EXPLORER

Is it spring yet? All of us in the Truckee Meadows are looking forward to longer days and higher temperatures after our cold and snowy winter. If you have been holed up at home staying warm, now is the perfect time for another visit to your favorite libraries for a full calendar of spring events.

In March, we celebrate the North Valleys Library's golden jubilee. The branch, which serves communities stretching from Panther Valley to Red Rock, opened in March 1973 as the Stead Branch as a partnership with Western Nevada Community College. The South Valleys Library, one of our newest libraries, will celebrate 20 years in May. See page 5 for more information.

Our newest service is already one of our most popular -- Nevada State Park Library Park Passes! This initiative is made possible by the Department of Conservation and Natural Resources, and provides each of our branches with two passes available for you to check out to use for free admission to any Nevada State Park. (see page 4)

Another exciting new initiative is "My First Library Card," in partnership with Renown Health. Beginning this spring, new babies and their families will go home from the hospital with a special-edition library card that can be used immediately for barrier-free access to library resources and help families raise new readers.

The spring Explorer is filled with events for all ages. Our partnerships with organizations like the Nevada Historical Society, Pioneer Center Youth Programs, and the Historic Reno Preservation Society help us to bring a variety of musical, historical, and cultural programs. You'll also find incredible offerings from the talented teams at all of our branches, and our popular Stay & Play has returned to all Story Times. In May, we celebrate Older Americans Month with a series of events just for seniors. A complete listing of events begins on page 16; visit washoecountylibrary.us/events for more information or to register.

While we had hoped that the remodeled Sierra View Library would be open before this issue of the Explorer went to press, a new rear entrance for the library encountered unexpected challenges once walls started to be removed. The project is on track and Sierra View is looking forward to welcoming you back later this spring.

For updates on the Sierra View Library, celebrations at North Valleys and South Valleys, and all of our latest news and events, be sure to subscribe to our newsletter and follow us on social media. You can find more information on our website. Happy reading, and we'll see you in the stacks!

There's More to the Story

Libraries are full of stories in a variety of formats from picture books to large print, audiobooks to ebooks, and more. But there's so much more to the story. Library programming brings communities together for entertainment, education, and connection through book clubs, story times, arts and crafts, and lectures. Library infrastructure advances communities, providing internet and technology access, literacy skills, and support for businesses, job seekers, and entrepreneurs. Visit a branch and learn more!

Introducing...

Nevada State Parks Library Park Pass

Nevada State Parks is excited to announce the launch of the Library Park Pass pilot program.

Love books and the outdoors? Now, Nevada residents can "check out" a Library Park Pass to get free access to 27 Nevada State Parks. All you need is a library card! The passes are available to all Washoe County Library card holders and may be borrowed for one week, then returned to the library for others to check out. For more info, visit washoecountylibrary.us/parkpass.

My First Library Card

Washoe County Library and Renown Health are excited to help you welcome your new baby into the world!

Washoe County Library wants to make it easy for new parents to share the joy of reading with their growing family. That is why we have partnered with Renown Health to welcome new babies with their very first library card! We encourage you to talk, sing, read, write, and play with your child every day. This card will help prepare them to read and learn for the rest of their life!

Anniversaries & Celebrations

2023 is the 20th anniversary of the South Valleys Library! The branch opened on May 14, 2003 and was the first free-standing branch built in Washoe County in over 30 years. A voter-approved bond provided the funding for the new South Valleys location. Visit the branch in May and enjoy the displays and photo slideshow dedicated to 20 years of serving the community.

Celebrating 50 Years of Library Service in the North Valleys

1973-2023

The North Valleys Library is celebrating its 50th anniversary of service. The third-longest established branch of the Washoe County Library System, the North Valleys Library, originally known as the Stead Branch Library, had small beginnings. The branch was approved by the Board of County Commissioners in 1972. Washoe County Library System received a grant to open in a borrowed space in Stead on the University of Nevada campus, close to today's Reno-Stead Airport.

The branch opened in March 1973. The small space featured both children's and adult reading rooms and housed a collection of 30,000 books and materials. This collection was rehomed from the Downtown Reno Library. The Nevada System of Higher Education operated next to the library and the branch partnered with Western Nevada Community College to provide library service to students and faculty.

The branch originally served the areas now known collectively as the "North Valleys" in Reno, including Panther Valley, Lemmon Valley, Sun Valley, Raleigh Heights, Golden Valley, Anderson Acres, Silver Knolls, Stead, and the community once known as Black Springs. Today our service area has expanded to include the communities of Red Rock and Cold Springs.

Three bookmobiles providing service to all of Washoe County and neighboring Douglas, Lyon, and Storey counties also operated out of the Stead Branch Library.

After opening, the Stead Branch Library quickly became a popular gathering place for community members and families in the North Valleys. The annual Halloween trick-or-treat parade, still a family favorite after 50 years, began in 1973 at the Stead Branch Library.

In a time when we often notice how much libraries have changed over the years, looking back on 50 years of service we learn that while we have grown, we still maintain the longstanding traditions of library service. In the 1970s Stead Library provided weekly story times, annual celebrations, gallery space for local art, access to print materials, and a community meeting place.

Throughout 2023, the North Valleys Library will be hosting interactive displays, events, and celebrations in honor of our service. This anniversary would not be possible without each community member who supports our libraries, and we hope you'll join us in this celebration.

- Jonnica Bowen, Branch Manager, North Valleys Library
