by the County of whatever interest it might have in the easements in favor of the owners who applied for the abandonment. Nothing in this abandonment should be construed as an assertion by the County of ownership over the easements in question. To the extent other property owners nearby or other entities might have any ownership interests in these easements, this abandonment does not affect those interests and the property owners associated with this abandonment are responsible for utilizing whatever legal mechanisms are necessary to address those interests on their own.

Unless otherwise specified, all conditions related to the approval of this Abandonment shall be met prior to recordation of the Resolution and Order of Abandonment. Prior to recordation of the Resolution and Order of Abandonment, each agency shall determine when compliance of their specific conditions is met by the applicant as set forth in the Conditions of Approval. All agreements, easements, or other documentation required by these conditions shall have a copy filed with the County Engineer and the Community Services Department – Planning and Building Division.

Compliance with the conditions of approval related to this Abandonment is the responsibility of the applicant, his/her successor in interest, and all owners, assignees, and occupants of the property and their successors in interest. All conditions of approval must be met prior to the Engineering and Capital Projects Division recording the required Resolution and Order of Abandonment.

For the purpose of conditions imposed by Washoe County, “may” is permissive and “shall” or “must” is mandatory.

- All conditions of approval are required to be completed before the Abandonment can be recorded and finalized.

- The abandonment will be effective after the approval of a Resolution and Order of Abandonment by the Engineering and Capital Projects and after the recordation of the Resolution and Order of Abandonment by the County Recorder.
FOLLOWING ARE CONDITIONS OF APPROVAL REQUIRED BY THE REVIEWING AGENCIES. EACH CONDITION MUST BE MET TO THE SATISFACTION OF THE ISSUING AGENCY.

**Washoe County Planning and Building Division**

1. The following conditions are requirements of the Planning and Building Division, which shall be responsible for determining compliance with these conditions.

   Contact Name – Eva M. Krause, AICP, Planner, 775.328.3628, ekrause@washoecounty.us

   a. The applicant shall demonstrate substantial conformance to the plans approved as part of this abandonment action.

   b. This Abandonment will be effective upon recordation of the Resolution and Order of Abandonment by the County Recorder.

**Washoe County Engineering and Capital Projects Division**

2. The following conditions are requirements of Engineering and Capital Projects Division, which shall be responsible for determining compliance with these conditions.

   Contact Name – Leo Vesely, P.E., 775.328.2313, lvesely@washoecounty.us

   a. Prior to recordation of the Resolution and Order of Abandonment, the applicant shall submit legal descriptions and exhibit maps for the area of abandonment and any new easements that may be required, to the Engineering and Capital Projects Division for review and approval. The legal descriptions and exhibit maps shall be prepared by a Nevada professional land surveyor.

   b. Retention or relocation of all public utility easements is required to the satisfaction of and at no expense to Washoe County or the existing public utilities that originally accepted and approved said easements, as well as any other public utilities now in existence that currently utilize said easements. Said relocations shall be evidenced by the recordation of properly executed documents reflecting the grant of new easements (if required) to said public utilities and the relinquishment by said public utilities of their former easements.

   c. Prior to recordation of the Resolution and Order of Abandonment, the applicant shall grant a drainage easement for the perpetuation of the FEMA flood hazard area along the eastern side of the parcel.

   d. The applicant shall comply with conditions necessary to effect the Resolution and Order of Abandonment within two (2) years from the date of the action by the Planning Commission or this conditional abandonment will be null and void.

SIEVERT ABANDONMENT CONDITIONS

Washoe County Engineering and Capital Projects Division staff has reviewed the referenced abandonment and recommends approval subject to the following conditions of approval. The Washoe County Engineer shall determine compliance with the following conditions of approval.

1. Prior to recordation of the Order of Abandonment, the applicant shall submit legal descriptions and exhibit maps for the area of abandonment and any new easements that may be required, to the Engineering and Capital Projects Division for review and approval. The legal descriptions and exhibit maps shall be prepared by a Nevada professional land surveyor.

2. Retention or relocation of all public utility easements is required to the satisfaction of and at no expense to Washoe County or the existing public utilities that originally accepted and approved said easements, as well as any other public utilities now in existence that currently utilize said easements. Said relocations shall be evidenced by the recordation of properly executed documents reflecting the grant of new easements (if required) to said public utilities and the relinquishment by said public utilities of their former easements.

3. Prior to recordation of the Order of Abandonment, the applicant shall grant a drainage easement for the perpetuation of the FEMA flood hazard area along the eastern side of the parcel.

4. The applicant shall comply with conditions necessary to effect the Resolution and Order of Abandonment within two (2) years from the date of the action by the Planning Commission or this conditional abandonment will be null and void.

Sec. 30, Lots 85 and 86.

The area described contains 5,000 acres, according to the Official Plat of the Survey of the said Land, on file in the Bureau of Land Management:

NOW KNOW YE, That the UNITED STATES OF AMERICA, in consideration of the premises, and in conformity with the several Acts of Congress in such case made and provided, HAS GIVEN AND GRANTED, and by these presents DOES GIVE AND GRANT unto the said claimant and to the heirs of the said claimant the Tract above described; TO HAVE AND TO HOLD the same, together with all the rights, privileges, immunities, and appurtenances, of whatsoever nature, thereto belonging, unto the said claimant and to the heirs and assigns of the said claimant forever; subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights, as may be recognized and acknowledged by the local customs, laws, and decisions of courts; and there is reserved from the lands hereby granted, a right-of-way thereon for ditches or canals constructed by the authority of the United States. Excepting and reserving, also, to the United States all oil, gas and other mineral deposits, in the land so patented, together with the right to prospect for, mine, and remove the same according to the provisions of said Act of June 1, 1938. This patent is subject to a right-of-way not exceeding 33 feet in width, for roadway and public utilities purposes, to be located along the boundaries of said land.

IN TESTIMONY WHEREOF, the undersigned authorized officer of the Bureau of Land Management, in accordance with the provisions of the Act of June 17, 1948 (62 Stat. 476), has, in the name of the United States, caused these letters to be made Patent, and the Seal of the Bureau to be hereunto affixed.

Given under my hand, in the District of Columbia, the Tenth day of August in the year of our Lord one thousand nine hundred and SIXTY-ONE and of the Independence of the United States the one hundred and EIGHTY-SIXTH.

For the Director, Bureau of Land Management.
