

DON'T WAIT... VACCINATE.

Per Nevada law, unless excused because of religious belief or medical condition, a child may not be enrolled in a public, private, or charter school until they have been vaccinated with the required vaccines. This list is available at: [ImmunizeNevada.org/NVSchoolRequirements](https://immunizenevada.org/NVSchoolRequirements)

Are you worried about the cost?

The Affordable Care Act (ACA) requires most insurance plans to cover the cost of all recommended vaccines (including seasonal flu) without charging a deductible, copayment or coinsurance. Most are no cost as long as they are administered by an "in-network" provider.

Children younger than 19 years of age qualify for the Nevada Vaccines for Children (VFC) program if they are Medicaid-eligible, American Indian or Alaska Native or are without health insurance. "Underinsured" children who have health insurance that does not cover vaccination can receive VFC vaccines through Federally Qualified Health Centers (FQHC) or Rural Health Centers.

Visit your healthcare provider.

Make an appointment now and avoid the back to school rush. Check with your health insurance for providers near you. If you do not have insurance, visit VFCnevada.org to find one in your zip code.

Contact your local health department or community health nurse.

Local health departments and community health clinics offer immunizations by appointment and/or walk-in hours. Contact for location specific information:

Washoe County: washoecounty.us/health or (775) 328-2402

Carson City: gethealthycarsoncity.org/clinic/immunizations or (775) 887-2190

Douglas County: doughlascountynv.gov or (775) 782-9038

Clark County: snhd.info/immunizations or (702) 759-0850

Community Health Clinics: health.nv.gov/Nursing_ClinicLocations.htm or (775) 687-5162

Visit your local pharmacy.

vaccine.healthmap.org can help find a location near your zip code. Most pharmacies take insurance and vaccinate school aged children; call first for hours and vaccines available.

Visit a community event.

The calendar at immunizenevada.org lists community events with low or no cost vaccines and is updated weekly.

Need your child's immunization records?

If you cannot find or do not have immunization records visit the Nevada WebIZ parent portal at izrecord.nv.gov or call the Nevada WebIZ helpdesk at 1-877-689-3249 to request a copy.

Things to bring with you:

Your insurance card (including Nevada Checkup and Medicaid) or information if you have it. Your child's immunization records if you are new or recently moved to Nevada.
