6. **BRIEFING FROM THE HOMELAND SECURITY CAPABILITY AND REVIEW WORKING GROUP ON THE FY (FISCAL YEAR) 2006 INVESTMENT JUSTIFICATION PROGRESS AS MANDATED IN THE FY 2006 GRANT APPLICATION**

Jim Lopey commented that a demonstration of the TEWS (Terror Early Warning System) system was scheduled May 30 and 31, 2006, in Las Vegas (Nevada). It is unclear how much if any expense will be reimbursed by Department of Emergency Management. Mr. Lopey outlined the priority items identified in the grant application including, but not limited to: interoperable communications, TEWS, and Statewatch. Assistant Sheriff Lopey noted that the statewide application of Statewatch would enable law enforcement to better analyze, review and understand intelligence as well as disseminate pertinent data. It is expected that the final grant funding levels will be determined within the next month.

7. **UPDATE ON RED CROSS REGIONAL DISASTER FIELD SUPPLY CENTER**

Michael Hurick, American Red Cross, commented that the National American Red Cross had approved a Regional Disaster Field Supply Center in the Truckee Meadows. Mr. Hurick noted that while the facility will be managed by the Local Chapter of the American Red Cross, supplies stored there can only be used locally in the event of a major catastrophe disaster. Therefore, local funding and supply acquisition efforts must continued.

John Slaughter, Washoe County Management Services, joined the meeting at 9:30 a.m.

Mr. Hurick then outlined the exposure such a facility would bring to the Truckee Meadows noting that the storage facility would be the only one west of the Mississippi capable of handling disaster of Hurricane Katrina’s magnitude. Although Mr. Hurick believes there will be a press release and grand opening ceremony with photographic opportunities, Mr. Hurick does not wish to have its location and materials well known. Responding to Assistant Sheriff Lopey’s inquiry about security, Mr. Hurick explained that the issue had been brought to the attention of the National Organization.

Jim Gubbels suggested that portions of the minutes be stricken from the public record.

Nathan Edwards, Deputy District Attorney, explained that he would have to research the matter before sealing or striking anything because there may not be a legal basis to seal or strike information simply because it is possibly sensitive.

8. **UPDATE ON REGIONAL EMERGENCY MANAGEMENT EVENTS**

Aaron Kenneston provided a handout (copy on file at the Regional Emergency Operations Center) of upcoming activities to those present noting that the May 17, 2006, training event had been successfully completed.

9. PRESENTATION BY DISTRICT HEALTH DEPARTMENT - An overview of the “Regional Pandemic Flu Plan”

Jim Miller, Washoe County District Health Department, narrated a PowerPoint presentation (copy on file at the Regional Emergency Operations Center). Mr. Miller emphasized the need to develop contingency operations and business contingency plans in the event of a pandemic, which could reduce first response staffing levels by a minimum of +25-percent as well as overwhelming the region’s ability to provide medical services. Mr. Miller outlined the minimum eight (8) and maximum twelve (12) weeks of the pandemic and emphasized the need to take protective measures when any flu symptoms are present (e.g., frequent hand-washing, covering nose and mouth when sneezing or coughing).

10. LEPC (Local Emergency Planning Committee) OFFICERS’ COMMENTS *

None.

11. PUBLIC COMMENTS *

James Lopey expressed his concern that certain planning activities could become widely known and suggested that there are certain discussions and information that, in his opinion, should be kept out of the public domain.

Jim Gubbels noted that legal counsel (Nathan Edwards, Deputy District Attorney) had committed to a review and report on the matter.

Robert Cullins outlined his concern that his leaving for the restroom and the documentation of members leaving, returning and/or joining meetings was inappropriate and asked why that information should be included in the meeting minutes.

Nathan Edwards, Deputy District Attorney, explained that NRS (Nevada Revised Statutes) 251 required that both meeting attendance and absence must be recorded in meeting minutes.

Robert Cox, Recording Secretary, explained that the information was included in the all meeting minutes he transcribes since the absence of one or more members can affect the meeting quorum. Additionally, the information also serves to identify which portions of a discussion and/or action being taken an individual might have missed.

Mr. Cullins noted that different individuals had left the meeting today (May 18, 2006) and that he presumed their actions would be duly noted in the minutes.

(Note: the Recording Secretary did not observe anyone leaving the meeting).
