COVID-19 TESTING

What if you have symptoms?
If you have symptoms such as fever, cough and shortness of breath, and you think it might be COVID-19, please take the following steps.

1. Call your health care provider or telemedicine provider. Always call before you visit.
2. Or call the COVID-19 Hotline at 775-328-2427 24/7.
3. Either the Health District or your provider will ask about your symptoms and travel history.
4. If needed, the Health District or your provider will test you for COVID-19.
5. The place where you were tested will notify you of the results.
6. If positive, the Health District will investigate, reach out to contacts and discuss self-isolation.
7. Positive cases will be monitored by the Health District until released from self-isolation.

Prevent contracting COVID-19
Wash hands with soap and water for at least 20 seconds, cough or sneeze into your elbow, avoid touching your face and stay home if you are sick.
