- Optional: cotton balls, glitter glue, paint, etc.

Directions:

1. Collect sticks outside that have fallen on the ground. Break the sticks into smaller pieces so you can arrange them into a tree on paper.
2. Glue sticks to your paper so it looks like a tree. Have various shapes and lengths of branches and twigs.

3. Use your coloring utensils to decorate the background to make a winter scene. You can use cotton balls or paint as snow, glitter to mimics the glittering snow, etc. Have fun with it!
