Leslie Williams provided the Deputy District Attorney’s response to two questions posed at the last meeting; “Is it required for the Executive Board to agendize their meeting with the Director?” and “Would it be a conflict of interest to have one board member serve on both the Washoe County Senior Services Advisory board and they City of Reno Senior Citizens Advisory Committee?” According to the By-Laws, when the Executive Board of the Washoe County Advisory Board convenes to set the agenda with the director, there is no need to agendize the meeting provided there is no action taken or discussion on action on agenda topics that are to be discussed in the meeting. With regards to a member sitting on both boards, there is no legal prohibition; however, there could possibly be a conflict of interest.

9. Director’s Update – Grady Tarbutton and Leslie Williams
   a. Announcement on timelines and process for the recruitment of vacant positions on the Advisory Board – The vacancies will be posted tomorrow, November 5th, 2015, and will be closed November 20th, to allow enough time for interested parties to apply and have the applications ready for review by board members the next Advisory Board meeting.
   b. Discussion of orientation of new Advisory Board Members - Due to the holidays, the BCC will be working on a reduced schedule, the recommendations are anticipated to go before the Board in January. Once the Board of County Commissioners appoints new members, Leslie recommended scheduling a special meeting to train and conduct an orientation for the new members.
   c. Update on Senior Services Transition Plan – Due to Kevin Schiller’s absence, he provided the group with a memo Leslie Williams summarized for the group. A fundamental review was conducted five years ago with a specific emphasis on Senior
Services and the funding. Because the funding has been flat a focus on Senior Services and how to make it sustainable was recommended. The fundamental review recommended Social and Senior Services integrate into a single Human Services Agency which would allocated indigent funds to Senior Services through a collaboration with Adult Services. The addition of Indigent funding has allowed the expansion of the Nutrition and Daybreak Programs. The next step will be the change of the County Code that will allow the integration of the departments to create a Human Services Department. The first reading of proposed changes will be going before the County Commissioners in January.

d. **Washoe County Strategic Plan Goal Team #2 Update** – The County Commission has six (6) strategic goals, which are oriented towards keeping pace with the rising senior population. Leslie Williams provided the group with a printout of the initiatives and action items that are currently being worked on across the county departments. Leslie Williams emphasized there are multiple departments throughout the county that are actively working to support seniors throughout Washoe County. The two main initiatives are to increase the number of meals served that will decrease the gap in meals needed and address hunger in seniors. The FY16 goal is to serve 416,000 meals. The Library has established a goal of creating senior specific computer training class. The first of the series has already taken place, with an 8 week course of one weekly class. The pilot run was successful; there is currently a waiting list of 55 seniors for the next class. The Library Board also approved expanded hours for the library at the Reno Center, along with the approval of an increase of the number of computers available. There is also an initiative for leveraging funding for Medicaid Match. There is currently Medicaid funding for the Daybreak Program. The Department has negotiated a contract with Medicaid that would allow Senior Services to pursue administrative claiming funds for activities performed by the administrative staff that assists clients with referrals and resources. Partnerships with non-profits are also a focus. An example, the partnership with Catholic Charities and the expansion of the Nutrition Program by opening up two new meal sites. There is also a team that is actively reaching out to other county departments to identify programs and services currently provided to seniors in order to compile a resource list that can be made available to seniors.

e. **Senior Services Budget Update** – The Advisory Board was provided an update on the different Senior Services programs. An update on the indigent funds supporting the nutrition and social services programs. Adult Services staff members are also assigned to assist in the assessment and eligibility of home delivered meal clients. The indigent fund also funded the Community Health Aide position in Daybreak, which is also helping clear the wait list for the program. Indigent funds have provided 40% match required from the Community Development Block Grant for the Rural Senior Volunteer Ambassador Program. Indigent funds also support a contract for a community nurse from the Northern Nevada Hopes Clinic to provide blood pressure clinics and medication management services.

f. **Grants and projects update** – A report detailing units of services provided to clients was provided to the Board.
g. **Status of program waitlists** – Due to the partnership with Adult Social Services, the waiting list for Home Delivered meals has been cleared. The waitlist for Daybreak has been reduced from 7 to 4 clients. Case management is still high but Senior Services is currently going out to bid for new contracts. The intent is to identify three homemaker providers rather than two to reduce the wait list.

h. **Other updates** – No other updates were provided.
