PARK PROJECT AND SAFETY COORDINATOR

DEFINITION

Under general direction of the Park Maintenance Supervisors and District Park Managers, manages the Playground Safety Program as well as park projects related to infrastructure preservation and other non-capital projects; and performs related work as required.

EXPERIENCE AND TRAINING REQUIREMENTS

An associate’s degree in project management, park planning, construction, landscape architecture or related field AND four years of progressively responsible experience in construction management, park project management, park planning, playground safety or related experience; OR an equivalent combination of education and experience.

LICENSE OR CERTIFICATE

A valid driver’s license is required at the time of appointment.

A Certified Playground Safety Inspector (CPSI) certification must be obtained within 6 months of appointment.

SUPERVISION EXERCISED

Exercises technical and lead direction over seasonal staff, volunteers, interns and/or inmate work crews.

EXAMPLES OF DUTIES (The following is used as a partial description and is not restrictive as to duties required.)

Perform monthly and annual inspections of all playground equipment within Washoe County Parks to ensure compliance with all applicable guidelines and standards.

Maintain an inventory of inspections and create a data base for maintaining records of inspections.

Perform general maintenance and repair of playgrounds within scope of knowledge; coordinate with others to ensure that all other general maintenance is being completed in a timely and cost-effective manner.

Order parts, equipment and supplies to be used in the maintenance and repair of playgrounds.

Initiate park infrastructure preservation projects based on a prioritized list; work closely with field staff to verify needs and to ensure that work is completed within the estimated budget.

Initiate park project construction by conducting meetings with prospective contractors and County representatives to review specifications, general construction procedures and ensure compliance with Washoe County regulations.

Review scope of work, obtain quotes for services, approve change orders and coordinate project timelines with all potential stakeholders.
Conduct on-site inspections of construction projects in progress, ensuring conformance with specifications and contract terms.

Maintain records and prepare reports.

Respond to public inquiries in a respectful and courteous manner; provide accurate information within the area of assignment; resolve complaints in an efficient and timely manner.
