Section 110.804.00 Purpose. The purpose of this article, Article 804, Variances, is to provide a means of altering the requirements of this chapter in specific instances where the strict application of those requirements would deprive a property of privileges enjoyed by other properties with the identical regulatory zone because of special features or constraints unique to the property involved. This article does not give the power to take action which, in effect, allows a land use in contravention of the applicable regulatory zone or in any other way changes the applicable regulatory zone. This article cannot be used to vary the standards contained in Division Five, Signs, of this Development Code. Additionally, this article cannot be used to vary the maximum size of a detached accessory dwelling except as stipulated in Article 306, Accessory Uses and Structures.

[Amended by Ord. 873, provisions eff. 6/7/93; Ord. 939, provisions eff. 11/1/95.]

Section 110.804.05 Requirements for Application. Applications for variances may be initiated by the Board of County Commissioners, the property owner or a property owner's authorized agent. Applications shall be filed with the Department of Community Development. A request for a variance shall include a site plan which clearly delineates the locations and extent of the regulation to be varied. In addition, the applicant shall provide evidence showing how the findings required in this article can be met. No variance shall be processed until the information necessary to review and decide upon the proposed variance is deemed complete by the Director of Community Development.

[Amended by Ord. 873, provisions eff. 6/7/93.]

Section 110.804.10 Supplemental Guidelines, Standards and Criteria. In addition to the standards and findings set forth in the Development Code, the Department of Community Development may prepare supplemental guidelines for the submission of applications and minimum standards and criteria for approval of applications.
Section 110.804.15  Review Procedures. The Board of Adjustment, the Planning Commission or a hearing examiner shall review variances in accordance with the provisions of this section.

(a) General Provisions. The Board of Adjustment, the Planning Commission or a hearing examiner shall conduct a public hearing with notification for the purpose of receiving oral and written evidence relative to the application. The evidence shall be reviewed to determine if the application is consistent with existing policies, standards and required findings.

(b) Concurrent Processing of Applications. A variance request related to additional Development Code action(s) which requires Board of Adjustment, Planning Commission or hearing examiner review shall be consolidated into one hearing before the appropriate approval authority for the major request being considered.

(c) Time Period for Hearing. Public hearings conducted by the Board of Adjustment, the Planning Commission or a hearing examiner shall be held within sixty-five (65) days from the date of acceptance of the complete application.

(d) Time Period for Action. The Board of Adjustment, the Planning Commission or a hearing examiner may take action on the proposed variance at the conclusion of the public hearing, but shall take action no later then ninety-five (95) days after the complete application was accepted. An extension of time for the Board of Adjustment, the Planning Commission or hearing examiner action may be granted if mutually agreed upon between the applicant and the Director of Community Development.

(e) Action. The Board of Adjustment, the Planning Commission or hearing examiner may take action to approve, approve with conditions, modify, modify with conditions, or deny the variance request. Failure of the Board of Adjustment, the Planning Commission or hearing examiner to hold a public hearing or take action within the time frames provided in this article shall constitute approval of the application.

(f) Effective Date of Action. Action on the variance application, unless otherwise specified, shall be effective upon expiration of the appeal period.

[Amended by Ord. 873, provisions eff. 6/7/93; Ord. 959, provisions eff. 7/26/96.]

Section 110.804.20  Notice. Notice shall be given in accordance with the provisions of this section.

(a) Notice of Property Owners by Mail. A notice setting forth the time, place, purpose of hearing, and map or physical description of the land involved shall be sent by mail at least ten (10) days before the meeting to the following persons:

(1) All owners of real property that are the subject of the variance;

(2) Advisory boards created by the Board of County Commissioners for the area in which the property that is the subject of the variance is located;

(3) All owners of real property:
(i) Within one hundred (100) feet of the property which is the subject of the variance when the variance request is for a deviation of thirty (30) percent or less; or

(ii) Within five hundred (500) feet of the property which is the subject of the variance when the variance request is for a deviation of thirty-one (31) percent or more.

(4) All tenants of any mobile home park that is located:

(i) Within one hundred (100) feet of the property which is the subject of the variance when the variance request is for a deviation of thirty (30) percent or less; or

(ii) Within five hundred (500) feet of the property which is the subject of the variance when the variance request is for a deviation of thirty-one (31) percent or more.

(5) All General Improvement Districts (GID) for the area in which the property that is the subject of the variance is located.

(6) The commander or administrator of a military installation, as defined in Article 902, that is within three thousand (3,000) feet of the property which is the subject of the variance application.

(b) Notice of Property Owners by Electronic Means. If requested by a party pursuant to subsection (a) of this section and if receipt can be verified, an electronic notice must be provided at least ten (10) days before the meeting, setting forth the time, place, purpose of hearing, and map or physical description of the land involved.

(c) Number of Notices. If the number of notices sent pursuant to this section does not identify thirty (30) or more separate property owners, the County shall send out additional notices to achieve a total of at least thirty (30) separate property owners. These notices shall be sent to owners of real property that are closest to the property in question, not including those owners provided notice pursuant to subsection (a) of this section.

(d) Compliance with Noticing Requirements. Owners of all real property to be noticed pursuant to this section shall be those owners identified on the latest County Assessor's ownership maps and records. Such notice is complied with when notice is sent to the last known addresses of such real property owners as identified in the latest County Assessor's records. Any person who attends the public hearing shall be considered to be legally noticed unless those persons can provide evidence that they were not notified according to the provisions of this section.

Section 110.804.25 Findings. Prior to approving an application for a variance, the Board of Adjustment, the Planning Commission or hearing examiner shall find that findings (a) through (d) apply to the property and, if a military installation is required to be noticed, finding (e):
(a) **Special Circumstances.** Because of the special circumstances applicable to the property, including either the:

1. Exceptional narrowness, shallowness or shape of the specific piece of property, or
2. By reason of exceptional topographic conditions, or
3. Other extraordinary and exceptional situation or condition of the property and/or location of surroundings,

the strict application of the regulation results in exceptional and undue hardships upon the owner of the property;

(b) **No Detriment.** The relief will not create a substantial detriment to the public good, substantially impair affected natural resources or impair the intent and purpose of the Development Code or applicable policies under which the variance is granted;

(c) **No Special Privileges.** The granting of the variance will not constitute a grant of special privileges inconsistent with the limitations upon other properties in the vicinity and the identical regulatory zone in which the property is situated; and

(d) **Use Authorized.** The variance will not authorize a use or activity which is not otherwise expressly authorized by the regulation governing the parcel of property.

(e) **Effect on a Military Installation.** The variance will not have a detrimental effect on the location, purpose and mission of the military installation.

[Amended by Ord. 873, provisions eff. 6/7/93; Ord. 959, provisions eff. 7/26/96; Ord. 1108, provisions eff. 12/15/00; Ord. 1347, provisions eff. 11/2/07.]

**Section 110.804.30 Projects of Regional Significance.** If a variance approval is for a project of regional significance or if the approval would cause the project to become a project of regional significance, no permit for development or use of the property pursuant to the variance shall be issued until the Regional Planning Commission and/or the Regional Planning Governing Board has taken final action on the project of regional significance.

[Amended by Ord. 873, provisions eff. 6/7/93.]

**Section 110.804.35 Minor Deviations.** The Director of the Planning and Building Division may grant a minor deviation of standards to this chapter for deviations less than 10 percent of the applicable Development Code standard pursuant NRS 278.319.

(a) **Application.** The applicant must file a Director’s Modification of Standards application, accompanied by the appropriate fee, with the Planning and Building Division, and must clearly describe the extenuating circumstances or unique physical conditions on the project site to justify the need for the requested deviation. The applicant must provide a description of the requested deviation, and how the request will remedy the circumstances and/or conditions. As part of the application submittal, the applicant must provide written consent from the owner(s) of real property that would be affected by the request. At minimum, affected property owners means those owners of parcels that immediately abut the location of the proposed minor deviation. The Director may require the written...
consent from additional owner(s) of real property if deemed necessary by the Director to provide notice to all owners of affected real property.

(b) **Director's Decision.** The Director shall provide a written decision on the application for a minor deviation within 15 working days of receipt of a completed application. The Director may grant or deny the application, or may determine that the application exceeds the 10% threshold and require submission of a Variance application pursuant to this Article. The findings specified in section 804.25 of this Code are not required for minor deviations but the Director must find that the requested minor deviation does not result in a substantial detriment to the public good and does not impair the purpose of the zoning district or any regulations adopted by Washoe County. The Director's decision may be appealed following the provisions of section 804.40 of this Code.

[Added by Ord. 1604, provisions eff. 12/8/17.]

[Amended by Ord. 873, provisions eff. 6/7/93; Ord. 959, provisions eff. 7/26/96; Ord. 1156, provisions eff. 3/22/02; Ord. 1346, provisions eff. 11/2/07; Ord. 1555, provisions eff. 5/8/15.]

**Section 110.804.45 One Year Wait on Denials.** After the denial of a variance, no application for a variance for the same or similar regulation may be accepted for one (1) year immediately following the denial. This section shall not apply to applications denied without prejudice, which may be refiled within one (1) year.

[Amended by Ord. 873, provisions eff. 6/7/93.]

**Section 110.804.50 Modification of a Variance.** Modification of the terms of the approved variance itself or the waiver or alteration of conditions imposed incident to the granting of the variance shall require a new application following the same procedure required for the initial variance.

[Amended by Ord. 873, provisions eff. 6/7/93.]

**Section 110.804.55 Expiration.** A variance shall expire as provided in this section.

(a) **Time Period.** A variance shall expire and become null and void at the time specified therein. If no time is specified, the following shall apply:

1. The variance shall expire and become null and void in eighteen (18) months after its effective date except where construction and/or use in reliance on such variance has commenced prior to its expiration; or

2. The variance shall expire and become null and void in five (5) years if any required building permit associated with the variance has not been extended or has lapsed and become void.

(b) **Extension.** The time period in subsection (a) of this section may be extended for an addition of twelve (12) months by the Board of Adjustment or hearing examiner. Requests for time extensions shall be in writing and shall be submitted prior to the expiration date. The request shall state the reason for the extension.
Section 110.804.60 Revocation. Revocation of a variance shall be subject to the requirements of this section.

(a) Initiation of Action. The Board of Adjustment or Board of County Commissioners may initiate an action to revoke a variance.

(b) Grounds for Revocation. A variance may be revoked pursuant to the provisions of this section upon a finding of any one (1) or more of the following grounds:

1. That the variance approval was obtained or extended by fraud; or
2. That one (1) or more of the conditions upon which such development approval was granted have been violated.

(c) Board of Adjustment Public Hearing. The Board of Adjustment shall hold a public hearing upon the revocation of the variance. The hearing shall be noticed in accordance with this article. The Board of Adjustment shall submit findings based on any one or more of the grounds listed in subsection (b) of this section and shall forward a recommendation on revocation to the Board of County Commissioners. The person or persons to whom the variance has been issued shall be notified of such recommendations not later than three (3) days after submission of the report to the Clerk of the Board of County Commissioners.

(d) Board of County Commissioners' Action. The Board of County Commissioners shall hold a public hearing upon the revocation of the variance. The hearing shall be noticed in accordance with this article. After the public hearing and consideration of the recommendation of the Board of Adjustment, the Board of County Commissioners may take action to revoke the variance. The action of the Board of County Commissioners shall be by an affirmative vote of a majority of the entire membership of the Board. In the case of a tie due to the absence of a member, the action shall be continued to a future meeting unless requested otherwise by the person to whom the variance was granted. Section 110.806.00 Purpose. The purpose of this article, Article 806, Vacations and Abandonments of Easements or Streets, is to provide for the vacation or abandonment of easements or streets.

Section 110.806.05 Requirements for Application. Applications for the vacation or abandonment of a street or easement owned by the County, or a government patent easement, may be initiated by the Board of County Commissioners, Planning Commission, the Director of Community Development or an owner of real property abutting an easement or public street right-of-way through an application to the Department of Community Development or as part of a tentative subdivision map application if the abandonment or vacation application is related to the tentative map proposal. If the application for the vacation or abandonment of an easement or street is included as part of a tentative subdivision application, the noticing of the tentative subdivision map application shall include a description of the street or easement to be vacated or abandoned. No application shall be processed when the information necessary to review and decide upon it is deemed to be incomplete by the Director of Community Development.

[Amended by Ord. 873, provisions eff. 6/7/93; Ord. 1041, provisions eff. 12/1/98; Ord. 1156, provisions eff. 3/22/02]

Section 110.806.10 Supplemental Guidelines, Standards and Criteria. In addition to the standards and findings set forth in the Development Code, the Director of Community Development may prepare supplemental guidelines for the submission of applications and minimum standards and criteria for approval of applications.
Section 110.806.15 Review Procedures of Planning Commission. The Planning Commission shall review applications for abandonments and vacations in accordance with the provisions of this section.

(a) General Provisions. The Planning Commission shall conduct a public hearing for the purpose of receiving evidence relative to the application. The evidence shall be reviewed to determine if the application is consistent with existing policies, standards and required findings.

(b) Time Period for Hearing and Action. The Planning Commission shall hold a public hearing on the application for vacation or abandonment of an easement or street not less than 10 business days after the newspaper notice as required below is first published.

(c) Notice of Planning Commission Hearing.

(1) Notice of Vacation or Abandonment, Only. Notice of a vacation or abandonment application to be heard by the Planning Commission shall be given by mailing to each owner of property abutting or connected to the proposed vacation or abandonment a notice of the proposed vacation or abandonment application through a delivery method that does not require signature of receipt of the notice by the abutting property owner, but does confirm delivery of the notice to the abutting property owner. Mailing of the notice shall occur at least 10 business days prior to the date of the Planning Commission's public hearing. Furthermore, a notice shall be published at least once in a newspaper of general circulation in the County not less than 10 business days prior to the date of the Planning Commission's public hearing.

(2) Notice of Vacation or Abandonment Combined with Tentative Subdivision Map Application. If the vacation or abandonment application is part of a tentative subdivision map application, the notice of the proposed vacation or abandonment shall be contained in the notice for the tentative subdivision map, and each owner of property abutting or connected to the proposed vacation or abandonment shall be provided notice of the combined proposed vacation or abandonment and tentative subdivision notice pursuant to the requirements of subsection (1). Notice shall be published at least once in a newspaper of general circulation in the County pursuant to the requirements of subsection (1).

(3) Notice of Public Utility and Community Antenna Television Company. Each public utility as defined in NRS 360.815 and each community antenna television company as defined in NRS 711.030 serving the area in which an easement or street is proposed to be abandoned shall receive a notice no later than 10 business days prior to the date of the Planning Commission’s public hearing on the application. Accompanying the application shall be a request that the public utility and/or community antenna television company indicate in writing whether that entity wishes to have an easement for its purposes provided.

(d) Action by the Planning Commission. Except as provided in Section 110.806.40, if, upon public hearing, the Planning Commission is satisfied that the public will
not be materially injured by the proposed vacation, it shall order the street or easement vacated. The Planning Commission may make the order conditional, and the order becomes effective only upon the fulfillment of the conditions prescribed. Notwithstanding the final decision of the Planning Commission, if a public utility and/or community antenna television company requests an easement for its purposes pursuant to the notice provided in subsection (c)(3), an easement in favor of the public utility and/or community antenna television company shall be provided and the County shall ensure recordation of same.

Section 110.806.20 Findings. Prior to recommending approval of an application for an abandonment or vacation, the Planning Commission shall find that all of the following are true:

(a) Master Plan. The abandonment or vacation is consistent with the policies, action programs, standards and maps of the Master Plan and the applicable area plans;

(b) No Detriment. The abandonment or vacation does not result in a material injury to the public; and

(c) Existing Easements. Existing public utility easements in the area to be abandoned or vacated can be reasonably relocated to provide similar or enhanced service.

Section 110.806.35 Appeals to Board of County Commissioners.

(a) An appeal of the Planning Commission’s decision regarding a vacation or abandonment of an easement or street may be appealed to the Board of County Commissioners following the procedure set out in WCC 110.912.20 of the Development Code.

(b) Except as provided in Section 110.806.40, if, upon public hearing on the appeal of the Planning Commission’s final action on an abandonment or vacation of an easement or street, the Board is satisfied that the public will not be materially injured by the proposed vacation, it shall order the street or easement vacated. The Board may make the order conditional, and the order becomes effective only upon the fulfillment of the conditions prescribed. The action of the Board of County Commissioners shall be final for the purposes of judicial review. Notwithstanding the final decision of the Board of County Commissioners, if a public utility and/or community antenna television company requests an easement for its purposes pursuant to the notice provided in subsection 110.806.15(c)(3), an easement in favor of the public utility and/or community antenna television company shall be provided and the County shall ensure recordation of same.

Section 110.806.40 Utility or Community Antenna Television Company Easement. If a public utility or community antenna television company has an easement over the property, the
Planning Commission or the Board, after a hearing on the appeal of the Planning Commission final action, shall provide in its order for the continuation of that easement.

[Amended by Ord. 873, provisions eff. 6/7/93; Ord. 1041, provisions eff. 12/1/98; Ord. 1347, provisions eff. 11/2/07.]

Section 110.806.45 Legal Description. The applicant shall submit to the Engineering Division, a legal description for the area of the vacation or abandonment prepared by a Nevada Professional Land Surveyor, prior to publication of the order of vacation or abandonment, to the satisfaction of the Engineering Division.

[Added by Ord. 873, provisions eff. 6/7/93; Ord. 1041, provisions eff. 12/1/98.]

Section 110.806.50 Recordation. The order must be recorded in the Office of the County Recorder if all the conditions of the order have been fulfilled and, upon the recordation, title to the street or easement reverts to the abutting property owners in the approximate proportion that the property was dedicated by the abutting property owners or their predecessors in interest.

[Amended by Ord. 873, provisions eff. 6/7/93; Ord. 1041, provisions eff. 12/1/98.]

Section 110.806.55 Sale of Vacated Portion. In the event of a partial vacation of a street where the vacated portion is separated from the property from which it was acquired by the unvacated portion of it, the Board may sell the vacated portion upon such terms and conditions as it deems desirable and in the best interests of the County. If the Board sells the vacated portion, it shall afford the right of first refusal to each abutting property owner as to that part of the vacated portion which abuts his/her property, but no action may be taken by the Board to force the owner to purchase the portion and that portion may not be sold to any person other than the owner if the sale would result in a complete loss of access to a street from the abutting property.

[Amended by Ord. 873, provisions eff. 6/7/93; Ord. 1041, provisions eff. 12/1/98.]

Section 110.806.60 Payments. If the street was acquired by dedication from the abutting property owners or their predecessors in interest, no payment is required for title to the proportionate part of the street reverted to each abutting property owner. If the street was not acquired by dedication, the Planning Commission or Board, after a hearing on an appeal of the Planning Commission’s final action, may make its order conditional upon payment by the abutting property owners for their proportionate part of the street of such consideration as the Planning Commission or Board, after a hearing on an appeal of the Planning Commission’s final action, determines to be reasonable. If the Planning Commission or Board, after a hearing on an appeal of the Planning Commission’s final action, determines that the vacation has a public benefit, it may apply the benefit as an offset against any determination of reasonable consideration which did not take into account the public benefit.

[Amended by Ord. 873, provisions eff. 6/7/93; Ord. 1041, provisions eff. 12/1/98.]

Section 110.806.65 Light and Air. Any easement for light and air adjacent to any vacated street is vacated upon the vacation of the street.

[Amended by Ord. 873, provisions eff. 6/7/93; Ord. 1041, provisions eff. 12/1/98.]

Section 110.806.70 Reservations. In any vacation or abandonment of any street or portion of it, the Planning Commission or Board, after a hearing on an appeal of the Planning Commission’s final action, may reserve and except therefrom any easements, rights, or interests therein which it deems desirable for the use of the County or any public utility. The abandonment or vacation of a
government patent easement pursuant to this section addresses only the County's interest in the subject easement and cannot be relied upon for purposes of clearing title to the property.

[Amended by Ord. 873, provisions eff. 6/7/93; Ord. 1041, provisions eff. 12/1/98; Ord. 1156, provisions eff. 3/22/02]

Section 110.806.75 Consistency with Plan. No procedures or approvals that are provided for in this article may be in contravention to the Master Plan.

[Amended by Ord. 873, provisions eff. 6/7/93; Ord. 1041, provisions eff. 12/1/98; Ord. 1447, provisions eff. 9/9/10.]

Section 110.806.80 Reapplication. When an application for a vacation or abandonment of an easement or street has been denied, a subsequent application for the same easement or street right-of-way shall not be submitted for the next six (6) consecutive months commencing from the date of the final action by the Planning Commission or Board of County Commissioners, whichever is later.

[Amended by Ord. 873, provisions eff. 6/7/93; Ord. 1041, provisions eff. 12/1/98.]

Section 110.806.25 entitled “Transmittal of Planning Commission Recommendation to Board of County Commissioners” added by Ord. 873, provisions eff. 6/7/93 and repealed by Ord. 1041, provisions eff. 12/1/98.]

[Amended by Ord. 873, provisions eff. 6/7/93.]

Section 110.818.50 Modification of a Development Code Amendment. Proposed modifications of approved Development Code amendments shall required a new application following the same procedure required for the initial application, except that if a modification of a technical revision does not meet the requirements of Section 110.818.60, the modification must follow the procedures enumerated in Sections 110.818.05 through Sections 110.818.45.

The Board of County Commissioners may declare a moratorium on the acceptance and processing of planning applications and/or issuance of building permits for a specific geographical area and for a specified length of time for the purposes of preparing an amendment to the Development Code.

(a) Initiation. Only the Board of County Commissioners or the Planning Commission through resolution may initiate the process for declaring a moratorium for this purpose. (e) **Findings.** When making its recommendation for approval or modification, the Planning Commission shall, at a minimum, make the following findings of fact:

2. The moratorium is necessary to permit the staff, Planning Commission, Board of County Commissioners and public to focus on the efficient and effective preparation of an amendment to the Development Code; and

3. The moratorium is necessary because continued development during the proposed moratorium period possibly would result in development that may conflict with the code amendment.

(f) **Planning Commission Report.** Within sixty (60) days of the action by the Planning Commission, a report describing the proposed moratorium, discussion at the public hearing, and the action and vote by the Planning Commission shall be transmitted to the Board of County Commissioners. (h) **Notice of Board Hearing.** Notice of the date, time and place of the public hearing shall be published in a newspaper of general circulation in Washoe County not less than ten (10) days prior to the public hearing date. Such notice shall describe why the moratorium is being proposed, what the proposed moratorium shall affect, the area that is affected by the moratorium, the anticipated length of time of the moratorium, and other pertinent information in such a manner that the moratorium and its effects can be clearly identified.

(i) **Required Vote.** After completion of the public hearing by the Board of County Commissioners, it may declare a moratorium by a simple majority vote of its
entire membership. The final action of the Board of County Commissioners shall be final for purposes of judicial review.

(j) **Affirmation of Findings.** In declaring a moratorium, the Board of County Commissioners shall, at a minimum, affirm the findings of fact contained in the Planning Commission's recommendation or, if the Planning Commission did not make these findings, shall, at a minimum, make the findings of fact in Subsection (e) of this section.

(k) **Period in Effect.** A moratorium declared by the Board of County Commissioners shall be in effect for a period of no less than ninety (90) days and no more than one hundred and eighty (180) days from the date that the Board of County Commissioners takes action on the recommendation of the Planning Commission. The Board of County Commissioners may extend the moratorium, upon an affirmation of findings as required in (j) hereinabove, for two (2) additional consecutive periods before holding another public hearing pursuant to the provisions of this section.

[Amended by Ord. 873, provisions eff. 6/7/93; Ord. 1156, provisions eff. 3/22/02.]

Section 110.820.05 Requirements for Application.

(a) Timing of Amendments. Each element and each area plan of the Master Plan may be amended by the Board of County Commissioners no more than four times per calendar year. Applications for Master Plan amendments shall only be accepted in January, May and September of each calendar year. Specific dates within these months shall be determined by the Director. For the purposes of this article, the restriction on the number of times that the Master Plan may be amended does not restrict the number of applications that may be submitted, but only refers to the number of times each component of the Master Plan may be modified by the Board of County Commissioners. The restriction on the number of times the Master Plan may be amended does not apply to minor amendments to the Master Plan as defined in Section 110.820.70.

(b) Initiation of Amendments. A Master Plan amendment may be initiated by the Board of County Commissioners or the Planning Commission through resolution. An owner of real property or the property owner's authorized agent may initiate an amendment through an application filed with Division. Citizen advisory boards established by the Board may petition the Commission to initiate an amendment. The Director may initiate a minor amendment as defined in NRS 278.225 and Section 110.820.70.

[Amended by Ord. 873, provisions eff. 6/7/93; Ord. 1553, provisions eff. 4/24/15.]

Section 110.820.15 Review Procedures. The Planning Commission shall review a Master Plan amendment in conformance with this section.
(a) **Notice and Hearing; Comments by Planning Commissioners.** The Commission shall hold at least one public hearing on a Master Plan amendment and may hold more in its discretion, especially if modifications are proposed at a public hearing and an amended application is required. Notice for each public hearing shall be given in accordance with Section 110.820.23. Following the public hearing, at least one Commissioner shall state for the record his/her comments on the proposed amendment and which findings under Section 110.820.15(d) that he/she can or cannot make.

(b) **Concurrent Processing of Applications.** If a proposed project requires more than one application under the provisions of the Development Code, the applications may be filed at the same time and processed concurrently. If more than one review authority is involved, the Director shall determine the sequence for action by the review authorities.

(c) **Action.** The Planning Commission may do any of the following:

1. **Adopt the Amendment.** The amendment may be adopted by resolution which must be approved by an affirmative vote of at least 2/3 of the Commission’s total membership. The resolution shall refer expressly to the maps, descriptive matter or other matter intended by the Commission to constitute the amendment, must include all the required findings, and shall be conditioned on:
   (i) Adoption of the amendment by the Board, and
   (ii) A determination by the Truckee Meadows Regional Planning Commission or, if required, the Tahoe Regional Planning Agency, as the case may be, that the amendment conforms to the applicable regional plan.

   The action taken must be recorded on the map, plan, and descriptive matter with the signatures of the Chairman and Secretary to the Commission. A copy of the resolution shall be certified and sent to the Board, a copy shall be sent to the applicant and any other person who requests a copy, and a copy shall be date stamped and filed with the Secretary to the Commission. Adoption of a Master Plan amendment by the Commission is a final action subject to appeal to the Board, but failure to appeal does not preclude an aggrieved person from appearing before the Board when it considers the Master Plan amendment.

2. **Deny the Amendment.** A denial is deemed to occur when any of the following occurs. Each such denial is appealable to the Board but is not a final action subject to judicial review:
   (i) A motion to adopt the amendment fails to receive the required votes for adoption. In this case, each member of the Commission should comment for the record the reason behind his/her vote and which findings could or could not be made. The statements will be included in the record if appealed to the Board.
   (ii) A motion to deny the amendment is approved by a majority of the members of the Commission present at the meeting. The motion must state the reason for the denial and which findings cannot be made. If there is a disagreement on the reason for denial or which findings cannot be made, each Commissioner should comment on the reason and state which finding he/she cannot
make, and the motion may state that it is based on the individual comments.

(iii) A motion to adopt or deny the amendment results in a tie vote and the applicant elects not to continue the matter under Planning Commission Rules. In this case, each member of the Commission should comment for the record the reason behind his/her vote and which findings could or could not be made. The statements will be included in the record if appealed to the Board.

(iv) No motion is made and seconded. In this case, since no action has been taken by the Commission, if it is appealed to the Board, it will be heard de novo by the Board. Individual Planning Commissioners may comment on the application for the record, but it is not required.

(3) Written notice of any denial shall be sent to the applicant by regular mail or electronic communication if authorized by the applicant, and a copy shall be date stamped and filed with the Secretary to the Commission. The denial may be appealed to the Board.

(d) Findings. Section 110.820.25 Appeal. A person who is aggrieved by a decision of the Commission on a Master Plan amendment may appeal to the Board in accordance with the provisions of this section.

(a) Appeal Period. An appeal must be filed with the Division not later than close of business of the tenth calendar day after the Resolution or written notice is filed with the Secretary to the Commission. If the end of the appeal period falls on a non-business day, the appeal period shall be extended to include the next business day.

(b) Who Can Appeal. Appeals may be filed by any aggrieved person as defined in Section 110.910.02, unless otherwise defined by a Nevada Court in applying NRS 278.3195.

(c) Appeal Filing. An appeal shall be filed with the Director, accompanied by a filing fee. The appeal shall be in writing and state the reasons why the appellant believes that the Commission erred and should be overturned. The Director shall review the appeal within three working days and if the Director determines that
the information in the appeal is incomplete, the Director shall notify the appellant and the appellant shall have 10 days to resubmit the appeal.

(d) **Scheduling of Hearing Before Board.** When an appeal is deemed complete by the Director, a copy of the appeal shall be immediately delivered to the County Clerk who shall schedule a public hearing on the appeal at the next available regular meeting of the Board consistent with scheduling policies and practices, but not later than 60 days from the date that the appeal is received by the County Clerk. The public hearing may be delayed by agreement with the appellant, and the appeal may be withdrawn by the appellant at any time. The Director shall prepare a staff report including a copy of all material submitted to the Commission, a report on the hearing and proceedings from the recording, a copy of the appeal material, and a discussion of the appeal process including possible motions. The Director’s report may include recommendations. A copy shall be given to the appellant as soon as it is prepared.

(e) **Action Deadline.** As required by NRS 2678.3195(2), the Board must take final action on the appeal within 60 days from the filing of the appeal with the County Clerk.

(f) **Hearing Procedures.** During the hearing:

1. The appellant may be represented by counsel.

2. The Chair may decide evidence issues before or at the hearing, and may administer oaths. Any one or combination of the Nevada Rules of Evidence may be used as a guideline at the discretion of the Chair.

3. The Director shall first explain the nature of the appeal, and what happened at the Commission hearing, the findings of the Commission, and the evidence supporting those findings. The Appellant shall be given an opportunity to respond and present his/her viewpoints.

4. Each party shall be afforded an opportunity to comment and rebut the evidence. Questions of witnesses shall be conducted through the Chair.

5. Public Comment will be heard before the Board moves into deliberation on the appeal.

(g) **Decision by the Board.** The Board shall consider the appeal based on the record submitted and testimony and materials submitted at the public hearing. As required by NRS 278.3155(2)(f), the Board shall be guided by the statement of purpose underlying the regulation of improvement of land expressed in NRS 278.020 and other applicable provisions in NRS Chapter 278.

1. The Board may affirm, modify or reverse the decision of the Commission, as explained in the subsections (h) and (i) below and may make its decisions based on its own interpretations of the findings, evidence and law.

2. Decisions of the Board shall be by motion which must be approved by a simple majority of the total membership of the Board. The motion shall state the reasons for the motion. For the record, Board members should discuss their individual thoughts, conclusions and reasons.

3. Decisions on appeals under this Section 110.820.25 are separate and independent from actions to adopt an amendment under Section 110.820.30. When the Board takes final action on an appeal, the Director shall prepare written notice thereof and shall file the notice with the County Clerk and mail a copy to the applicant. The filing with the
County Clerk starts the time period for filing for a judicial review of the Board’s action.

(4) As provided below, after taking final action on the appeal, the Board may then commence to consider adopting the proposed amendment under Section 110.820.30. If a judicial review is sought on the Board’s decision on an appeal, then proceedings are suspended until the judicial review is completed.

(h) Appeals of the Planning Commission’s Denial of a Proposed Amendment. When considering an appeal of the Commission’s denial of a proposed amendment, the Board may:

(1) Affirm the Commission’s denial. This would be a final decision subject to judicial review.

(2) Reverse the Commission’s denial. This would be a final decision subject to judicial review. The Board may schedule a hearing to consider adopting the amendment under Section 110.820.30, but since a certified resolution has not been submitted by the Commission under NRS 278.210(6) and NRS 278.220(1), the Board must first send the proposed amendment (with any modifications desired by the Board) to the Commission for a report as required by NRS 278.220(4) and Section 110.820.35.

(i) Appeals of the Planning Commission’s Adoption of a Proposed Amendment. When considering an appeal of the Commission’s adoption of a proposed amendment, the Board may:

(1) Affirm the Commission’s Adoption. This would be a final decision subject to judicial review. The Board may directly proceed to consider adoption of the amendment in accordance with NRS 278.220 and Section 110.820.30. If proper notice has been given, as provided in Section 110.820.23 by the Board, the adoption of the amendment may be considered at the same meeting when the appeal is heard.

(2) Modify the Commission’s Adoption. The Board may consider modifying and approving the amendment adopted by the Commission, but must first send the proposed modification to the Commission for a report as required by NRS 278.220(4) and Section 110.820.35, and conduct a public hearing as required by NRS 278.220(3). The subsequent adoption/denial of the modified amendment is a final action subject to judicial review.

(3) Reverse the Commission’s Adoption. This would be a final action subject to judicial review, and no further action can be taken on the proposed amendment by the Board unless the Board desires to modify the proposed amendment as provided next above.

[Amended by Ord. 873, provisions eff. 6/7/93; Ord. 1447, provisions eff. 9/9/10; Ord. 1553, provisions eff. 4/24/15.]

Section 110.820.30 Adoption of Master Plan Amendments by the Board of County Commissioners. After the Planning Commission has adopted a proposed Master Plan amendment under Section 110.820.15 or filed a report as required by Section 110.820.25, the Board of County Commissioners shall review a Master Plan amendment for possible adoption in accordance with the provisions of this section.
(a) **Public Hearing.** The County Clerk shall schedule a public hearing before the Board.

(b) **Notice of Hearing.** The public hearing shall be noticed as required by Section 110.820.23.

(c) **Action.** The Board shall consider the recommendations, findings and reports of the Commission, and as authorized under NRS 278.220(1) may adopt any Master Plan amendment that the Board determines can practicably be applied to the development of the County within a reasonable period of time. Upon a motion to adopt or deny an approving resolution, members of the Board should individually discuss the reasons for their vote and which findings by the Commission can be affirmed, modified, or rejected by the Board.

(d) **Adoption by the Board.** The Board may adopt the Master Plan amendment by resolution approved by a majority of the total membership of the Board. The resolution shall refer expressly to the maps, descriptive matter or other matter intended by the Board to constitute the amendment. The resolution shall be referred for conformance review in accordance with Section 110.820.40. The resolution is not considered as a final action until a favorable conformance review is received, the resolution is executed by the Chair and the County Clerk, and a copy is date stamped and filed with the County Clerk.

(e) **Modification/adoption.** If the Board desires to modify a Master Plan amendment from what was adopted by the Commission, it must first send the modified amendment to the Commission for a report as required by NRS 278.220(4) and Section 110.820.35. If the Board desires to adopt the Master Plan amendment as modified, it shall do so by resolution approved by a majority of the total membership of the Board. The resolution shall be referred for conformance review as provided in Section 110.820.40 and is not considered as a final action until a favorable conformance review is received, the resolution is executed by the Chair and County Clerk, and a copy is date stamped and filed with the County Clerk.

(f) **Deny the amendment.** A denial is deemed to occur when any of the following events occurs. Each such denial is a final action subject to judicial review:

1. A motion to adopt the amendment fails to receive the required votes for adoption. In this case, each member of the Board should comment for the record the reason behind his/her vote and which findings could or could not be made. The statements will be included in the record on appeal if judicial review is sought.

2. A motion to deny the amendment is approved by a majority of the Board. The motion must state the reason for the denial and which findings cannot be made. If there is a disagreement on the reason for denial or which findings cannot be made, each Board member should comment on the reason and state which finding he/she cannot make, and the motion may state that it is based on the individual comments.

3. A motion to adopt or deny the amendment results in a tie vote. In this case, the applicant may ask to have the application reheard at the next regular meeting of the Board where an odd numbered of commissioners may be present. If the applicant does not request a rehearing, each member of the Board should comment for the record the reason behind his/her vote and which findings could or could not be made.
(4) No motion is made, seconded or voted upon. If the matter is not tabled or continued to another date, this would be a final action subject to judicial review or other judicial proceeding.

(g) Written notice of any denial shall be sent to the applicant by regular mail or electronic communication if authorized by the applicant, and a copy shall be date stamped and filed with the County Clerk. The time period for commencing an action for judicial review starts when the resolution or notice is filed with the County Clerk.

Failure by the Commission to submit a report within 90 days shall be deemed as a recommendation of approval.

[Amended by Ord. 1447, provisions eff. 9/9/10; Amended by Ord. 1553, provisions eff. 4/24/15.]

Section 110.820.40 Referral for Conformance Review. As required by applicable law, a resolution adopting a Master Plan amendment shall be submitted to the Truckee Meadows Regional Planning Commission or the Tahoe Regional Planning Agency, as applicable, for appropriate conformance review.

(a) If the reviewing agency determines that the proposed amendment conforms to the comprehensive regional plan, the adopting resolution shall be executed by the Chair and filed with the County Clerk which constitutes final action on the amendment.

(b) If the reviewing agency determines that the proposed amendment does not conform to the comprehensive plan, the matter shall be immediately referred to the Board to ask for reconsideration or appeal. If the non-conformance determination by the reviewing agency becomes a final determination, the non-conforming amendment is deemed denied by the Board without prejudice. The Board may initiate a new amendment under Section 110.820.05(c) and direct the Division to receive a new application.

[Amended by Ord. 1447, provisions eff. 9/9/10; Ord. 1553, provisions eff. 4/24/15.]

Section 110.820.45 Effective Date. A Master Plan amendment shall become effective upon signing of the adopting resolution by the Board of County Commission Chairman after a determination by the Truckee Meadows Regional Planning Commission or the Tahoe Regional Planning Agency that the amendment is in conformance with the applicable regional plan. The resolution is deemed a final action when executed and a copy is filed with the County Clerk.

[Amended by Ord. 1447, provisions eff. 9/9/10; Ord. 1553, provisions eff. 4/24/15.]

Section 110.820.50 One Year Wait on Denials. Except as provided in Section 110.820.05(c), after the denial of a Master Plan amendment, no application for a Master Plan amendment for the same or similar amendment may be accepted for one year immediately following the denial. This section shall not apply to applications denied without prejudice, which may be refiled within one year.
Section 110.820.55 Modifications.

(a) At Planning Commission. An application for a Master Plan amendment may be amended or modified at any time by the applicant before final action is taken on it by the Commission. However, unless otherwise directed by the Director for minor modifications, an amended application package must be submitted with all exhibits and a full analysis of the impacts and findings as a new application. The Director may also charge additional fees based on the need for noticing and staff review of the amended application package. Unless otherwise directed by the Commission, new public hearings will be held on modified Master Plan amendments.

(b) If the Commission has already adopted a Master Plan amendment and a subsequent modification is being considered by Board, unless otherwise directed by the Board, an amended application package must be submitted with all exhibits and a full analysis of the impacts and findings as a new application. If the modification includes a new change or addition to the master plan, the Board must either send the amended application back through the Commission proceedings, or request a report as allowed by NRS 278.220(4) and Section 110.820.30(e).

Section 110.820.60 Moratorium by the Board of County Commissioners. The Board may declare a moratorium on the acceptance and processing of planning applications and/or issuance of building permits for a specific geographical area and for a specified length of time for the purposes of preparing an amendment to the Master Plan.

(a) Initiation. Only the Board or the Commission through resolution may initiate the process for declaring a moratorium for this purpose. If the Board initiates the process to declare a moratorium, it shall refer the matter to the Commission for a recommendation. A moratorium of no more than 90 days shall exist from the date of approval of a resolution.

(b) Planning Commission Hearing. The Commission shall conduct a public hearing within 60 days after it has resolved to declare a moratorium or within 60 days from the date of referral by the Board.

(d) Planning Commission Recommendation. After completion of the public hearing by the Commission, it may recommend that the Board approve a moratorium, modify the extent and area of the moratorium, or that the moratorium not be imposed. A recommendation to declare a moratorium shall require a simple majority vote of the entire membership of the Commission.
(e) **Findings.** When making its recommendation for approval or modification, the Commission shall, at a minimum, make the following findings of fact:

1. The moratorium is necessary to promote the health, safety and welfare of the area described in the moratorium declaration;
2. The moratorium is necessary to permit the staff, Commission, Board and public to focus on the efficient and effective preparation of an amendment to the Master Plan; and
3. The moratorium is necessary because continued development during the proposed moratorium period possibly would result in development that may conflict with the plan amendment.

(f) **Planning Commission Report.** Within 60 days of the action by the Commission, a report describing the proposed moratorium, discussion at the public hearing, and the action and vote by the Commission shall be transmitted to the Board. Failure to report within the time limit provided in this subsection or failure to schedule a hearing within 60 days of the date of referral of the matter by the Board to the Commission shall constitute a recommendation not to declare a moratorium.

(g) **Board of County Commissioners Hearing.** The County Clerk of the Board shall schedule a public hearing before the Board within 30 days of receipt of the report describing the Commission's action.

(h) **Notice of Board of County Commissioner’s Hearing.** Notice of the date, time and place of the public hearing shall be published in a newspaper of general circulation in Washoe County not less than 10 days prior to the public hearing date. Such notice shall describe why the moratorium is being proposed, what the proposed moratorium shall affect, the area that is affected by the moratorium, the anticipated length of time of the moratorium, and other pertinent information in such a manner that the moratorium and its effects can be clearly identified.

(i) **Required Vote.** After completion of the public hearing by the Board, it may declare a moratorium by a simple majority vote of its entire membership. The final action of the Board shall be considered final for purposes of judicial review.

(j) **Affirmation of Findings.** In declaring a moratorium, the Board shall, at a minimum, affirm the findings of fact contained in the Commission's recommendation or, if the Commission did not make these findings, shall, at a minimum, make the findings of fact in subsection (e) of this section.

(k) **Period in Effect.** A moratorium declared by the Board shall be in effect for a period of no less than 90 days and no more than 180 days from the date that the Board takes action on the recommendation of the Commission. The Board may extend the moratorium, upon an affirmation of findings as required under (j) hereinabove, for two additional consecutive periods before holding another public hearing pursuant to the provisions of this section.

Public comments and evidence shall be reviewed to determine whether or not the findings specified in subsection (d) below can be made. The Commission shall recommend adoption, modification, or denial of the application to the Board based on the results of this review.

(b) **Concurrent Processing of Applications.** If a Master Plan amendment is necessary to authorize the proposed Regulatory Zone amendment, the Master Plan amendment and Regulatory Zone amendment may be processed and heard concurrently; however, the resolution recommending approval of the Regulatory Zone amendment must be expressly contingent on adoption of the Master Plan amendment and subsequent determination that it is in conformance with the Regional Plan as required by NRS 278.0282. Regulatory Zone amendments may also be processed concurrently with other applications (such as special use permits) and the Director shall decide the order of review.

(c) **Action.** The Commission may do any of the following. A simple majority vote of the members of the Commission present at the hearing is required for a recommendation of adoption or a denial of the amendment.

(1) **Recommend Adoption.** The Commission may adopt a resolution making the required findings and recommending adoption of the Regulatory Zone amendment to the Board. The resolution shall refer expressly to the maps, descriptive matter, or other matter intended by the Commission to constitute the amendment. Since it is only a recommendation that must be acted on by the Board, the resolution is not a final action for purposes of appeal or judicial review.
(2) **Denial.** If a motion to adopt the Regulatory Zone amendment does not achieve the required number of votes, or if a motion to deny the adoption is approved, the Regulatory Zone amendment is denied. If a Regulatory Zone amendment is denied, the Commission may (by separate motion if necessary) determine if the denial is with or without prejudice. When a Regulatory Zone amendment is denied, the Commission must give a reason why, including an explanation of which of the required findings cannot be made, either as a part of the motion, or by individual comments of the Planning Commissioners made for the record. A denial is a final action on the application and will not be referred to the Board unless appealed. A written notice of the denial shall be prepared by and filed with the Secretary, and sent to the applicant, at which time the denial may be appealed to the Board as provided in Section 110.912.20 of the Development Code.

(3) **No Action.** If no action is taken on a motion (i.e., no motion is made, all motions die for lack of a second, or a tie vote occurs and the applicant has not asked for a postponement under Commission Rules), any person aggrieved by the non-action may appeal to the Board for a decision. A written notice describing the attempts to take action shall be prepared by and filed with the Secretary, and sent to the applicant and when that is done, the non-action may be appealed to the Board as provided in Section 110.912.20 of the Development Code.

(d) **Findings.** To make a recommendation for approval, all of the following findings must be made by the Commission:

1. **Consistency with Master Plan.** The proposed amendment is in substantial compliance with the policies and action programs of the Master Plan.

2. **Compatible Land Uses.** The proposed amendment will provide for land uses compatible with (existing or planned) adjacent land uses, and will not adversely impact the public health, safety or welfare.

3. **Response to Change Conditions; more desirable use.** The proposed amendment responds to changed conditions or further studies that have occurred since the plan was adopted by the Board of County Commissioners, and the requested amendment represents a more desirable utilization of land.

4. **Availability of Facilities.** There are or are planned to be adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed amendment.

5. **No Adverse Effects.** The proposed amendment will not adversely effect the implementation of the policies and action programs of the Washoe County Master Plan.

6. **Desired Pattern of Growth.** The proposed amendment will promote the desired pattern for the orderly physical growth of the County and guides development of the County based on the projected population growth with the least amount of natural resource impairment and the efficient expenditure of funds for public services.
Section 110.821.20 Notice. Notice for a Regulatory Zone amendment shall be given as required by NRS 278.260. Owners of all real property to be noticed pursuant to this section shall be those owners identified on the latest County Assessor's ownership maps and records. Such notice is complied with when notice is sent to the last known addresses of such real property owners as identified in the latest County Assessor's records. Any person who attends the public hearing shall be considered to be legally noticed unless those persons can provide evidence that they were not notified according to the provisions of this section.

(a) In addition, a copy of the written notice shall be sent to the chief operating officer of any general improvement district serving the property.

(b) In addition, if any part of the property is within 3,000 feet of a military installation, written notice must be given to the commander of the military installation.

Section 110.821.25 Appeals to Board of County Commissioners. Any person who is aggrieved by a final decision or non-action of the Planning Commission may appeal to the Board as provided in Section 110.912.20 of the Development Code.

Section 110.821.30 Action by Board of County Commissioners. If the Commission recommends approval of a Regulatory Zone amendment, a copy of the resolution shall be filed with the County Clerk, and the Board shall review the Regulatory Zone amendment in accordance with the provisions of this section.

(a) Notice of Hearing. A public hearing shall be noticed as set forth in Section 110.821.20 of this article.

(b) Time Period for Hearing. The County Clerk shall schedule a public hearing before the Board on the recommendation of the Commission to occur within 60 days of the filing of the Planning Commission's Resolution with the County Clerk.

(c) Board Action.

(1) The Board shall adopt, adopt with modifications, or deny the proposed amendment. An adoption or denial of a proposed Regulatory Zone amendment requires an affirmative vote of a simple majority of the total membership of the Board. If the Board denies an amendment, the reason for the denial (i.e., findings which cannot be made) shall either be stated in the motion or discussed on the record by individual Board members.

(2) Adoption of a Regulatory Zone amendment shall be by resolution of the Board, which shall refer expressly to the maps, descriptive matter, or other matter intended by the Board to constitute the amendment. If the
Regulatory Zone amendment is processed concurrently with a Master Plan amendment, the approving motion shall state that the approval is subject to adoption of the Master Plan amendment. The resolution approving the Regulatory Zone amendment shall not be executed by the chair until the Master Plan amendment is adopted and a determination is made by the Regional Planning Commission that the proposed Master Plan amendment conforms to the Regional Plan.

(3) If the Board denies a Regulatory Zone amendment, a written notice shall be prepared by the Director and sent to the applicant.

(4) The final action (actual execution of a resolution to approve, or approval of a motion to deny) by the Board shall be final for purposes of judicial review. A written notice of the action by the Board shall be prepared by the Director and mailed to the applicant and a copy shall be filed with the County Clerk. The period for petitioning for judicial review then starts.

[Amended by Ord. 1554, provisions eff. 4/24/15.]

Section 110.821.35 Findings. When taking final action on the Commission's recommendation, the Board shall make part of the record its affirmation, modification or rejection of the findings of fact by the Commission, as well as any other findings of fact that the Board deems to be relevant. If the Commission made no findings, the Board shall either make the findings required for adoption of the Regulatory Zone amendment, or determine which findings cannot be made in the case of a denial either as a part of the motion or by comments of the individual Board members.

[Amended by Ord. 1554, provisions eff. 4/24/15.]

Section 110.821.40 One Year Wait on Denials. After the denial of a Regulatory Zone amendment, no application for a Regulatory Zone amendment for the same or similar amendment may be accepted for one (1) year immediately following the denial. This section shall not apply to applications denied without prejudice, which may be refilled within one (1) year.

Section 110.821.45 Modification of a Regulatory Zone Amendment. Proposed modifications of an adopted Regulatory Zone map amendment require a new application following the same procedure required for the initial application.

[Amended by Ord. 1554, provisions eff. 4/24/15.]

Section 110.821.50 Moratorium. The Board may declare a moratorium on the acceptance and processing of planning applications and/or issuance of building permits for a specific geographical area and for a specified length of time for the purposes of preparing an amendment to the Regulatory Zone map.

(a) Initiation. Only the Board or the Commission through resolution may initiate the process for declaring a moratorium for this purpose. If the Board initiates the process to declare a moratorium, it shall refer the matter to the Commission for a recommendation. A moratorium of no more than 90 days shall exist from the date of approval of a resolution.

(b) Planning Commission Hearing. The Commission shall conduct a public hearing within 60 days after it has resolved to declare a moratorium or within 60 days from the date of referral by the Board.
(c) Notice of Planning Commission Hearing. Notice of the date, time and place of the public hearing shall be published in a newspaper of general circulation in Washoe County not less than 10 days prior to the date of the public hearing to be conducted by the Commission. Such notice shall describe why the moratorium is being proposed, what the proposed moratorium shall affect, the area that is affected by the moratorium, the anticipated length of time of the moratorium, and other pertinent information in such a manner that the moratorium and its effects can be clearly identified.

(d) Planning Commission Recommendation. After completion of the public hearing by the Commission, it may recommend that the Board adopt a moratorium, modify the extent and area of the moratorium, or that the moratorium not be imposed. A recommendation to declare a moratorium shall require a simple majority vote of the members of the Commission present at the hearing.

(e) Findings. When making its recommendation for approval or modification, the Commission shall, at a minimum, make the following findings of fact:

1. The moratorium is necessary to promote the health, safety and welfare of the area described in the moratorium declaration;

2. The moratorium is necessary to permit the staff, Commission, Board and public to focus on the efficient and effective preparation of an amendment to the Regulatory Zone map; and

3. The moratorium is necessary because continued development during the proposed moratorium period possibly would result in development that may conflict with the amendment.

(f) Planning Commission Report. Within 60 days of the action by the Commission, a report describing the proposed moratorium, discussion at the public hearing, and the action and vote by the Commission shall be transmitted to the Board. Failure to report within the time limit provided in this subsection or failure to schedule a hearing within 60 days of the date of referral of the matter by the Board to the Commission shall constitute a recommendation not to declare a moratorium.

(g) Board Hearing. The County Clerk shall schedule a public hearing before the Board within 30 days of receipt of the report describing the Commission's action.

(h) Notice of Board Hearing. Notice of the date, time and place of the public hearing shall be published in a newspaper of general circulation in Washoe County not less than 10 days prior to the public hearing date. Such notice shall describe why the moratorium is being proposed, what the proposed moratorium shall affect, the area that is affected by the moratorium, the anticipated length of time of the moratorium, and other pertinent information in such a manner that the moratorium and its effects can be clearly identified.

(i) Required Vote. After completion of the public hearing by the Board, the Board may declare a moratorium by a simple majority vote of its entire membership. The final action of the Board shall be considered final for purposes of judicial review.

(j) Affirmation of Findings. In declaring a moratorium, the Board shall, at a minimum, affirm the findings of fact contained in the Commission's
recommendation or, if the Commission did not make these findings, shall, at a minimum, make the findings of fact in subsection (e) of this section.

(k) **Period in Effect.** A moratorium declared by the Board shall be in effect for a period of no less than 90 days and no more than 180 days from the date that the Board takes action on the recommendation of the Commission. The Board may extend the moratorium, upon an affirmation of findings as required under (j) hereinabove, for two additional consecutive periods before holding another public hearing pursuant to the provisions of this section.

[Amended by Ord. 1554, provisions eff. 4/24/15.]

**Section 110.821.55 Certification of Maps by Electronic Means.** Adopted Regulatory Zone maps may be certified by the Director as true and accurate originals and copies through an electronic signature.

[Amended by Ord. 1554, provisions eff. 4/24/15.]

**Section 110.821.60 Minor Amendment of Regulatory Zone map.**

(a) **Purpose of Minor Amendment.** The purpose of the minor amendment section is to provide a streamlined process for adopting changes to the Regulatory Zone map that do not have a substantive effect on the intent of the plan.

(b) **Requirements for Inclusion.** To qualify as a minor amendment under this section, the change must be:

1. A change in a boundary that is based on a geographical feature, including, without limitation, topography, slopes, hydrographic features, wetland delineation and floodplains, when evidence is produced that the mapped location of the geographical feature is in error;

2. A change made to reflect the alteration of the name of a jurisdiction, agency, department or district by the governing body, governing board or other governing authority of the jurisdiction, agency, department or district, as applicable, or by another entity authorized by law to make such an alteration;

3. An update of statistical information that is based on a new or revised study; or

4. A change made to reflect Master Plan category amendments due to properties being included in or removed from a Sphere of Influence as established in the Truckee Meadows Regional Plan.

(c) **Administrative Process.**

1. **Initiating the Process.** The Director shall have the sole authority to initiate a minor amendment to the Regulatory Zone map.

2. **Transmittal to Board of County Commissioners.** Upon making the findings required under subsection (d) of this section, the Director shall forward the minor amendment to the Board.
(d) **Findings.**

(1) The Director must find that the proposed technical revision meets one of the conditions enumerated under subsection (b).

(2) The Director must also find that the proposed minor amendment is consistent with all of the following:

   (i) Nevada Revised Statutes;

   (ii) The Truckee Meadows Regional Plan; and

   (iii) The Washoe County Master Plan.

(e) **Action by Board of County Commissioners.** The Board shall review proposed minor amendments to the Regulatory Zone map in conformance with this section.

(1) **Time Period for Hearing.** The Board shall conduct a public hearing on the proposed minor amendment within 60 days of the filing of the proposed minor amendment with the County Clerk.

(2) **Notice of Public Hearing of Minor Amendment to the Regulatory Zone map.** The notice of the public hearing on the minor amendment shall be in accordance with Section 110.821.20 of this Article.

(3) **Board of County Commissioners’ Action.** The Board may take final action to adopt or deny the minor amendment to the Regulatory Zone map. Final action to adopt the minor amendment shall be by a resolution approved by a simple majority vote of the total membership of the Board. The resolution shall refer expressly to the maps, descriptive matter, or other matter intended by the Board to constitute the minor amendment.

Section 110.822.00  Introduction. Subsequent to adoption of the updated 2002 Truckee Meadows Regional Plan, the Regional Plan Settlement Agreement Case No. CV02-03469 (hereinafter referred to as “settlement agreement”) was reached that disposed of certain litigation over the Regional Plan and related matters. Among subsequent actions required by the settlement agreement was the development of certain specific objective criteria that would establish findings necessary for zone changes within areas defined as “cooperative planning areas” in the Truckee Meadows. This is addressed in this article. The settlement agreement also required development of certain minimum development standards common throughout the entire cooperative planning area to minimize potential negative impacts of new development on existing development within the incorporated and unincorporated areas. These common minimum standards are addressed in Article 434, Regional Development Standards within Cooperative Planning Areas and all of Washoe County. Together, Articles 434 and 822 are intended to promote effective implementation of the Truckee Meadows Regional Plan of 2002 by applying specific standards and criteria, and requiring findings during the local zoning and master plan amendment process. Principle #1 of the Regional Plan, adopted May 9, 2002, states that the plan:

“...aims to limit the spread of the urban footprint and direct more development of homes and jobs toward the traditional core of the region—its downtowns, its designated Regional Centers, and its traditional transportation corridors. This strategy will redirect growth that might otherwise occur at the urban fringe; make more efficient use of land, natural resources and community services; save
money on infrastructure; reduce dependence on the private automobile; promote multi-modal transportation choices; protect air quality; conserve energy; preserve designated open space; and create more affordable communities. This strategy, which will result in a more compact form of future development, as well as a more diverse mix of uses, will provide a variety of living and working situations, and will promote human, natural and economic capital, strengthen our communities and ensure that the region’s assets are accessible to all.”

[This Section added by Ord. 1192, provisions eff. 3/21/03].

Section 110.822.05 Purpose.

(a) Articles 434 and 822 are intended to implement certain portions of the October 17, 2002 Regional Plan Settlement Agreement and to function as the master documents for the settlement agreement. These standards will be on file with all settlement signatories and the Court.

(b) The cooperative planning criteria and development standards have been developed and implemented to provide better assurance to the communities and citizens as to what, where, when and how development will occur within their neighborhoods and to what standards or criteria these areas will be developed.

(c) For the full term of the 2002 Regional Plan, the codes of Reno, Sparks and Washoe County must contain all the provisions specified in Articles 434 and 822. Codes for any of these jurisdictions may exceed these requirements, but they shall contain no provisions that contradict or weaken the effect of these provisions. Any variance to the provisions contained within this article, including any proposed modifications pursuant to special use permit or other special exception, shall be processed only as specified in NRS 278.300 (1)(c) as that statutory provision is implemented in Article 110.804 of the Washoe County Development Code and [the] corresponding provisions of the City of Sparks and City of Reno codes. Specific Plan, Transit Oriented Development, Emerging Employment Centers, Planned Unit Development or any other area within the cooperative planning areas may not be exempted from these provisions. Neither the Regional Plan nor any of the codes of the three jurisdictions, shall be amended in any way so as to negate the provisions of these articles during the term of the 2002 Regional Plan. Notwithstanding the above, any or all of these provisions may be amended through majority vote of each of the three local governing bodies.

[This Section added by Ord. 1192, provisions eff. 3/21/03].

Section 110.822.10 Applicability. The following policies apply to amendments to local master plans and zoning changes throughout the cooperative planning areas of the Truckee Meadows region, including Transit Oriented Development areas and Emerging Employment Centers within cooperative planning areas, unless the text of the specific policy states otherwise. “Cooperative Planning Areas” means:

(a) The expanded city spheres of influence (SOIs), post-May 8, 2002;

(b) Land within the unincorporated area and outside the expanded spheres of influence, but within the Truckee Meadows Service Area (TMSA) that was identified by the cities as within the “areas of interest” in the settlement agreement; and
(c) Lands annexed by a city under the provisions of NRS 268.670 outside the pre-May 9, 2002 spheres of influence, except as prescribed in the settlement agreement in Nevada Supreme Court Case No. 38749 (also known as the Verdi matter).

[This Section added by Ord. 1192, provisions eff. 3/21/03].

Section 110.822.15 Definitions. Except as otherwise noted in this subsection or in a specific section that follows, the definitions of terms used in this article are the same as the definitions on pp. 54 through 64 of the Truckee Meadows Regional Plan adopted May 9, 2002.

(a) “Development constraints areas” shall also include “earthquake fault areas” and “natural recharge areas”, as well as wetlands and areas with greater than thirty (30) percent slope.

(b) “Earthquake fault areas” are areas within fifty (50) feet of the line of a known earthquake fault.

(c) “Natural recharge areas” are areas that have been identified as a result of scientific study to be particularly important to maintaining the recharge of a particular hydrographic basin.

[This Section added by Ord. 1192, provisions eff. 3/21/03].

Section 110.822.20 Master Plan Policies and Goals, and Zoning Amendments Criteria. Local governments considering amendments within cooperative planning areas shall be required to make all the applicable findings identified in Sections 110.822.25 through 110.822.45.

[This Section added by Ord. 1192, provisions eff. 3/21/03].

Section 110.822.25 Findings for Regional Form and Pattern including Open Space.

(a) Findings for Regional Plan Policy 1.1.6 – Rural Development Area (for an amendment located within a Rural Development Area): (See subsection (i) for Truckee Meadows Service Area findings). The following findings must be made:

(1) The amendment does not allow new divisions of land that would create a parcel less than five (5) acres in size, except as allowed by existing zoning/master plan classifications and District Health Regulations as of May 9, 2002.

(2) The permitted uses do not require community water or sewage disposal systems or new publicly maintained roads or parks.

(b) Findings for Policies 1.1.8 and 2.1.1 – Development Constraints Area (for an amendment located within a Development Constraints Area). The following findings must be made:

(1) Allowed land uses are limited to communication facilities, recreational facilities, parks and open space, utilities, agriculture, forestry, mining, transportation infrastructure necessary to service development, and residential uses that are limited to a maximum density of one (1) unit per forty (40) acres or one (1) unit per parcel in existence on May 9, 2002.
(2) Open space identified for future acquisition, parkland and natural recharge areas, to the extent known, shall be maintained at current densities and be identified in the Regional Open Space Plan, local master plans and local parks master plans of the entities with jurisdiction.

(3) For any use not listed in finding (1) above: it must be found that the uses allowed by the proposed master plan and/or land use designation within the Development Constraints Area are isolated, enhance the overall design of a proposed project, and preserve as open space a two to one (2:1) ratio of non-constrained area for every constrained area that is developed.

(c) Findings for Policies 1.1.9 and 2.2.1 – Slope Management (15 percent to 30 percent) (for an amendment with identified slopes in excess of 15 percent). The following findings must be made:

(1) The local government making the amendment already has in effect an applicable adopted Slope Management Plan for slopes greater than fifteen (15) percent but less than thirty (30) percent that includes the entire area in which the amendment is proposed and that has been found in conformance with the Regional Plan. To be found in conformance, that Slope Management Plan must contain, at a minimum:

   (i) Provisions sufficient to ensure full compatibility with the development standards contained in Article 434 throughout the entire area of the Slope Management Plan.

   (ii) Additional requirements, including proposed and prohibited land use (both master plan and zoning, if different) and a map, sufficient to mitigate the visual impact of the Visually Important Ridgeline area development on existing developed areas and ensure that, at a minimum, throughout the entire area of the Slope Management Plan and its plan. Development on such slopes will not degrade the scenic, public safety, and environmental values of the area to be developed, and the region as a whole.

   (●) Development on such slopes incorporates on-site and off-site mitigation measures for impacts to habitat and water quality, and for fiscal effects associated with higher-than-normal costs of infrastructure, public safety facilities, and public safety services on slopes greater than fifteen (15) percent but less than thirty (30) percent.

   (●) Recharge areas are protected; and development in recharge areas is discouraged and, if it occurs, the impact on recharge is fully mitigated.

   (●) Activities comply with the terms of National Pollutant Discharge Elimination System (NPDES) permits.

   (iii) An impact assessment that reasonably shows that, at buildout, the management strategy will assure that above requirements of subsection (ii) will be met.
(2) The amendment is in conformance with that Slope Management Plan.

(d) Findings for Policies 1.1.12 and 1.2.16 – Emerging Employment Centers (for an amendment in an area identified as an Emerging Employment Center). The following findings must be made:

(1) The local government making the amendment already has in effect an applicable adopted development plan for the entire Emerging Employment Center in which the amendment is proposed, and which has been found in conformance with the Regional Plan. To be found in conformance, that Emerging Employment Center plan must contain, at a minimum, applicable throughout the entire area of the Emerging Employment Center:

(i) Requirements, including proposed and prohibited land use (both master plan and zoning, if different) and a map, sufficient to mitigate the visual impact of the Emerging Employment Center area development on existing developed areas and ensure that, at a minimum, throughout the entire area of the Emerging Employment Center and its plan:

- Adequate non-residential land supply;
- Convenient access to major roads and/or freeways;
- Pedestrian connections throughout the areas and to nearby residential areas;
- A plan for transit service;
- Adequate residential land supply in the surrounding area to house the anticipated number of employees;
- Maintenance of the character of nearby standards; and
- Compatibility with reverse commute and trip reduction strategies.

(ii) An impact assessment that reasonably shows that, at buildout, the management strategy will assure that requirements of subsection (i) will be met.

(iii) A professional economic analysis has been provided that reasonably shows that, at buildout, the tax revenues for both the city and Washoe County, generated by the uses and resident population of the Emerging Employment Center, shall meet or exceed the costs of services provided by city and county government to the uses and to the resident population in the Emerging Employment Center. These costs shall include costs for both the maintenance and replacement of infrastructure. If this analysis requires intensity to meet this condition, the intensity is specifically required by the plan.
(iv) All utilities that will be providing services to the Emerging Employment Center have submitted statements that, under the rates and fee structure of the utility, the cost of providing service to the Emerging Employment Center will not be shifted onto ratepayers in other areas.

(2) The amendment is in conformance with that plan.

(e) Findings for Regional Plan Policy 1.2.1 – Desired population and employment distribution and Jobs/Housing balance. The amendment must demonstrate that it will contribute to, and further the achievement of the purposes of, Regional Plan Policy 1.2.1 through application of the following criteria:

(1) The amendment shall provide a detailed up-to-date assessment of the impact on the desired population, housing and employment distribution articulated in Regional Plan Policy 1.2.1. The model for this review shall be developed, maintained and updated annually by the Truckee Meadows Regional Planning Agency, in cooperation with local governments and affected entities. This annual update shall also assess where and how the cost of housing has been impacted by the Regional Plan policies.

(2) The amendment must make a finding that the distribution of population, housing and employment envisioned in Regional Plan Policy 1.2.1 will be reinforced by the proposed amendment. Infill projects inside the McCarran Ring should be encouraged, and development outside should be discouraged, until such time as the infill growth standard is met or exceeded.

(f) Findings for Regional Plan Policy 1.2.12 – Regional Centers (for an amendment within an identified Regional Center).

(1) The local government making the amendment already has, in effect, an applicable adopted development plan for the entire Regional Center in which the amendment is proposed and that Regional Center plan has been found in conformance with the Regional Plan. To be found in conformance, that Regional Center plan must contain, at a minimum, applicable throughout the entire area of the Regional Center:

(i) Requirements, including proposed and prohibited land use (both master plan and zoning, if different) and a map, sufficient to ensure that, at a minimum, applicable throughout the entire area of the Regional Center and its plan:

(●) Minimum residential densities for new development of eighteen (18) units per acre of residential, residential and for average densities of thirty (30) units per acre of residential within the entire area of the Regional Center plan;

(●) Minimum floor area ratios (FAR) for non-residential developments and mixed use developments of 1.5 FAR;
(●) Multi-modal transportation including future transit support where called for by the Regional Transportation Commission planning (supporting statement by Regional Transportation Commission required); and

(●) The required intensity and other features of the buildout under the plan is not detrimental to the character of any adjacent, existing communities.

(ii) An impact assessment that reasonably shows that, at buildout, the Regional Center plan will assure that requirements of subsection (i) will be met.

(iii) A professional economic analysis has been provided that reasonably shows that, at buildout, the tax revenues for both the city and Washoe County, generated by the uses and resident population of the Regional Center, shall meet or exceed the costs of services provided by city and county government to the uses and to the resident population in the Regional Center. These costs shall include costs for both the maintenance and replacement of infrastructure. If this analysis requires intensity to meet this condition, the intensity is specifically required by the plan.

(iv) All utilities that will be providing services to the Regional Center have submitted statements that, under the rates and fee structure of the utility, the cost of providing service to the Regional Center will not be shifted onto ratepayers in other areas.

(2) The amendment is in full conformance with that plan.

(g) Findings for Regional Plan Policies 1.2.8, 1.2.9 and 1.2.12 – Transit Oriented Development Corridors (for an amendment within a Transit Oriented Development). The amendment must be found to make a significant positive contribution to achieving the purposes and objectives of the Transit Oriented Development Corridors. The following findings must be made:

(1) The local government making the amendment already has, in effect, an applicable adopted development plan for the entire Transit Oriented Development Corridor in which the amendment is proposed; and that plan has been found in conformance with the Regional Plan. To be found in conformance, that Transit Oriented Development Corridor plan must contain, at a minimum, applicable throughout the entire area of the Transit Oriented Development corridor and plan:

(i) Requirements, including proposed and prohibited land use (both master plan and zoning, if different) and a map, sufficient to ensure that, at a minimum:

(●) Minimum residential densities for new development of eighteen (18) units per acre of residential, residential and for average densities of thirty (30) units per acre of
residential within the entire area of the Transit Oriented Development Corridor Plan;

(●) Minimum floor area ratios (FAR) for non-residential developments and mixed use developments of 1.5 FAR;

(●) Within one-quarter mile of a designated transportation route, as identified in Regional Plan Policy 1.2.8;

(●) The required intensity and other features of the buildout under the plan is not detrimental to the character of any adjacent, existing communities;

(●) Compatibility with avigation and operational requirements of the Airport Authority of Washoe County (supporting statement by Airport Authority required);

(●) Land use and design that supports and enhances multi-modal transportation, including future transit, and that is compatible with Regional Transportation Commission planning (supporting statement by Regional Planning Commission required); and

(●) Human scale design.

(ii) An impact assessment that reasonably shows that, at buildout, the Regional Center plan will assure that requirements of subsection (i) will be met.

(2) The amendment is in conformance with the adopted conforming Transit Oriented Development Corridor Plan.

(h) Findings for properties identified as potential Open Space within the adopted Regional Open Space Plan:

(1) A finding that the property owner has noticed local, regional, state, national and federal organizations charged with the mission of maintaining or enhancing open space in this region that an amendment to the cooperative plan to change zoning will be submitted.

(2) Open space identified for future acquisition, parkland and natural recharge areas, to the extent known, shall be maintained at current densities and identified on the Regional Open Space Plan, local master plans and local parks master plans of the entities with jurisdiction.
