CLASS SPECIFICATION

DIVISION DIRECTOR – CCHS

DEFINITION

Under administrative direction, plans new programs and services and manages existing programs and functions of the Community and Clinical Health Services Division; and performs related work as required.

EXPERIENCE AND TRAINING REQUIREMENTS

Graduation from an accredited college or university with a bachelor's degree in Nursing and five years of full-time progressively responsible public health experience, which includes two years of management or supervisory experience in public health; OR an equivalent combination of training and experience.

LICENSE OR CERTIFICATE

A valid Nevada Registered Nurse license.

SUPERVISION EXERCISED

This class serves as the Division Director for the Community and Health Services Division in the Washoe County District Health Department.

EXAMPLES OF DUTIES (The following is used as a partial description and is not restrictive as to duties required.)

Direct the development, implementation, and evaluation of public health nursing services and other Division programs.

Analyze data concerning community health needs and direct the development of plans to meet those needs.

Consult with other Public Health management staff to meet community health needs, evaluate the effectiveness of current public health policies and practices, and formulate new policies.

Ensure assigned program compliance with federal and state rules, regulations, and standards, including personnel and licensure requirements.

Develop policies and procedures for the division to ensure the efficient delivery of services to the community.

Direct the preparation of reports and prepare reports for division programs.

Review/revise grants, contracts, and agreements.

Consult with program staff and managers to develop grant funded and contract programs, discussing problems and changes, and reviewing compliance with program objectives.

Meet with federal and state representatives regarding grant proposals, requirements, goals, and objectives to optimize grant funding available for health related programs.

Plan, develop, and monitor the Division's budget, reviewing and approving expenditures/requisitions, analyzing cost of services, developing more cost efficient service delivery systems, and working with the Administrative Unit as necessary.
Organize, direct, and review the work of the supervisory nursing staff, including evaluating and reviewing their job performance and counseling employees and advising staff on the interpretation and application of agency policies and public health laws and regulations.

Work with the District Health Board, District Health Officer, and management staff in policy, program, and services development.

Make recommendations to the District Health Officer regarding legislative issues; testify before the legislature; and develop language for bill draft proposals and discuss issues with legislators.

Work with federal, state, and county agencies, professional groups, and other organizations concerned with the improvement of nursing and health services for Washoe County.

Represent the Division/Department and public health in high level meetings and conferences with local, state, and/or national groups, including legislative bodies.
