Randall Todd – MD, narrated a PowerPoint® presentation (copy on file) which provided an overview of the various department and functions of Washoe County Health District.
Debra Barone – Saint Mary’s Regional Medical Center, left the meeting at 9:36 a.m.

Dr. Todd outlined the definition of Public Health, which has many different meanings depending on one’s experience. The official definition is the interdisciplinary approach to health care that includes doctors, nurses, educators and other health care professions to improve and protect the public health.

Mary Kandaras – Deputy District Attorney, rejoined the meeting at 9:37 a.m.

Dr. Todd noted that while a health district does not compete with private health care providers the health district may provide such care where private health is not available. The WCHD is governed by a Board of Directors and was formed in the 1970’s rather than having each of the local jurisdictions (Cities of Reno, Sparks and unincorporated Washoe County) forming individual programs. Dr Todd then defined the five (5) divisions; Air Quality, Environmental, Epidemiology, Public Health, and Administration. Among the varied activities performed by WCHD is mosquito abatement, restaurant inspections, over-the-counter drug sales tracking and responses to various diseases using a variety of data resources. For example the over-the-counter drug sales monitoring is critical in detecting the early stages of what might become an epidemic or bio-terrorist attack. Dr. Todd provided examples of past bio-terrorist attacks dating back to the 1700’s and pointed out that the use of bio-terrorism is intended to confuse and panic the public. Dr. Todd the noted that WCHD also oversees sensitive areas of employment to limit potential exposure to a variety of communicable diseases.

Mary Kandaras – Deputy District Attorney, left the meeting at 9:58 a.m.

Dr. Todd concluded by noting that all persons in Washoe County were clients of WCHD.

Ms. Kandaras rejoined the meeting at 9:59 a.m.

from participating. Additionally, without the names of attendees Ms. Ludwig cannot promise that expenses will be reimbursed. Due to the short turn-around time with the grant end date, registration receipts and supporting documentation must be received no later than October 28, 2011.
