REGULATORY ZONE AMENDMENT CASE NUMBER: WRZA18-0009 (Club at Arrowcreek)

BRIEF SUMMARY OF REQUEST: Amendment to the Southwest Regulatory Zone Map from High Density Rural (HDR) on ±140.12 acres and Low Density Suburban (LDS) on ±8.94 acres to Park and Recreation (PR) on ±149.06 acres

STAFF PLANNER: Planner’s Name: Julee Olander
Phone Number: 775.328.3627
E-mail: jolander@washoecounty.us

DESCRIPTION
For possible action, hearing, and discussion to amend the Southwest Truckee Meadows Regulatory Zone Map, changing the Regulatory Zone from High Density Rural (HDR) (1 dwelling unit / 2 acre) on ±140.12 acres and Low Density Suburban (LDS) (1 dwelling unit / 1 acre) on ±8.94 acres to Park and Recreation (PR) on ±149.06 acres located at 2905 E. Arrowcreek Pkwy, and, if approved, authorize the chair to sign a resolution to this effect.

Applicant/Property Owner: Lucky Star Golf, LLC
Location: 2905 E Arrowcreek Pkwy.
APN: 152-021-03
Parcel Size: ±149.06
Master Plan: Rural Residential (RR)
Regulatory Zones: Low Density Suburban (LDS) & High Density Rural (HDR)
Area Plan: Southwest Truckee Meadows
Citizen Advisory Board: South Truckee Meadows/Washoe Valley
Development Code: Authorized in Article 821, Amendment of Regulatory Zone
Commission District: 2 – Commissioner Lucey

REGULATORY ZONE AMENDMENT STAFF RECOMMENDATION

APPROVE

DENY

POSSIBLE MOTION
I move that, after giving reasoned consideration to the information contained in the staff report and information received during the public hearing, the Washoe County Planning Commission adopt the Regulatory Zone Amendment Case Number WRZA18-0009 for Lucky Star Golf LLC, having made all six findings in accordance with Washoe County Code Section 110.821.15(d).

**Explanation and Processing of a Regulatory Zone Amendment**

The following explains a Regulatory Zone Amendment, including its purpose and the review and evaluation process involved for an application with such a request.

The purpose of a Regulatory Zone Amendment (RZA) is to provide a method for amending the Regulatory Zone Maps of Washoe County. The Regulatory Zone Maps depict the Regulatory Zones (i.e. zoning) adopted for each property within the unincorporated area of Washoe County. The Regulatory Zones establish the uses and development standards applied to each property.

Regulatory zones are designed to implement and be consistent with the Master Plan by ensuring that the stability and character of the community will be preserved for those who live and work in the unincorporated areas of the County. A regulatory zone cannot be changed if it conflicts with the objectives or policies of the Master Plan, including area plans that further define policies for specific communities. The Master Plan is the blueprint for development within the unincorporated County. Pursuant to NRS 278, any action of the County relating to zoning must conform to the Washoe County Master Plan.

Evaluation of the proposed Regulatory Zone Amendment involves review for compliance with countywide policies found in Volume One of the Washoe County Master Plan and applicable area plan policies found in Volume Two of the Washoe County Master Plan. If the subject parcel(s) is within a Specific Plan, Joint Plan or Community Plan found in Volume Three of the Master Plan, then supplemental review shall be required to ensure compliance with the applicable plan. Additionally, the analysis includes review of the proposed amendment against the findings found in Article 821 of the Washoe County Development Code and any findings as set forth in the appropriate Area Plan.

Requests to change a regulatory zone affecting a parcel of land or a portion of a parcel are processed under Article 821, Amendment of Regulatory Zone, of the Washoe County Development Code. Rezoning or reclassification of a lot or parcel from one Regulatory Zone to another requires action by both the Planning Commission and the Board of County Commissioners.

The Planning Commission may deny a Regulatory Zone Amendment or it may recommend approval or modification of an amendment to the Board of County Commissioners. Upon an affirmative recommendation by the Planning Commission, the Board of County Commissioners is required to hold a public hearing which must be noticed pursuant to WCC Section 110.821.20. Final action is taken by the Board of County Commissioners who may adopt, adopt with modifications, or deny the proposed amendment.

This amendment to the Southwest Truckee Meadows Regulatory Zone Map is proposing to change from ±140.12 acres High Density Rural (HDR) and ±8.94 acres Low Density Suburban (LDS) to ±149.06 acres Park and Recreation (PR).
ANALYSIS

Current Conditions

The parcel was developed in 1999 with a private golf course, club house and associated facilities. The current zoning on the parcel is High Density Rural (HDR) on ±140.12 acres and Low Density Suburban (LDS) on ±8.94 acres. These regulatory zones are typically intended to create and preserve areas for single-family dwellings. The setbacks and lot densities support residential uses and help maintain a residential neighborhood character.

Change of Conditions

The request is to change the regulatory zone to Parks and Recreation (PR) on the whole 149.06 acre site. The Parks and Recreation Regulatory Zone is intended for parks, golf courses, ski resorts and other active and passive recreational uses, for either public or private facilities. The current recreational uses are compatible and supportive with the surrounding residential regulatory zones and will not adversely affect the health, welfare or safety of persons residing or working in the vicinity or be detrimental to the public health, safety and welfare. The surrounding parcels have HDR, LDS and Open Space regulatory zones, which are compatible with the PR regulatory zone (See the map above or compatibility table on page 9). The change to the PR regulatory zone will better describe and define the uses that have been and will continue to occur on the site. The proposed Regulatory Zone amendment will allow for passive and active...
recreation use types that will help support future uses proposed to enhance the existing golf course operations.

**Consistency with Master Plan and Regulatory Zone Map**

Master plan amendments and regulatory zone amendments are to be reviewed for consistency with applicable policies and action plans of the Washoe County Master Plan. The following Master Plan policies and programs are applicable to the proposed amendment requests.

**Southwest Truckee Meadows Area Plan- Volume Two of the Washoe County Mater Plan**

**Goal One:** The pattern of land use designations and the specific allowed land uses in the Southwest Truckee Meadows Area Plan will implement the community character described in the Character Statement.

**SW.1.4** The following Regulatory Zones are permitted within the ArrowCreek Wildland Transition Suburban Character Management Area:

a. General Rural (GR – One unit per 40 acres).
b. Low Density Rural (LDR – One unit per 10 acres).
c. Medium Density Rural (MDR – One unit per 5 acres).
d. Low Density Suburban (LDS – One unit per 1 acre).
e. Public/Semi-public Facilities (PSP).
f. Parks and Recreation (PR).
g. Open Space (OS).
h. High Density Rural (HDR) – Limited to the areas designated HDR as of the effective date of this plan.

**Staff Comment:** This proposed regulatory zone change to PR is within the Arrowcreek Wildland Transition Suburban Character Management Area and PR is a permitted regulatory zone.

**Goal Four:** Resources key to the preservation and implementation of the character described in the Character Statement will be protected and, where possible, enhanced.

**SW.4.2** Washoe County will cooperate with other agencies, institutions, and local residents to ensure that recreational, educational and scientific activities based on the area’s key resources will be supported and encouraged, particularly where those activities contribute to the character of the local community and are beneficial to the broader region.

**Staff Comment:** Parks and Recreation Regulatory Zoning will contribute to the character of the community by classifying the area with a regulatory zone classification that depicts the current uses on the parcel.

**SW.20.1** In order for the Washoe County Planning Commission to recommend the approval of ANY amendment to the SWTM Area Plan, the following findings must be made:

a. The amendment will further implement and preserve the Vision and Character Statement.

b. The amendment conforms to all applicable policies of the SWTM Area Plan and the Washoe County Master Plan, and the Regional Water Management Plan.
c. The amendment will not conflict with the public’s health, safety or welfare.

Staff Comment: The proposed change is not in conflict with these findings and will implement the Vision and Character Statement, will meet all of the Southwest Truckee Meadows Area Plan policies and not conflict with or diminish the public’s health, safety or welfare, including possible effects upon water quality and quantity.

SW.20.3 In order for the Washoe County Planning Commission to recommend approval of any amendment involving a change of land use, the following findings must be made:

a. The impacts of the amendment are within commonly accepted thresholds of sustainable resource management and the county’s ability to manage the conservation of the area’s character will not be compromised.

b. A feasibility study has been conducted, commissioned and paid for by the applicant, relative to municipal water, sewer and storm water that clearly identifies the improvements likely to be required to support the intensification, and those improvements have been determined to be in substantial compliance with all applicable existing facilities and resource plans for SWTM by the Department of Water Resources. The Department of Water Resources will establish and maintain the standards and methodologies for these feasibility studies.

c. A traffic analysis has been conducted that clearly identifies the impact to the adopted level of service within the Southwest Truckee Meadows planning area and the improvements likely to be required to maintain/achieve the adopted level of service. This finding may be waived by the Department of Public Works for projects that are determined to have minimal impacts. The Department of Public Works may request any information it deems necessary to make this determination.

d. For amendments that propose new or intensified commercial land use, the scale of the intended use shall be shown to be community serving in nature. Casinos are not appropriate in the Southwest Truckee Meadows planning area.

e. For residential land use intensifications, the potential increase in residential units will not exceed Washoe County’s applicable policy growth level for the SWTM Area Plan, as established under Goal One.

f. If the proposed intensification will result in a drop below the established policy level of service for transportation (as established by the Regional Transportation Commission and Washoe County) within the Southwest Truckee Meadows planning area, the necessary improvements required to maintain the established level of service are scheduled in either the Washoe County Capital Improvements Program or Regional Transportation Improvement Program within three years of approval of the intensification. For impacts to regional roads, the Washoe County Planning Commission, upon written request from the Regional Transportation Commission, may waive this finding.

g. If roadways impacted by the proposed intensification are currently operating below adopted levels of service, the intensification will not require infrastructure improvements beyond those articulated in Washoe County and regional transportation plans AND the necessary improvements are
scheduled in either the Washoe County Capital Improvements Program or Regional Transportation Improvement Program within three years of approval of the intensification.

h. Proposed amendments shall complement the long range plans of facilities providers for transportation, water resources, schools and parks as reflected in the policy growth level established in Policy 1.2.

i. If the proposed intensification results in existing public school facilities exceeding design capacity and compromises the Washoe County School District’s ability to implement the neighborhood school philosophy for elementary facilities, then there must be a current capital improvement plan or rezoning plan in place that would enable the District to absorb the additional enrollment. The Washoe County Planning Commission, upon request of the Washoe County School Board of Trustees, may waive this finding.

j. Any existing development in the Southwest Truckee Meadows planning area, the South Valleys planning area, the Forest planning area, or the Southeast Truckee Meadows planning area which is subject to the conditions of a special use permit will not experience undue hardship in its ability to continue to comply with the conditions of the special use permit or otherwise to continue operation of its permitted activities.

Staff Comment: The proposed change to the regulatory zoning PR will not result in an intensification of the property. The golf course and related facilities are established uses and the regulatory zone amendment is needed to support existing uses and future enhancements to the property in keeping with the existing golf course operations. There are adequate services, as discussed in the staff report and staff, along with reviewing agencies do not see the need for any further study or analysis.

Desired Pattern of Growth

According to the Southwest Truckee Meadows Area Plan it is anticipated that the “recreational opportunities, make the area an attractive place in which to work and live”. The proposed PR zoning will provide and encourage recreational opportunities in the area.

Compatible Land Uses

In determining compatibility with surrounding land uses, staff reviewed the Land Use Compatibility Matrix with the proposed Regulatory Zone. The compatibility matrix is found in the Land Use and Transportation Element in Volume One of the Washoe County Master Plan. The compatibility between the proposed and existing adjacent regulatory zones is captured in the table below.
Compatibility Rating of Proposed Regulatory Zone with Existing Regulatory Zones on Adjacent Parcels

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

*High Compatibility: Little or no screening or buffering necessary.*  
*MEDIUM Compatibility: Some screening and buffering necessary.*  
*Low Compatibility: Significant screening and buffering necessary.*

Availability of Facilities

The site is already developed and has the necessary and adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities proposed by this amendment. Theapplicant has indicated that the regulatory zone amendment will not impact the traffic and a traffic study is not anticipated to being needed. The area was originally designed for a development with a commercial center, along with the golf course and club. The current roadways have been built to the original roadway requirements, which will provide the traffic needs for the proposed change.

South Truckee Meadows/Washoe Valley Citizen Advisory Board (CAB)

The proposed amendment was submitted to the South Truckee Meadows/Washoe Valley Citizen Advisory Board (CAB) and was discussed during the January 3, 2019 meeting. The discussion was in support of the request and the benefits for the community and the area. The CAB voted unanimously in favor of the request (See Exhibit E for the CAB minutes).

Public Notice

Notice for Regulatory Zone amendments must be given in accordance with the provisions of Nevada Revised Statutes 278.260, as amended.

Owners of all real property to be noticed are owners identified on the latest County Assessor's ownership maps and records. Such notice is complied with when notice is sent to the last known addresses of such real property owners as identified in the latest County Assessor's records. Any person who attends the public hearing is considered to be legally noticed unless those persons can provide evidence that they were not notified according to the provisions of Section 110.821.20 of the Washoe County Development Code.

A minimum of 30 property owners within 750 feet of the area to which the proposed amendment pertains must be noticed by mail at least 10 days before the public hearing date. Notice must also be given in a newspaper of general circulation within Washoe County at least 10 days before the public hearing date.
Noticing for this proposal: 389 property owners within 750 feet of the subject parcel(s) were noticed by mail not less than 10 days before today’s public hearing. (See Noticing Map as Exhibit C)

Agency Comments

The proposed amendment was submitted to the following agencies for review and comment.

- State of Nevada
  - Environmental Protection
  - Division of Forestry, Endangered Species
  - Division of Parks
  - Division of Water Resources
  - Department of Wildlife
- Washoe County Community Services Department
  - Engineering and Capital Projects
  - Traffic
  - Parks and Open Space
  - Planning and Building
  - Water Rights
- Washoe County Health District
  - Environmental Health Services
  - Air Quality
- Truckee Meadows Fire Protection District
- Regional Transportation Commission
- Washoe-Storey Conservation District

Comments were received from: Washoe County Engineering and Capital Projects, Parks and Open Space and Water Management, Truckee Meadows Fire Protection District and State of Nevada Division of Water Resources. (See Exhibit D)

Staff Comment on Required Findings

WCC Section 110.821.15 of Article 821, Amendment of Regulatory Zone, requires that all of the following findings be made to the satisfaction of the Washoe County Planning Commission before recommending adoption to the Board of County Commissioners. Staff has completed an analysis of the Regulatory Zone Amendment application and has determined that the proposal is in compliance with the required findings as follows.

1. Consistency with Master Plan. The proposed amendment is in substantial compliance with the policies and action programs of the Master Plan and the Regulatory Zone Map.

   **Staff Comment:** The proposed amendment does not conflict with the policies and action programs of the Master Plan as detailed in this staff report.

2. Compatible Land Uses. The proposed amendment will provide for land uses compatible with (existing or planned) adjacent land uses, and will not adversely impact the public health, safety or welfare.

   **Staff Comment:** The proposed amendment creates a regulatory zone that is compatible with adjacent regulatory zones and existing uses. The proposed amendment conforms to all applicable policies of the Southwest Truckee Meadows Area Plan and the Washoe County Master Plan as described earlier in this report. The proposed amendment will not result in a change of the uses to the property and will not conflict with the public’s health, safety or welfare.
3. **Response to Change Conditions; more desirable use.** The proposed amendment responds to changed conditions or further studies that have occurred since the plan was adopted by the Board of County Commissioners, and the requested amendment represents a more desirable utilization of land.

   **Staff Comment:** This proposal supports the Arrowcreek Wildland Transition Character Management Area (AWTCMA) and will bring the existing uses into conformance with the regulatory zoning.

4. **Availability of Facilities.** There are or are planned to be adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed amendment.

   **Staff Comment:** All needed facilities are present or are planned to be provided by the applicant.

5. **No Adverse Effects.** The proposed amendment will not adversely effect the implementation of the policies and action programs of the Washoe County Master Plan.

   **Staff Comment:** The proposed amendment will not impact the implementation of the policies and action programs of the Washoe County Master Plan.

6. **Desired Pattern of Growth.** The proposed amendment will promote the desired pattern for the orderly physical growth of the County and guides development of the County based on the projected population growth with the least amount of natural resource impairment and the efficient expenditure of funds for public services.

   **Staff Comment:** The proposed amendment will promote the desired pattern for the orderly physical growth of the County and guides development of the County.

7. **Effect on a Military Installation when a Military Installation is required to be noticed.** The proposed amendment will not affect the location, purpose and mission of a military installation.

   **Staff Comment:** There are no military installations within the required noticing area; therefore this finding does not have to be made.

**Recommendation**

Those agencies which reviewed the application provided commentary in support of approval of the proposed amendment. Therefore, after a thorough analysis and review, it is recommended that the proposed Regulatory Zone Amendment be recommended for adoption to the Board of County Commissioners. The following motion is provided for your consideration:

1. (1) Recommend adoption of an amendment to the Southwest Regulatory Zone Map changing from High Density Rural (HDR) on ±140.12 acres and Low Density Suburban (LDS) on ±8.94 acres to Park and Recreation (PR) on ±149.06 acres (APN: 085-122-03).

2. (2) Approve a resolution adopting an amendment to the Southwest Regulatory Zone Map.

3. (3) Direct staff to forward the amendment to the Board of County Commissioners. These approvals include administrative changes with a revised map series including an updated parcel base and updated applicable text.

4. (4) Authorize the Chair to sign Resolution Number 19-06 on behalf of the Planning Commission.
Possible Motion for Regulatory Zone Amendment

I move that after giving reasoned consideration to the information contained in the staff report and information received during the public hearing, the Washoe County Planning Commission recommends adoption of the proposed Regulatory Zone Amendment Case Number WRZA18-0009 having made all of the following findings in accordance with Washoe County Development Code Section 110.821.15(d). I further move to certify the resolution and the proposed Regulatory Zone Amendment in WRZA18-0009 as set forth in this staff report for submission to the Washoe County Board of County Commissioners and authorize the chair to sign the resolution on behalf of the Planning Commission.

1. **Consistency with Master Plan.** The proposed amendment is in substantial compliance with the policies and action programs of the Master Plan.

2. **Compatible Land Uses.** The proposed amendment will not result in land uses which are incompatible with (existing or planned) adjacent land uses, and will not adversely impact the public health, safety or welfare.

3. **Response to Change Conditions; more desirable use.** The proposed amendment identifies and responds to changed conditions or further studies that have occurred since the plan was adopted by the Board of County Commissioners, and the requested amendment represents a more desirable utilization of land.

4. **Availability of Facilities.** There are or are planned to be adequate transportation, recreation, utility and other facilities to accommodate the uses and densities permitted by the proposed amendment.

5. **No Adverse Effects.** The proposed amendment will not adversely affect the implementation of the policies and action programs of the Washoe County Master Plan.

6. **Desired Pattern of Growth.** The proposed amendment will promote the desired pattern for the orderly physical growth of the County and guides development of the County based on the projected population growth with the least amount of natural resource impairment and the efficient expenditure of funds for public services.

Appeal Process

Planning Commission action will be effective 10 calendar days after the written decision is filed with the Secretary to the Planning Commission and mailed to the original applicant, unless the action is appealed to the Washoe County Board of County Commissioners, in which case the outcome of the appeal shall be determined by the Washoe County Board of County Commissioners. Any appeal must be filed in writing with the Planning and Building Division within 10 calendar days after the written decision is filed with the Secretary to the Planning Commission and mailed to the original applicant.

RESOLUTION OF THE WASHOE COUNTY PLANNING COMMISSION

RECOMMENDING ADOPTION OF REGULATORY ZONE AMENDMENT CASE NUMBER WRZA18-0009 AND THE AMENDED SOUTHWEST AREA PLAN REGULATORY ZONE MAP

Resolution Number 19-06

Whereas Regulatory Zone Amendment Case Number WRZA18-0009 came before the Washoe County Planning Commission for a duly noticed public hearing on February 5, 2019; and

Whereas the Washoe County Planning Commission heard public comment and input from staff regarding the proposed Regulatory Zone Amendment; and

Whereas the Washoe County Planning Commission has given reasoned consideration to the information it has received regarding the proposed Regulatory Zone Amendment; and

Whereas the Washoe County Planning Commission has made the findings necessary to support adoption of this proposed Regulatory Zone Amendment as set forth in NRS Chapter 278 and Washoe County Code Chapter 110, Article 821, Amendment of Regulatory Zone; and

Whereas, pursuant to Washoe County Code Section 110.821.15(d), in making this recommendation, the Washoe County Planning Commission finds as follows concerning this proposed Regulatory Zone Amendment:

1. **Consistency with Master Plan.** The proposed amendment is in substantial compliance with the policies and action programs of the Master Plan;

2. **Compatible Land Uses.** The proposed amendment will provide for land uses compatible with (existing or planned) adjacent land uses, and will not adversely impact the public health, safety or welfare;

3. **Response to Change Conditions; more desirable use.** The proposed amendment responds to changed conditions or further studies that have occurred since the plan was adopted by the Board of County Commissioners, and the requested amendment represents a more desirable utilization of land;

4. **Availability of Facilities.** There are or are planned to be adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed amendment;

5. **No Adverse Effects.** The proposed amendment will not adversely effect the implementation of the policies and action programs of the Washoe County Master Plan;
6. **Desired Pattern of Growth.** The proposed amendment will promote the desired pattern for the orderly physical growth of the County and guides development of the County based on the projected population growth with the least amount of natural resource impairment and the efficient expenditure of funds for public services; and

7. **Effect on a Military Installation When a Military Installation is Required to be Noticed.** The proposed amendment will not affect the location, purpose and mission of a military installation.

Now, therefore, be it resolved that the Washoe County Planning Commission does hereby recommend adoption of Regulatory Zone Amendment Case Number WRZA18-0009 and the amended Southwest Area Plan Regulatory Zone Map included as Exhibit A to this resolution to the Washoe County Board of County Commissioners.

ADOPTED on February 5, 2019

WASHOE COUNTY PLANNING COMMISSION

**Project Narrative**

**Property Location/Site Area**

The Club at ArrowCreek is located at 2905 E. Arrowcreek Parkway, approximately 3,000 feet north of the ArrowCreek Guard House entry to the gated community. The parcel that is associated with this regulatory zone amendment request contains 149.06+/- acres (APN 152-021-03). The uses currently contained on the subject parcel are golf course holes, tee boxes and fairways, golf practice areas, a clubhouse, parking lot and associated structures with the operation of the golf course. The parcel is bound by single family residences and various roads that were designed within the Arrowcreek master planned community (of which the golf course is part of). A vicinity map is provided in the following page that shows the parcel location associated with this application.

**The Club at ArrowCreek – Overview**

The Club at ArrowCreek is located within the ArrowCreek Master Planned Community at the western end of ArrowCreek Parkway in Southwest Reno. The ArrowCreek community was originally approved under the name Southwest Pointe in 1999 and was initially designed and approved to have 1,090 single family lots, two 18-hole golf courses with a minimum 15,000 s.f. clubhouse and a 20,000 s.f. shopping center. The shopping center was never constructed and was substituted for by a resident's center, which operates at a much lower level of intensity than the 20,000 s.f. shopping center would have.

The Club at ArrowCreek is a member's only facility that offers golf on two 18-hole courses, dining/food service and member facilities for parties, gatherings and special occasions, and social and recreational groups. The Club at ArrowCreek was purchased out of bankruptcy in 2015 by a group of ArrowCreek residents who were passionate about seeing the golf course and facilities maintained and successful. To accomplish this, the current owners of the Club at ArrowCreek, Lucky Star Golf, LLC have commenced on a renovation and upgrade plan to provide greater value and offerings to club members in effort to grow membership to a sustainable level.

The first step in the renovation/improvements came in the form of a special use permit for improvement to the backyard grounds, which included a pool addition, improvement to the golf practice areas and outdoor amenities and outdoor recreational offerings. The improvements approved through that special use permit commenced construction in November of 2018.

TCAC has plans for expansion of the clubhouse facility that include indoor recreational facilities in the form of a fitness area and indoor pickleball building offering 4 courts. Additionally, an events area for weddings and meetings is planned along with expansion of the existing uses that have been operating at the TCAC for over 20 years. These improvements will be addressed through a special use permit application that is intended to follow this regulatory zone amendment request in processing order.
Figure 1 – Vicinity Map
Washoe County staff identified that some of the uses that are planned within the clubhouse expansion plans would not be allowed within the current zoning designation that covers the property (HDR and LDS – High Density Rural and Low Density Suburban). As such, it was recommended that a change to the regulatory zoning to PR (Parks and Recreation) be requested as this regulatory zone better fits the activities that are currently existing and that are planned with the expansion.

This application request is made to bring the zoning designation into conformance with the actual existing uses and proposed uses on the subject parcel.

**Existing Master Plan**

The Southwest Truckee Meadows Area Plan (SWTMAP) identifies the subject parcel to have two master plan designation: Rural Residential (RR) and Suburban Residential (SR). The RR designation is contained on 94% of the parcel while the SR designation exists on 6% of the parcel. The parcel is contained entirely within the Arrowcreek master planned community and is located within the Arrowcreek Wildland Transition Suburban Character Management Area (AWTSCMA). Per policy SW.1.4 of the SWTMAP, the following Washoe County zoning designations area considered to be in conformance with the AWTSCMA.

- General Rural (GR – One unit per 40 acres)
- Low Density Rural (LDR – One unit per 10 acres)
- Medium Density Rural (MDR – One unit per 5 acres)
- Low Density Suburban (LDS – One unit per 1 acre)
- Public/Semi-public Facilities (PSP).
- Parks and Recreation (PR)
- Open Space (OS)
- High Density Rural (HDR) – Limited to the areas designated HDR as of the effective date of this plan.

An exhibit showing the existing Washoe County Master Plan designations on the subject parcel and surrounding properties is provided on the following page.

Figure 2: Washoe County Master Plan
Existing and Proposed Zoning

The subject parcel is currently split zoned. The two zoning designations on the property are HDR and LDS. The HDR designation exists on 94% of the parcel while the LDS designation exists on 6%. Both existing zoning designations are in conformance with the Washoe County Master Plan. An existing zoning exhibit is provided on 6 of this Project Narrative.

Traffic

All traffic is served by private streets within the Arrowcreek community that connect to Arrowcreek Parkway, which transitions to a publicly maintained roadway at the gatehouse/entry to the Arrowcreek Community. This proposed Regulatory Zone Amendment will have no impact on traffic. As such, it is foreseen that no traffic study is needed with the requested change of zoning from HDR and LDS to PR. However, a traffic letter analyzing ADT and peak hour traffic that were previously approved with the Arrowcreek (AKA Southwest Pointe) master planned community. The previously approved traffic report calculated 36 holes of golf, inclusive of a clubhouse and a 20,000 square foot (s.f.) shopping center. These uses provided a cumulative ADT of 4,106 and 359 PM peak hour trips.

FEMA Review

The subject parcel is located outside of any flood hazard zones, as indicated by FEMA mapping. A copy of the Washoe County GIS Mapping showing the FEMA flood zones and information is provided in Appendix C with this application.

Project Request

It is requested that the zoning be changed to PR as it is a better fit to the actual use of the existing clubhouse. This regulatory zone amendment requests a change from HDR on 94% and LDS on 6% of the parcel to PR on 100% of the subject parcel.

The PR designation provides a better fit for the existing and future uses on the subject parcel. The future anticipated clubhouse expansion includes an indoor workout area, indoor pickleball and events (weddings and gatherings) on the parcel and located at the clubhouse, and are allowed with additional review under the PR zone. As such, a special use permit and administrative permit request will be reviewed to address these uses should the requested regulatory zone amendment be approved.

As defined by the Washoe County Development Code, Section 110.106.15(o), the Parks and Recreation Regulatory Zone is intended for,

“...parks, golf courses, ski resorts and other active and passive recreational areas. This category includes uses developed either by public or private capital which may be public or may be restricted, as in the case of private clubs. There is no minimum lot area for this regulatory zone.”

A proposed zoning exhibit is provided on page 7 of this Project Narrative.
The Club at Arrowcreek Requested Regulatory Zone Amendment

Figure 3: Washoe County Existing Regulatory Zoning
The Club at Arrowcreek Requested Regulatory Zone Amendment

Figure 4: Washoe County Proposed Regulatory Zoning
Regulatory Zone Amendment Findings

The following findings are required to be made for the approval of a regulatory zone amendment per Article 821 of the Washoe County Development Code.

1. Consistency with Master Plan. The proposed amendment is in substantial compliance with the policies and action programs of the Master Plan.

The requested regulatory zone amendment is intended to bring the subject parcel into better conformance with many of the current uses on the site and will allow for the proposed future uses such as the addition of indoor sports and recreation, and events and gatherings at the clubhouse.

Most of the policies and action programs contained within the SWTMAP are specific to project design, rather than zoning. However, as noted in the Master Plan section of this Project Narrative, the proposed zoning of PR is in conformance with policy SW.1.4 of the SWTMAP.

2. Compatible Land Uses. The proposed amendment will provide for land uses compatible with (existing or planned) adjacent land uses, and will not adversely impact the public health, safety or welfare.

The change of the zoning to PR is not anticipated to have an adverse impact to the surrounding properties relative to public health, safety or welfare. The uses that have been ongoing will remain the same and future additional uses that are anticipated will be proposed and reviewed through a separate special use permit.

3. Response to Change Conditions; more desirable use. The proposed amendment responds to changed conditions or further studies that have occurred since the plan was adopted by the Board of County Commissioners, and the requested amendment represents a more desirable utilization of land.

The requested zoning amendment will formally allow existing uses to continue by-right instead of being considered existing-non-conforming uses.

4. Availability of Facilities. There are or are planned to be adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed amendment.

The requested zoning amendment will not have an adverse effect upon existing facilities. The golf course and clubhouse have existed as part of the Arrowcreek master planned community for over 20 years and the overall recreational targeted use of the facility and property is not proposed to change.

5. No Adverse Effects. The proposed amendment will not adversely affect the implementation of the policies and action programs of the Washoe County Master Plan.

The Arrowcreek Master Planned Community, inclusive of the golf course and clubhouse facility was reviewed and approved under the Washoe County Master Plan goals, policies and action plans. The overall form and recreational and leisure offerings on the subject parcel are not anticipated to change. The plan is to provide additional opportunities and improvement to the club to the benefit of the members and to help
bring the overall Club to financial viability. As such, the requested amendment will not affect the policies and programs of the Master Plan.

(6) Desired Pattern of Growth. The proposed amendment will promote the desired pattern for the orderly physical growth of the County and guides development of the County based on the projected population growth with the least amount of natural resource impairment and the efficient expenditure of funds for public services.

The proposed amendment will not affect the desired pattern of growth as the subject property and surrounding community area already predominately fully built-out.

(7) Effect on a Military Installation When a Military Installation is Required to be Noticed. The proposed amendment will not affect the location, purpose and mission of a military installation.

(No notes for this action)
Chapter 110 of the Washoe County Code is commonly known as the Development Code. Specific references to Regulatory Zone amendments may be found in Article 821, Amendment of Regulatory Zone.

Please complete this questionnaire to ensure consistent review of your request to amend the Washoe County Zoning Map. Please provide a brief explanation to all questions answered in the affirmative.

1. Please describe the Regulatory Zone amendment request:

   The zoning amendment will change 149.06 +/- acres from a split zone of LDS - low density suburban (6%) and HDR - high density rural (94%) to PR - parks and recreation (100%).

   This amendment is requested to bring the existing and proposed uses into conformance with the Washoe County Development code. The HDR designation (as are many other residential designations) is fully appropriate for a golf course, a clubhouse and associated activities. However, some of the current uses and to be proposed uses at the clubhouse would operate as existing/non-conforming uses under the HDR zoning designation. Such uses include indoor recreation and events (weddings and other gatherings). Changing the zoning designation to PR allows for continued improvement/upgrade to the Club at ArrowCreek, and allows the club to offer a greater number of recreational and leisure activities to its membership in an effort to help the club be financially viable.

   The current Master Plan designations of RR - rural residential - and SR - suburban residential - is appropriate for the new requested zoning.

2. List the Following information regarding the property subject to the Regulatory Zone Amendment.

   a. What is the location (address, assessor’s parcel number or distance and direction from nearest intersection)?

   The subject property is located at 2905 E. Arrowcreek Parkway. It is approximately 2,300 feet NW of E. Arrowcreek Pkwy. and W. Arrowcreek Pkwy. The APN is 152-021-03.
b. Please list the following (attach additional sheet if necessary):

<table>
<thead>
<tr>
<th>APN of Parcel</th>
<th>Master Plan Designation</th>
<th>Current Zoning</th>
<th>Existing Acres</th>
<th>Proposed Zoning</th>
<th>Proposed Acres</th>
</tr>
</thead>
<tbody>
<tr>
<td>152-021-03</td>
<td>RR</td>
<td>LDS</td>
<td>8.94+/-</td>
<td>PR</td>
<td>8.94+/-</td>
</tr>
<tr>
<td>152-021-03</td>
<td>RR</td>
<td>HDR</td>
<td>140.12+/-</td>
<td>PR</td>
<td>140.12+/-</td>
</tr>
</tbody>
</table>

3. Describe the existing conditions and uses located at the site or in the vicinity (i.e. vacant land, roadways, easements, buildings, etc.):

The parcel contains two 18 hole golf courses, golf practice facilities and a pool area (currently under construction), 21,716+/- s.f. clubhouse, parking and associated facilities and buildings. The property was graded and contoured in the late 1990's to accommodate for the golf course and associated buildings and parking lot.

Future plans (to be submitted and reviewed under a separate special use permit) will include an expansion to the clubhouse and additional recreational uses (workout area and indoor pickleball facility).
4. Describe the natural resources associated with the site under consideration. Your description should include resource characteristics such as water bodies, vegetation, topography, minerals, soils and wildlife habitat.

The site provides a manicured landscape which is suitable for a golf course. Pond and detention area have been created on the project site with original construction (20+ years ago) in benefit of the entire Arrowcreek master planned community. Vegetation consists of manicured lawn in the form of tee boxes, fairways, greens and transitional natural vegetation at the end of the defined golf holes. The topography has been contoured for use as a golf course and is varied, but generally sloped upward toward the west. The Washoe County Comprehensive Plan Conservation Element maps and Southwest Truckee Meadow Area Plan Development Constraints map show the site to have moderate geothermal potential, to be within the black bear habitat/range, contain small patches of potential wetlands areas that are currently contained within golf course landscape or natural areas and areas of slopes greater than 15% that are largely within the contoured golf course area or provided as steps to parking areas near the clubhouse.

5. Does the property contain development constraints such as floodplain or floodways, wetlands, slopes or hillsides in excess of 15%, geologic hazards such as active faults, significant hydrologic resources or major drainages or prime farmland?

- ✔ Yes
- ☐ No

Explanation:

There are small areas of potential wetlands within the golf course area that have already been addressed through the development of the golf course holes. FEMA mapping available through the Washoe County GIS site indicates that there are no floodplains on the property and the area is within FEMA Zone X. There are faults within the property, but those were studied and avoided with development of the golf course and clubhouse.

6. Please describe whether any archaeological, historic, cultural, or scenic resources are in the vicinity or associated with the proposed amendment:

- ☐ Yes
- ✔ No

Explanation:

When this project was first proposed in 1993, SHPO recommended a cultural resource study be completed of the site. This was completed, and the findings entered into record as part of the original initial application in the 1990's.
7. Do you own sufficient water rights to accommodate the proposed amendment? (Amendment requests in some groundwater hydrographic basins [e.g. Cold Springs, Warm Springs, etc.] require proof of water rights be submitted with applications. Please provide copies of all water rights documents, including chain of title to the original water right holder.)

- [ ] Yes
- [ ] No

If yes, please identify the following quantities and documentation numbers relative to the water rights:

<table>
<thead>
<tr>
<th></th>
<th>N/A</th>
<th>acre-feet per year</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. Permit #</td>
<td>N/A</td>
<td>acre-feet per year</td>
</tr>
<tr>
<td>b. Certificate #</td>
<td>N/A</td>
<td>acre-feet per year</td>
</tr>
<tr>
<td>c. Surface Claim #</td>
<td>N/A</td>
<td>acre-feet per year</td>
</tr>
<tr>
<td>d. Other #</td>
<td>N/A</td>
<td>acre-feet per year</td>
</tr>
</tbody>
</table>

e. Title of those rights (as filed with the State Engineer in the Division of Water Resources of the Department of Conservation and Natural Resources):

TMWA completed a Discovery Report on September 19, 2018 for the previously approved special use permit facilities covered under WSUP18-00016 (Pool and Backyard Grounds). This report also addresses a future 19,000+/- s.f. expansion to the clubhouse (to be addressed under a separate application/special use permit). The determination was that the prior demand commitments to the subject property (by TMWA) are greater than the current total demand, plus the foreseen expansion project. A copy of the Discovery Report is provided with this application. Given this review, no new water rights are expected to be necessary for the the planned future expansion (separate application).

The Discovery Report did not include any consideration for landscaping and it should be noted that landscape areas are watered using reclaimed effluent from the South Truckee Meadows Wastewater Treatment Facility and would not be included in a domestic water supply or demand calculation.

g. If the proposed amendment involves an intensification of land use, please identify how sufficient water rights will be available to serve the additional development.

This regulatory zone amendment does not provide any approval for intensification. Any expansion or continued improvement to the site will be reviewed under a separate special use permit application. See response in (e) above.
8. Please describe the source and timing of the water facilities necessary to serve the amendment:

a. System Type:

- Individual wells
- Private water Provider: 
- Public water Provider: TMWA

b. Available:

- Now
- 1-3 years
- 3-5 years
- 5+ years

c. Is this part of a Washoe County Capital Improvements Program project?

- Yes
- No

d. If a public facility is proposed and is currently not listed in the Washoe County Capital Improvements Program and not available, please describe the funding mechanism for ensuring availability of water service:

Not applicable

9. What is the nature and timing of sewer services necessary to accommodate the proposed amendment?

a. System Type:

- Individual septic
- Public system Provider: Washoe County

b. Available:

- Now
- 1-3 years
- 3-5 years
- 5+ years

c. Is this part of a Washoe County Capital Improvements Program project?

- Yes
- No
d. If a public facility is proposed and is currently not listed in the Washoe County Capital Improvements Program and not available, please describe the funding mechanism for ensuring availability of sewer service. If a private system is proposed, please describe the system and the recommended location(s) for the proposed facility.

Not Applicable

10. Please identify the street names and highways near the proposed amendment that will carry traffic to the regional freeway system.

E. Arrowcreek Parkway, Damonte Ranch Parkway, South Virginia Street.

11. Will the proposed amendment impact existing or planned transportation systems? (If yes, a traffic report will be required. See attached Traffic Impact Report Guidelines.)

Projects of Regional Significance Information – for Regulatory Zone Amendments

Nevada Revised Statutes 278.026 defines “Projects of Regional Significance”. Regulatory Zone amendment requests for properties within the jurisdiction of the Truckee Meadows Regional Planning Commission (TMRPC) must respond to the following questions. A “Yes” answer to any of the following questions may result in the application being referred first to the Truckee Meadows Regional Planning Agency for submission as a project of regional significance. Applicants should consult with County or Regional Planning staff if uncertain about the meaning or applicability of these questions.

1. Will the full development potential of the Regulatory Zone amendment increase employment by not less than 938 employees?
   - Yes
   - No

2. Will the full development potential of the Regulatory Zone amendment increase housing by 625 or more units?
   - Yes
   - No

3. Will the full development potential of the Regulatory Zone amendment increase hotel accommodations by 625 or more rooms?
   - Yes
   - No

4. Will the full development potential of the Regulatory Zone amendment increase sewage by 187,500 gallons or more per day?
   - Yes
   - No

5. Will the full development potential of the Regulatory Zone amendment increase water usage by 625 acre-feet or more per year?
   - Yes
   - No

6. Will the full development potential of the Regulatory Zone amendment increase traffic by 6,250 or more average daily trips?
   - Yes
   - No

7. Will the full development potential of the Regulatory Zone amendment increase the student population from kindergarten to 12th grade by 325 students or more?
   - Yes
   - No
Applicant Comments

This page can be used by the applicant to support the regulatory zone amendment request and should address, at a minimum, how one or more of the findings for an amendment is satisfied. (Please refer to Article 821 of the Washoe County Development Code for the list of Findings.)

According to Section 110.821.15 (d) Findings, in order for a recommendation for approval, all of the following findings must be made by the Commission:

1. Consistency with Master Plan. The proposed amendment is in substantial compliance with the policies and action programs of the Master Plan.
   RESPONSE: The requested regulatory zone amendment is intended to bring the subject parcel into better conformance with many of the current uses on the site, and will allow for indoor sports and recreation and events and gatherings at the clubhouse with future improvements.

2. Compatible Land Uses. The proposed amendment will provide for land uses compatible with (existing or planned) adjacent land uses, and will not adversely impact the public health, safety or welfare.
   RESPONSE: The change of the zoning to PR is not anticipated to have an adverse impact to the surrounding properties relative to public health, safety or welfare. The uses that have been ongoing will remain the same and future additional uses that are anticipated will be proposed and reviewed through a separate special use permit.

3. Response to Change Conditions; more desirable use. The proposed amendment responds to changed conditions or further studies that have occurred since the plan was adopted by the Board of County Commissioners, and the requested amendment represents a more desirable utilization of land.
   RESPONSE: The requested zoning amendment will formally allow existing uses to continue by-right instead of being considered existing-non-conforming uses.

4. Availability of Facilities. There are or are planned to be adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed amendment.
   RESPONSE: The requested zoning amendment will not have an adverse effect upon existing facilities. The golf course and clubhouse have existed as part of the ArrowCreek master planned community for over 20 years and the overall recreational targeted use of the facility and property is not proposed to change.

5. No Adverse Effects. The proposed amendment will not adversely affect the implementation of the policies and action programs of the Washoe County Master Plan.
   RESPONSE: The ArrowCreek Master Planned Community, inclusive of the golf course and clubhouse facility, was reviewed and approved under the Washoe County Master Plan goals, policies and action plans. The overall form and recreational and leisure offerings on the subject parcel are not anticipated to change. The plan is to provide additional opportunities and improvement to the club to the benefit of the members and to help bring the overall Club to financial viability. As such, the requested amendment will not affect the policies and programs of the Master Plan.

6. Desired Pattern of Growth. The proposed amendment will promote the desired pattern for the orderly physical growth of the County and guides development of the County based on the projected population growth with the least amount of natural resource impairment and the efficient expenditure of funds for public services.
   RESPONSE: The proposed amendment will not affect the desired pattern of growth as the subject property and surrounding community area already predominately fully built-out.

7. Effect on a Military Installation When a Military Installation is Required to be Noticed. The proposed amendment will not affect the location, purpose and mission of a military installation.
   RESPONSE: Not Applicable.

Good afternoon,

Please find the attached Agency Review Memo with cases received in December by Washoe County Community Services Department, Planning and Building.

You’ve each been asked to review the applications for the items indicated below. The item descriptions and links to the applications are provided in the memo.

Please remember to send any agency review responses/comments directly to the Planner for the case, rather than replying to me.

Dan (Building) – Item 2

Chad (GIS) – Item 2

Joanne (Parks & OS) – Items 1 & 2

Vahid (Water Rights) – Items 1 & 2
Leo (Land Dev.) – Items 1 & 2

Tim (Sewer) – Item 2

Brad (Street Naming) – Item 2

Mitch (Traffic) – Item 1

Eric (Operations) – Item 2

Thank you!

Katy Stark

TO: Julee Olander, Planner, Washoe County Community Services Department Planning and Building Division

FROM: Vahid Behmaram, Water Management Planner Coordinator, CSD

SUBJECT: Regulatory Zone Amendment Case Number WRZA18-0009 (Club at Arrowcreek)

Project description:

Adoption of an amendment to the South Valleys Regulatory Zone Map, changing the Regulatory Zone from ±140.12 acres of High Density Rural (HDR) and ±8.94 acres of Low Density Suburban (LDS) to ±149.06 acres Park and Recreation (PR).

Location: 2905 E Arrowcreek Pkwy. Assessor’s Parcel Number: 152-021-03

The Community Services Department (CSD) offers the following Water Rights conditions and/or comments regard these amendments:

1) There are no water rights comments for approvals.
2) Parcels are in TMWA service territory already.
January 2, 2019

RE: Comments on Regulatory Zone Amendment Case Number WRZA18-0009

To: Julee Olander  
Washoe County Community Services Department  
1001 East Ninth Street, Building A  
Reno, NV 89512

Name: The Club at Arrowcreek

County: Washoe County – East Arrowcreek Parkway and West Arrowcreek Parkway

Location: A portion of Sections 14, 23, & 24, Township 18 North, Range 19, East, MDB&M.

Plat: Tentative: One lot being on a portion of Washoe County Assessor’s Parcel Number 152-021-03.

Water Service Commitment  
Allocation: Water is currently supplied by Truckee Meadows Water Authority

Owner-Developer: Lucky Star Golf, LLC  
2905 East Arrowcreek Parkway  
Reno, NV 89511

Engineer: CFA, Inc.  
1150 Corporate Boulevard  
Reno, NV 89502

Water Supply: Truckee Meadows Water Authority
General: There are no active water rights appurtenant to the described lands in this proposed project other than those of Truckee Meadows Water Authority. The lands of the proposed project lie within the Truckee Meadows Water Authority service area. Any water used on the described lands should be provided by an established utility or under permit issued by the State Engineer’s Office.

All waters of the State belong to the public and may be appropriated for beneficial use pursuant to the provisions of Chapters 533 and 534 of the Nevada Revised Statutes (NRS), and not otherwise.

Municipal water service is subject to Truckee Meadows Water Authority rules and regulations and approval by the Office of the State Engineer regarding water quantity and availability.

Action: Tentative approval of The Club at Arrowcreek based on continued service by Water Will Serve by Truckee Meadows Water Authority.

Best regards,

Steve Shell

Steve Shell
Water Resource Specialist II
South Truckee Meadows/Washoe Valley Citizen Advisory Board

DRAFT: Approval of these draft minutes, or any changes to the draft minutes, will be reflected in writing in the next meeting minutes and/or in the minutes of any future meeting where changes to these minutes are approved by the CAB. Minutes of the regular meeting of the South Truckee Meadows/Washoe Valley Citizen Advisory Board held January 3, 2019 6:00 p.m. the South Valleys Library at 15650A Wedge Parkway, Reno, Nevada.

1. *CALL TO ORDER/ DETERMINATION OF QUORUM - Meeting was called to order at by Patricia Phillips at 6:00 p.m.

Member Present: Patricia Phillips, Kimberly Rossiter, Tom Burkhart, Shaun O’Harra. A quorum was determined.

Absent: Jim Rummings (excused), Bob Vaught (alternate, not excused).

2. *PLEDGE OF ALLEGIANCE - Patricia Phillips led the Pledge of Allegiance.

3. *PUBLIC COMMENT - No public comments were made.

7. DEVELOPMENT PROJECTS– The project description is provided below.
7.B. Regulatory Zone Amendment Case Number WRZA18-0009 (Club at Arrowcreek) – Request for community feedback, discussion and possible action to forward community and Citizen Advisory Board comments to Washoe County staff on a request to adoption of an amendment to the South Valleys Regulatory Zone Map, changing the Regulatory Zone from ±140.12 acres of High Density Rural (HDR) and ±8.94 acres of Low Density Suburban (LDS) to ±149.06 acres Park and Recreation (PR). Arrow creek (for Possible Action)

And

Special Use Permit Case Number WSUP18-0020 (Club at Arrowcreek – Conventions and Meeting Facilities and Grading) – Request for community feedback, discussion and possible action to forward community and Citizen Advisory Board comments to Washoe County staff on a request to allow for the use of Conventions and Meeting Facilities as part of the expansion of the Arrowcreek Club House, in accordance with Washoe County Code (WCC) Table 110.302.05.3 and for excavating more than 1,000 cubic yards of material and for an area that will exceed more than 30% slope, in accordance with WCC 100.438.35. (for Possible Action)

And

Administrative Permit Case Number WADMIN18-0015 (Club at Arrowcreek – Indoor Sports and Recreation)– Request for community feedback, discussion and possible action to forward community and Citizen Advisory Board comments to Washoe County staff on a request for an Administrative Permit to allow for the use of Indoor Sports and Recreation as part of the proposed Arrowcreek Club House expansion, in accordance with Washoe County Code Table 110.302.05.3 (for Possible Action)

Applicant/Property Owner: Lucky Star Golf, LLC

• Location: 2905 E Arrowcreek Pkwy.
• Assessor’s Parcel Number(s): 152-021-03
• Staff: Julee Olander, Washoe County Planner; 775-328-3627 and jolander@washoecounty.us
• Reviewing Body: WRZA18-0009 tentatively scheduled for the Planning Commission on February 5, 2019; and WSUP18-0020 and WADMIN18-0015 tentatively scheduled for the Board of Adjustment on May 2, 2019.

Dave Snelgrove, CFA, applicant representative, introduced the other representatives and project:
He said they are requesting Regulatory Zone Amendment, Special Use Permit, and Administrative permit

Regular Zone Amendment: Zone change request from current HDR and LDS. Requesting to (PR) Parks & Recreation zoning – types of uses include: Golf, outdoor recreation, club house designation. Other courses in the area (Hidden Valley golf course and Washoe Golf course) are both zoned Parks & Recreation.

Special Use Permit: Requesting expansion of existing clubhouse from 21,000 sq. ft. to 40,000 sq. ft. plus construction of a 7,000 sq. ft. indoor pickleball building separate from the clubhouse. Weddings and events are proposed within expanded clubhouse facility, which requires a Special Use Permit approval. A Special Use Permit for grading is also necessary to make proposed improvements to the site.

Administrative permit: Requesting Administrative Permit to allow for indoor sports and recreation – indoor fitness area (cardio and weight room, spin and yoga rooms).

Mr. Snelgrove showed a map of the properties that will be re-zoned off of Arrow Creek Parkway where the clubhouse is located.

Mr. Snelgrove spoke about the club house at ArrowCreek facts – two full golf courses; filed bankruptcy in 2014; Friends of ArrowCreek purchased it out of bankruptcy, then purchased by Lucky Star Golf; business model was just golf but not sustainable. The current plan is to expand club offering to include additional recreation to include indoor fitness and weddings. It’s currently members’ only. PR zoning would allow outside events to happen. Mr. Snelgrove spoke about other golf courses that had closed such as D’Andrea Golf Course. Just last month Old Greenwood Golf Course was planning to close.

Mr. Snelgrove reviewed the map of existing clubhouse and club renovation with pool and golf practice facilities for the SUP & Administrative Permit. He showed images of existing current clubhouse sloped roof. He showed the expansion areas for fitness area on south western side. South east corner of existing building will be for a golf shop expansion and kids area. North western side of building expansion will be the wedding/event/dining and kitchen expansion.

He showed the floor plan – everything on the right side will be bar, café, event dining, restaurant. The left side of the floor plan is geared toward the golf shop, administrative offices.

He showed slides of general architecture to match the current clubhouse.

He showed the pickleball building elevation schematic and rendering.

The applicant believes this is a great project that will help continue the planned renovation and re-creation of the club at ArrowCreek.

Mr. Snelgrove said these will be heard separately. RZA will go first before SUP/Admin permit will go forward. If that gets approved, then the SUP/Admin will go forward for approval.

Tom Burkhart asked if anyone is in opposition to this project. Mr. Snelgrove said not that they know of. He said they held two open house for neighbors who are in close proximity. He said for the second open house, everyone was invited with 200+ people in attendance. He said they haven’t received any negative feedback.
Tom Burkhart asked member percentage. Representative said 48% are current members. Mr. Snelgrove said by offering other activities, it will be a benefit and asset to the community.

Shaun O’Harra asked about traffic studies. Mr. Snelgrove said traffic engineer Paul Solaegui analyzed the project and said the traffic wouldn’t trigger a traffic study. Mr. Snelgrove said they were drastically over parked. He said there was a proposed shopping center – that was a lot of traffic proposed, but the shopping center never panned out.

Gary Pestello, representative, said the County has been great. He said this has been unlawfully compliant and hope to get lawfully compliant. For sustainability of the club, this will be a finest facility in northern Nevada. Amenities and offerings will be expanded for the community. It will be property tax revenue for the County. Property values will be increased. Best fire break for the community.

MOTION: Tom Burkhart moved to recommend approval Regulatory Zone Amendment Case Number WRZA18-0009 (Club at Arrowcreek). Shaun O’Harra seconded to motion to recommend approval of WRZA 18-009. Motion passed unanimously.
