Pattern of Growth

- The Reno-Stead Corridor Joint Plan proposed concentrating the bulk of commercial development off of Lemmon Drive and US 395 North.
- Over the years commercial development has continued and is concentrated at the Lemmon Drive/Buck Drive/Sky Vista Parkway intersection.
The parcel currently contains an existing manufactured home.

It has been determined that these items can be approved subject to a condition precedent that the residence be removed before the amendments actually take effect.

The applicant will have ninety (90) days to remove the existing manufactured home after regional makes a decision.
