2. REVIEW AND APPROVAL OF GRANTS AND FINANCE SUBCOMMITTEE MEMBERSHIP LIST TO INCLUDE REPLACEMENT OF EXISTING MEMBERS WITH NEW MEMBERS

Cathy Ludwig – Grants Administrator, commented that the newly appointed positions would replace retiring members as well as those that have been reassigned within their respective departments.

Chair Alameda outlined the new member list: Steve Keefer – replacing Robin Pagni for Sparks Police Department; Darrin Rice replacing Russ Pedersen from Washoe County Sheriff’s Office; Bob Knoll replacing Joe DuRousseau – Reno Fire Department.

Ms. Ludwig noted that Mike Mieras – Washoe County School District was listed as both a primary and alternate for Washoe County School District Police and Emergency Management. Although the item is listed as an action item the LEPC (Local Emergency Planning Committee) bylaws allow the Grants and Finance Subcommittee Chair to appoint members without any specific action.

Chair Alameda commented that Chief Bob Knoll – Reno Fire, had agreed to withdraw the Reno Fire Urban Search and Rescue radio request totaling $15,024.50.

Tim Busch – Sparks HazMat commented that he found some applications that might not meet the HazMat requirement of the grant.

Cathy Ludwig – Grants Administrator, explained that applicants had been asked to submit detailed information on how their specific request could be tied to Hazardous Materials response or incidents. Those responses are appended to the handout (copy on file) provided to the board.

Darrin Rice – Washoe County Sheriff’s Office, stated that the Kenwood radio request in the amount of $5,115.00 could be reduced or removed if necessary.

Val Moser – Washoe County Sheriff’s Office, suggested that the number of extra large coveralls be reduced sixteen (16) to fourteen (14).

Ms. Ludwig noted that $4,000.00 of the grant was used for operational expenses: 1) $2,750.00 for SERC (State Emergency Response Commission) administration; and 2) $1,250.00 for transcription services (Robert Cox). Ms. Ludwig then noted that Washoe County Sheriff’s Office had combined a mid-cycle request with their 2009 grant request for additional radios for the detention center, due to the fact that the radios were not a eligible request within the mid-cycle grants.

There was some discussion about number of fanny packs included in the Reno Fire Urban Search and Rescue request. It was suggested that the number of fanny packs be reduced from forty-eight (48) to thirty-eight (38). A recalculation of the total grant request resulted in a consensus to not decrease the number of Tychem coveralls request. As the discussion continued, it was suggested that Reno Police either absorb a portion of the shipping or reduce the number of monocles.

Joe DuRousseau – Reno Fire joined the meeting at 9:31 a.m.

Trenton Johnson – Reno Police Department, reduced the number of monocles from 200 to 198.

Ms. Ludwig noted the final grant application totaled $29,936.77 plus $4,000.00 for operational expenses.
