WTM20-005 & WSUP20-0021 (Woodland Village)
Request

• The applicant is requesting a tentative subdivision map for 111 attached residential lots; and
• A special use permit to allow:
  1. Single family, attached use per WCC Table 110.302.05.1;
  2. To allow up to 14 dwelling units per acre per Cold Springs Area Plan policy CS.2.2.2; and
  3. to vary building placement standards (WWC 110.406)
The applicant had previously applied for a master plan and regulatory zone amendment (WMPA20-0002 & WRZA20-0002) for a portion of APN: 556-390-05.

The master plan amendment request was to change the designation on 71% of the 4.2-acre parcel from Suburban Residential (SR) to Commercial (C) and the remaining 29% (1.2 acres) of the parcel to remain SR.

The regulatory zone amendment request was to change the regulatory zone on 71% of the parcel from Public & Semi-Public Facilities (PSP) to Neighborhood Commercial (NC) and the remaining 29% (1.2 acres) of the parcel to remain PSP.
An existing family center is located on the portion of the parcel where the master plan and regulatory zone was not changed

The request was approved by the Washoe County Board of County Commissioners on May 26, 2020, with a final approval of the master plan amendment by the Truckee Meadows Regional Planning Commission on July 23, 2020
Family Center-PSP
556-390-05
556-390-14
NC
The applicant is now requesting a tentative subdivision map and special use permit for two parcels totaling 9.8 acres.

The request includes the portion of the parcel (4.2 acres) with the approved regulatory zoning of NC and the adjacent 5.57-acre parcel to the south that has a regulatory zoning of NC.

The request will allow the applicant to develop 111 attached single-family units on 8.6 acres.
The Cold Springs Area Plan policy CS.2.2.2.2 states, “Multi-family and single-family attached residential development at up to 14 dwelling units per acre shall be allowed with the approval of a special use permit in all Neighborhood Commercial regulatory zones provided there is a commercial use included in the development proposal.”

Commercial uses are existing within the commercial building where the Village Grill, day care and tea shop are located.

The density of the development will be 12.9 units per acre for the 8.6-acre site.
## Building Placement Standards

Woodland Village is planned to help create a “true town-center”

The application states that there will be 20 buildings that will be 2-3 stories high

The buildings will have 2 to 10 units in each building and the units will have 2-3 bedrooms

The buildings will be alley-loaded with either 1 to 2 car garages with a majority having a 20-foot-long driveways
Proposal

- The front door for the units will be opposite of the garage with a private front yard area.
- The applicant is proposing a network of trails connecting the new buildings to existing trails, which will be maintained by a homeowner’s association (HOA) or landscape management association.
Architectural Look
The applicant indicates that the 111 attached single-family units will be more affordable and will provide an alternative from the typical single-family detached housing found in the area.

Though the development will be primarily residential with some commercial uses, the applicant is willing to look at adding more commercial space in the future if there is demand.
The site is relatively flat and most of the site is vacant except for the family center, commercial building and parking areas.

The family center and commercial building will remain.

Adjacent to the site is Shaw Middle School to the northeast, Washoe County’s 13-acre Village Center Park to the east and single-family residential housing to the south and west.
The site had been previously graded in anticipation of future development and minimal grading will be needed to construct the proposed buildings.

There will be some grading with the removal of some parking areas, streets and for the excavation and grading for the proposed building pads.
# Parking

Landscaping

- The site will be fully landscaped to meet Washoe County Code and the applicant indicates that 81,229 sq. ft. (20%) of the site will be landscaped with 285 trees.
- The areas between the residential buildings will be landscaped and will be maintained by the HOA.
The proposed development will be served by Great Basin Water Company for water and Washoe County for sewer service.

Utility service has been planned for this site and the infrastructure will accommodate the density of the proposed development.
There will be several access points to the development primarily from Village Parkway and one access point from Village Center Drive.

The applicant indicates that the various accesses points will disperse traffic.

The main access to the development will be at the intersection of Rockland Drive and Village Parkway.

The access for the family center will be moved and is not anticipated to have any adverse impacts.

The streets and off-street parking areas will be privately owned and maintained by the development.
The project is anticipated to generate 851 average daily trips with 61 trips occurring during the AM peak hour and 71 trips occurring during the PM peak hour and will have some impacts to the area.

The traffic study recommends that the applicant provide mechanisms to mitigate the impacts and the applicant is proposing improvements at the ingress and egress intersections on Village Parkway to include signage, striping, crosswalks and turn lanes.
The proposed development is zoned for Inskeep Elementary School, Cold Springs Middle School and Spanish Springs High School

The development will generate approximately 14 elementary school students, 7 middle school students, and 7 high school students

The school district is in discussion with developers of Stonegate in Cold Springs to acquire a property parcel for the purposes of a high school.

Also, the school district expects to see some relief to North Valleys High School with the renovation of current Hug High School into a career and technical academy once New Hug High School opens up in the Fall of 2022.
North Valley CAB

- North Valley CAB reviewed the application on December 14th and all members unanimously recommended the application.

- The comments included:
  - Traffic on US-395
  - Availability of infrastructure
  - Bus service
Notices were sent 500 feet from the site to 77 affected property owners.
Reviewing Agencies

Comments were received from:
